The Prima strategy guide for this game is the best I've ever bought. Most guides have a main walkthrough section followed by the side quests. That leaves you flipping back and forth and hoping you complete the side quests before they're no longer available. The only flipping I have to do is to merchant inventory and skill descriptions.

The Enhanced Edition come with a Game Guide and a Game Manual which are located in the Bonus Content (Look in Tools, you should see the Bonus Content that you can download, contains the soundtrack, maps, ect...) I believe the Prima Guide is much more complete which is why it cost 20\$ more, though i can't help you on that, i don't have it.
