Many years after its initial printing, *Seven Minutes* is still possibly the best book about Lawyers in action ever written. Taking a stand in the face of incredible odds, the main character risks his personal and professional life to defend a book that has stirred up controversy due to its rather titillating subject matter. It's a wonderful story, not only life affirming but exhilarating in its twists and turns.

Novelist Andrew Craig has not been sober in a very long time. After losing his wife in an auto accident he believes to have been his own fault, he turned to the bottle, and to his sister-in-law, Leah, who acts as his caretaker and live-in nurse. Then, when he is awarded the Nobel Prize in literature for his novel, "The Perfect State," a historical jab at communism, he heads for Stockholm, hoping to find a reason to live, and to write. The other laureates have their own problems, a heart surgeon who believes that sharing his award with an Italian colleague robs him of his glory, a married couple awarded the prize in medicine in the middle of a serious marital crisis, and others – including Max Stratman, whose heart isn't really up to the trip, but who needs the prize money to provide for niece, Emily. This novel delves into the lives, loves, dreams and nightmares of these characters, and others, building a panoramic view of the Nobel Prize, life in Stockholm, and the state of world politics in the years following World War II. It is rich and compelling, driving the reader from the pits of despair to the heights of inspiration. A wonderful novel by one of America's finest novelists. The Prize was made into a movie starring Paul Newman. SW: Six people all around the world are catapulted to international fame as they receive the most important telegraph of their lives, which invites them to Stockholm to receive the prize. This will result to be a turning point in their lives, in which personal affairs and political intrigue will engulf every one of the characters. In the stillness of the courtroom a bookseller stands accused of selling a book. Is it a work of sensitive genius or an execrable volume of pornography? Could it have driven a respectable college boy to commit brutal rape? And who is the author of the novel at the vortex of a storm of sensation and controversy? Michael Barret has been asked by a friend to join him in a small law partnership, but has also been offered a huge salary to go into big business. He's certain of his choice, till he is given a chance to be involved with a major case involved with protecting free speech. The case is about the explicit book "The Seven Minutes", which some people consider pornography, while others, Barret included, feel is impressive literature. The main focus of the prosecution's case is a teenager who bought the book, and was soon after arrested for rape. According to the prosecution, the book insinuated the boy to do what he did, so it must be banned. The novel follows the course of the trial, as both Barret and the prosecutor search for reputable witnesses to prove their side.

The time is 1964. The place is the Cabinet Room of the White House. An unexpected accident and the law of succession have just made Douglass Dilman the first black President of the United States. This is the theme of what was surely one of the most provocative novels of the 1960s. It takes the reader into the storm center of the presidency, where Dilman, until now an almost unknown senator, must bear the weight of three burdens: his office, his race, and his private life. From beginning to end, "The Man" is a novel of swift and tremendous drama, as President Dilman attempts to uphold his oath in the face of international crises, domestic dissension, violence, scandal, and ferocious hostility. Push comes to shove in a breathtaking climax, played out in the full glare of publicity, when the Senate of the United States meets for the first time in one hundred years to impeach the President.

Emily Ashcroft and her father, Sir Harrison Ashcroft, have set out to write a definitive biography of Adolph Hitler. Before they can finalize their manuscript, however, a cryptic letter from a German dentist sends Sir Harrison off to attempt the excavation of the site of the Führerbunker, where Hitler and his wife, Eva Braun, lived out the final weeks of their life before committing suicide and being

cremated in a shallow pit. The thing is – maybe they didn't. Unfortunately, before the excavation can begin, Ashcroft is run down in a hit-and-run that would seem accidental – except the driver backed up and ran him over a second time. Armed only with the dentist's letter, her notes, and the determination to finish her father's book, Emily Ashcroft makes her own journey to Berlin. She is joined by a Russian museum curator, an American architect writing a book on Nazi and Third Reich architecture, and a Mossad agent, posing as a reporter. Together they uncover what may be the greatest hoax ever perpetrated – the faked death of the Father of the Third Reich, and the plan to bring the Nazi party back to power. Through harrowing adventures, steamy romance, impersonators, SS guards, and survivors they piece together the missing puzzle pieces of what really happened so long ago. The only question is – are they up to the challenge, and, as they begin to close in, can they survive it?

The Two is a biography of two remarkable lives, "They" were the famous, the first, the original Siamese Twins, Chang and Eng, and their story is told in this fascinating and remarkable book in such detail, with such enormous insight and warmth, and with such a superb sense of drama that one understands, for the first time, just how bizarre, heroic, tragic and human their lives in fact were. Astonishing in its extraordinary descriptions of the brothers' triumph over their handicap and fascinating in its exploration of just how the Siamese Twins lived, spent their childhood, adjusted to fame, fought against being exploited by showmen, promoters and well-wishers, loved (and made love) and searched in vain for the surgical miracle that could separate them. It is a startling, original, and moving book.

