Father Brown is a fictional Roman Catholic priest and amateur sleuth created in the early 20th century by English novelist G. K. Chesterton. Father Brown is featured in a series of short stories where he solves mysteries and crimes using his intuition and keen understanding of human nature. The character was loosely based by Chesterton on Father John O'Connor (1870-1952), a parish priest in Bradford, who was involved in Chesterton's conversion to Catholicism in 1922. Chesterton portrays Father Brown as a short, stumpy Roman Catholic priest, with shapeless clothes, a large umbrella, and an uncanny insight into human evil.

The Complete Father Brown Stories Simon and Schuster

Contrary to first impressions, G. K. Chesterton's Father Brown is not senile, nor easily rattled. In fact, this village priest wanders into challenges that pale in comparison to the things he has heard through the screen of the confessional. For to hear Father Brown tell it, crime is a manifestation of sin: the criminal must be caught, but he or she must also be saved; the culprit has to be locked up, but the spirit must be freed.

THE consulting-rooms of Dr Orion Hood, the eminent criminologist and specialist in certain moral disorders, lay along the sea-front at Scarborough, in a series of very large and well-lighted french windows, which showed the North Sea like one endless outer wall of blue-green marble. In such a place the sea had something of the monotony of a blue-green dado: for the chambers themselves were ruled throughout by a terrible tidiness not unlike the terrible tidiness of the sea. It must not be supposed that Dr Hood's apartments excluded luxury, or even poetry. These things were there, in their place; but one felt that they were never allowed out of their place. Luxury was there: there stood upon a special table eight or ten boxes of the

best cigars; but they were built upon a plan so that the strongest were always nearest the wall and the mildest nearest the window. A tantalus containing three kinds of spirit, all of a liqueur excellence, stood always on this table of luxury; but the fanciful have asserted that the whisky, brandy, and rum seemed always to stand at the same level. Poetry was there: the left-hand corner of the room was lined with as complete a set of English classics as the right hand could show of English and foreign physiologists. But if one took a volume of Chaucer or Shelley from that rank, its absence irritated the mind like a gap in a man's front teeth. One could not say the books were never read; probably they were, but there was a sense of their being chained to their places, like the Bibles in the old churches. Dr Hood treated his private book-shelf as if it were a public library. And if this strict scientific intangibility steeped even the shelves laden with lyrics and ballads and the tables laden with drink and tobacco, it goes without saying that yet more of such heathen holiness protected the other shelves that held the specialist's library, and the other tables that sustained the frail and even fairylike instruments of chemistry or mechanics....

The Wisdom of Father Brown (Annotated) Barnes & Noble

Volume two of this Chesterton collection-enter Father Brown Gilbert Keith Chesterton was one of the most influential English writers of the twentieth century. He put his mind and pen to a broad spectrum of subjects including theology, poetry, biography, journalism and philosophy. Great writers have no influence over those parts of their work which posterity decides is most significant or will be best remembered, in Chesterton's case-in the minds of many-he will forever be remembered as the creator of the little Roman Catholic priest-detective, Father Brown. The vitality of that character has endured, evergreen, never losing its charm. Chesterton, was a lover of detective and mystery fiction and his own contribution to the genre extends far beyond the Father Brown stories. Leonaur has collected Chesterton's fabulous, intriguing and entertaining mysteries-in order of original book publication-into six substantial volumes to enable his many aficionados to own and read them in either softcover or hardback with dust jacket for collectors. This collection is the ideal way to possess these essential books of crime, mystery and detection and no enthusiast's library will be complete without them. Volume two contains two collections of the famous Father Brown stories-'The Innocence of Father Brown' and 'The Wisdom of Father Brown'-24 absolutely essential stories of the Roman Catholic priest with an almost supernatural insight into human evil.

