The Prima strategy guide for this game is the best I've ever bought. Most guides have a main walkthrough section followed by the side quests. That leaves you flipping back and forth and hoping you complete the side quests before they're no longer available. The only flipping I have to do is to merchant inventory and skill descriptions.

The Witcher 2 guide I would class as essential unless you are intending to play through about six times. Every quest is fully explained with the different ways of beating them, the rewards you will get and the consequences for later in the game.

## The Witcher 2 Prima Guide

The Enhanced Edition come with a Game Guide and a Game Manual which are located in the Bonus Content (Look in Tools, you should see the Bonus Content that you can download, contains the soundtrack, maps, ect...) I believe the Prima Guide is much more complete which is why it cost 20\$ more, though i can't help you on that, i don't have it.