In his most powerful and provocative novel to date, master storyteller Irving Wallace turns his incomparable talents to the world of sex therapy. Erotically charged, compassionate, and suspenseful, *The Celestial Bed* explores the way people make love in postsexual-revolution America. Dr. Arnold Freeberg is a courageous, pioneering sex therapist whose dedication to his patients and the principles of his profession prompt him to step outside the law and utilize the most effective tool of all in combating sexual dysfunctions--sex surrogates. Although sex surrogates are highly trained and supervised professionals who guide, demonstrate, and teach people with low sexual self-esteem how to enjoy intimacy, according to the law in many states they are prostitutes. Driven out of Arizona, Dr. Freeberg establishes a new clinic in southern California with the help of his most experienced surrogate, beautiful young Gayle Miller, and a new male surrogate, movie-star-handsome Paul Brandon. But where Dr. Freeberg expected to be able to practice in peace, he encounters powerful adversaries--an ambitious district attorney, a power-hungry evangelist, a duplicitous newspaper reporter, and the violently jealous psychotic boyfriend of one of his most needy patients--who would tear down his life's work, humiliate his patients, and put him and his staff on trial for pandering and prostitution. In the riveting, swiftly-paced narrative style that made him one of America's most widely read authors, Irving Wallace takes the reader behind closed doors into the private treatment rooms where sex surrogates lead their patients through the therapeutic exercises designed to bring them to sexual fulfillment. Readers will find themselves drawn into a circle of extraordinary people dedicated to repairing the sexually wounded, and come to understand the sex therapist's essential piece of wisdom--good lovemaking is first loving yourself and then learning to share that love with another.

[The seven minutes Bantam Books](#)

"I, James of Jerusalem, brother of the Lord Jesus Christ, heir of the Lord, eldest of the Lord's surviving brethren and the son of Joseph of Nazareth...herewith...set down a brief testimony of my brother Jesus Christ's life and ministry..." A momentous archeological discovery, the greatest of all time—and the immediate effect it has on the varied group of men and women whose lives are intimately touched and altered by it—is at the heart of this exciting novel. In the ruins of the ancient Roman seaport of Ostia Antica, an Italian archeologist has discovered a first-century papyrus, its faded Aramaic text revealing a new gospel written by James, younger brother of Jesus, the original source of the four gospels of the New Testament. The discovery offers the modern world a new Jesus Christ, a real man who lived and walked on earth, fills in the missing years of his ministry, contradicts the existing accounts of his life—and of his supposed death. To the world at large, *The Word*—if it is genuine—will come as a revelation, a call to revived faith and hope in an age of doubt and fear. To the syndicate of international Bible publishers and their theologians, who have guarded the secret since its discovery and gambled their lives and fortunes on its authenticity—*The Word* is a consuming obsession as well as a business enterprise of such magnitude that they cannot let it be touched by the slightest tinge of doubt. To Steven Randall, the cynical and successful young New York public relations man who has been hired to introduce the International New Testament to the world, the assignment offers more than an awesome challenge. Haunted by a broken marriage, a problem daughter, a demanding mistress, he sees in it the promise of a spiritual regeneration, a last chance to save himself from the pointlessness of life. But from the moment that Randall decides to investigate the new gospel, he is caught up in a web of intrigue—involving an ex-nun, a homosexual Dutchman, a crippled secretary, a monk on woman's Mt. Athos, a German printer hiding a scandal that tests both his courage and the authenticity of *The Word*. Rediscovering his faith in his fellow man and his capacity to love, Randall desperately pursues the source of *The Word*, searching for the truth at the risk of his newfound relationship with the daughter of the man who discovered the lost gospel, Angela Monti, challenging the austere and enigmatic Reverend Maertin de Vroome, the radical religious reformer who is fighting *The Word* and its orthodox sponsors. Swiftly, recklessly, Randall eludes the vast international organization known by the code name Resurrection Two, which has been created to exploit the new Bible. Moving from New York and London to Amsterdam, Paris, Frankfurt, Rome—from the British Museum to a French radiocarbon laboratory, from the Dutch Westerkerk to a monastery on a Grecian peninsula—Randall continues his pursuit of the shadowy, mysterious figure—convict, madman, genius—who alone knows the truth about *The Word*. With his brilliant flair for authentic detail, with his incomparable gift for storytelling, Irving Wallace has created in *The Word* his most explosive, controversial, and breathtaking novel.
