Beginner's Guide to Surviving Witcher 3: Tips and Tricks
Gollancz

Geralt's encounter with a beast reveals the truth behind fairy tales in this graphic novel adaptation of Andrzej Sapkowski's original short story. Geralt takes a short cut down a beaten path, where he makes a grim discovery of two corpses. Backtracking their trail, he's led to a derelict mansion secured with elevated walls and a gate—mysterious and ramshackle, yet adorned with a rare elegance Geralt could not ignore. He is met with the mansion's owner—not quite human, but a beast with the faculties of a man. With Geralt unfazed by his monstrous appearance and displays of aggression, the beast invites him inside. A kind but wary host, he shares stories of his family, his

life . . . and his curse. If the weight of his misdeeds could condemn him to the body of a beast—a retribution spoken of only in fairy tales, could there be another grain of truth in these tales of fantasy—one that could help him elude his fate and lead him to salvation? This graphic novel is the first in a series of adaptations from Sapkowski's acclaimed short story collection *The Last Wish!* Script adaptation by Jacek Rembi? (Frostpunk) with art by Jonas Scharf (Bone Parish, War for the Planet of the Apes).

One of the most popular and widely read books of the Middle Ages, "Physiologus" contains allegories of beasts, stones, and trees both real and imaginary, infused by their anonymous author with the spirit of Christian moral and mystical teaching. Accompanied by an introduction that explains the origins, history, and literary value of this curious text, this volume also reproduces twenty woodcuts from the 1587 version. Originally composed in the fourth century in Greek, and translated into dozens of versions through the centuries, "Physiologus" will delight readers with its ancient tales of ant-lions, centaurs, and hedgehogs and their allegorical significance. An elegant little book . . . still diverting to look at today. . . . The woodcuts reproduced from the 1587 Rome edition are alone worth the price of the book. Raymond A. Sokolov, "New York Times Book Review"

The Lady of the Lake Dark Horse Comics

Geralt is a witcher, a man whose magic powers, enhanced by long training and a mysterious elixir, have made him a brilliant fighter and a merciless assassin. Yet he is no ordinary murderer: his targets are the multifarious monsters and vile fiends that ravage the land and attack the innocent. He roams the country seeking assignments, but gradually comes to realise that while some of his quarry are unremittingly vile, vicious grotesques, others are the victims of sin, evil or simple naivety. One reviewer said: 'This book is a sheer delight. It is beautifully written, full of vitality and endlessly inventive: its format, with half a dozen episodes and intervening rest

periods for both the hero and the reader, allows for a huge range of characters, scenarios and action. It's thought-provoking without being in the least dogmatic, witty without descending to farce and packed with sword fights without being derivative. The dialogue sparkles; characters morph almost imperceptibly from semi-cliche to completely original; nothing is as it first seems. Sapkowski succeeds in seamlessly welding familiar ideas, unique settings and delicious twists of originality: his Beauty wants to rip the throat out of a sensitive Beast; his Snow White seeks vengeance on all and sundry, his elves are embittered and vindictive. It's easily one of the best things I've read in ages.'