Chesterton's Mysteries Modern Library

This premium quality edition contains the complete and unabridged original classic version of The Wisdom of Father Brown, including twelve stories featuring G.K Chesterton's mystery-solving priest, printed on heavyweight 60#, bright white paper in a large 6"x9" format, with page headers and a fully laminated full-color cover featuring an original design. Mystery fans unfamiliar with Father Brown may find Chesterton's stories a bit different. Many of the stories don't quite fit either the standard ("Whodunit?") or inverted ("Howcatchem?") styles common to the mystery genre, and Father Brown is frequently less concerned with the apprehension of the wrongdoer than with getting him to understand, and admit, the error of his ways. With his powers of observation and attention to details, and a knowledge of crime and criminals derived in no small part from his years as a priest hearing confessions, Father Brown frequently finds the solution through a strictly rational reasoning process more concerned with psychological, spiritual and philosophic truths than with scientific investigation. This particular volume contains twelve of Chesterton's original Father Brown adventures, published as individual short stories and first collected and published in book form under the title The Wisdom of Father Brown in 1914. G.K. Chesterton... Gilbert Keith Chesterton

(1874 – 1936) was an English writer, lay theologian, poet, philosopher, dramatist, journalist, orator, literary critic, and biographer, best known today for his Father Brown mystery stories and such social commentary as "Heretics," "Orthodoxy," and "The Everlasting Man."

Born in London, Chesterton was educated at St. Paul's, but never went to college. He went to art school. In 1900, he was asked to contribute a few magazine articles on art criticism, and went on to become one of the most prolific writers of all time. He wrote a hundred books, contributions to 200 more, hundreds of poems, including the epic Ballad of the White Horse, five plays, five novels, and some two hundred short stories, including a popular series featuring the priest-detective, Father Brown. In spite of his literary accomplishments, he considered himself primarily a journalist. He wrote over 4000 newspaper essays, including 30 years worth of weekly columns for the Illustrated London News, and 13 years of weekly columns for the Daily News. He also edited his own newspaper, G.K.'s Weekly. (To put it into perspective, four thousand essays is the equivalent of writing an essay a day, every day, for 11 years. If you're not impressed, try it some time. But they have to be good essays, all of them, as funny as they are serious, and as readable and rewarding a century after you've written them.) Chesterton was equally at ease with literary and social criticism, history, politics, economics, philosophy, and theology. His style is unmistakable, always marked by humility, consistency, paradox, wit, and wonder. His writing remains as timely and as timeless today as when it first appeared, even though much of it was published in throw away paper. This man who composed such profound and perfect lines as "The Christian ideal has not been tried and found wanting; it has been found difficult and left untried," stood 6'4" and weighed about 300 pounds, usually had a cigar in his mouth, and walked around wearing a cape and a crumpled hat, tiny glasses pinched to the end of his nose, swordstick in hand, laughter blowing through his moustache. And usually had no idea where or when his next appointment was. He did much of his writing in train stations, since he usually missed the train he was supposed to catch. In one famous anecdote, he wired his wife, saying, "Am at Market Harborough. Where ought I to be?" His faithful wife, Frances, attended to all the details of his life, since he continually proved he had no way of doing it himself. She was later assisted by a secretary, Dorothy Collins, who became the couple's surrogate daughter, and went on to become the writer's literary executrix, continuing to make his work available after his death. This absent-minded, overgrown elf of a man, who laughed at his own jokes and amused children at birthday parties by catching buns in his mouth, was the man who wrote a book called The Everlasting Man, which led a young atheist named C.S. Lewis to become a Christian. This was the man who wrote a novel called The Napoleon of Notting Hill, which inspired Michael Collins to lead a movement for Irish Independence. This was the man who wrote an essay in the Illustrated London News that inspired Mahatma Gandhi to lead a movement to end British colonial rule in India. This was a man who, when commissioned to write a book on St. Thomas Aquinas (aptly titled Saint Thomas Aquinas), had his secretary check out a stack of books on St.

Shabby and lumbering, with a face like a Norfolk dumpling, Father Brown makes for an improbable super-sleuth. But his innocence is the secret of his success: refusing the scientific method of detection, he adopts instead an approach of simple sympathy, interpreting each crime as a work of art, and each criminal as a man no worse than himself. This complete edition brings together all of the Father Brown stories, including two not previously available in Penguin: 'The Donnington Affair', in which Chesterton rises to the challenge of solving a murder-mystery half written by someone else (Max Pemberton), and 'The Mask of Midas', which was found in Chesterton's papers after his death.
