Change your ATTITUDE. Change your BUSINESS.
Change your FUTURE. What's stopping you from making the changes your business needs to thrive? The most dangerous move in business is the failure to make a move at all. The history of business is filled with companies that are no more because their leaders refused to enact change when the writing was on the wall. Fear. Apathy. Lack of personal responsibility. These simple human flaws can turn a good company into a dead company. The writing on the wall has never been clearer

than it is now—and marketing phenomenon Jeffrey Hayzlett is on a mission to make you see it, understand it, and heed it. Today's business environment is so competitive and volatile that you can't afford to be satisfied with business as usual. You must make changes now to compete in the future. Building on the principles and concepts in his first book *The Mirror Test*, Hayzlett takes you on a step-by-step journey to:

- Develop a "takeover mentality" for your business
- Summon the vision and courage necessary for driving change
- Sharpen the mental and emotional toughness to make strategic, lasting change
- Execute the right changes and deal with any disruptions they might cause
- Sustain and manage your company's new-found momentum

Change is already happening all around you—to products, to organizations, to entire industries. Eventually, it will happen to your company, whether from outside forces or your own initiative. You've always had the ability to institute positive change in your company. Now, with *Running the Gauntlet*, you have the inspiration and knowledge to make it happen and take control of it—instead of letting it control you. Praise for *Running*

Your Choice, Your Voice, Our Future What I am offering Maine is nothing like what others who have run for this position have offered. I have never wanted someone to be my voice, and I do not offer to be yours. I am using this opportunity to shine light on the system that creates a stage for elites and keeps everyone else from having a voice. I am running for Governor of Maine to educate, and if we win, I am smashing the stage so everyone may have their voice heard equally. Our system is disenfranchising, falsely binary, oppressive, and fraught with contention and slavery. We can rise against this or we can continue on the same path. It has been the result of the American system that generation after generation left this nation (and the world) freer and more prosperous than the last. We cast off race-based slavery, we have destroyed the notion that one gender should rule while the other obeys, we had built a nation of rights and freedom... but, we have backslidened. Our nation is not better off than it was a generation ago. We are in unprecedented debt, have resurfaced racism and sexism, we have instilled a class warfare, and we are being oppressed by fascism and authoritarians. Generation X and Millennials have less opportunity, less ability to grow and flourish, and less unity than our grandparents. We have been slowly taken over by a rotting infestation of cronies, puppet masters, propogandists, and dictators. As our nations becomes more centralized, Maine can stand in opposition. We have an opportunity to demonstrate what America has lost. Maine has strong educators, doctors, nurses, social workers, counselors, laborers of all types, and most respectably, we have strong work and moral ethics. Our State has diversity and a will to surpass obstacles and be reveled across

the nation and world. We need the will to see an opportunity through the despair. By continuing what we do best, by growing rather than contracting, by embracing innovation and adaptation rather than antiquity and failed ideas, we can guide America back to prosperity. Maine can be the economic engine of tomorrow's America. Through this book, we have covered Education, Healthcare, ideological spectrums, Corrections, Rehabilitation, Culture, Community, politics, Economics, Energy, business, debt, governance, and a slew of other topics. Through this journey, we have delved into what keeps us from growth, how we can overcome oppressing obstruction, and what we could do to drop the shackles and pick up prosperous freedom. Reaching a better future for everyone takes change. Change is not always easy; change is often coupled with fear. We need not fear the future and change when we can be so positively impacted. When we decide to swallow our fear and move toward a better future, we will be unstoppable. I am applying for a job: the executive position of our State of Maine. This is your choice, your voice, our future. Richard Lee Light

This leadership memoir starts with Jim Weber's seventh-grade dream to run a successful company that delivered something people passionately valued. Fast forward to 2001, Jim became the

CEO of Brooks and, as the struggling brand's fourth CEO in two years, he faced strong headwinds. A lifelong competitor, Jim devised a one-page strategy that he believed would not only save the company but would also lay the foundation for Brooks to become a leading brand in the athletic, fitness, and outdoor categories. Brooks' success was validated when Warren Buffett made it a standalone Berkshire Hathaway subsidiary in 2012. In the pages of *Running with Purpose*, you will find: Brooks' bold strategy and unique brand positioning that fueled its move from the back of the pack to lead. The key to building a purpose-driven brand that is oriented around customer obsession, building trust, competing with heart, and having fun along the way. The six clear leadership lessons Jim has learned along his path and applies at Brooks to develop staff into authentic leaders. How Berkshire Hathaway's support and influence provided a tailwind for Brooks' business and brand to surge. An inside look at the ups and downs of Jim's personal journey, which led to his conviction that life is too short not to enjoy what you do and the people by your side.
