[Steph and Dom's Guide to Life](#) Virago

'When life seems hard, the courageous do not lie down and accept defeat; instead they are all the more determined to struggle for a better future.' - HM Queen Elizabeth II, Britain's longest-serving monarch and celebrated role model for our times. Examining such underrated virtues as duty, kindness and discretion, as exemplified by HM The Queen, Mary Killen has created a transformative guide for all who aspire to become happier, wiser and more adept at navigating life's ups and down with integrity and dignity. (We must always try not to

swear.) In our throw-away fashion culture we'd all do well to follow The Queen's make-do-and-mend example. Sit up straight with a regal posture, and your digestion will benefit. Fit more into your life by following routines. Tidiness is a primary skill - as a small girl The Queen would arrange her shoes and sea shells into neat rows. To help with everyday anxieties we can study the mysterious but time-honoured techniques Her Majesty calls upon to rise above her own challenges. Packed with invaluable wisdom and insight, this small book carries a big purpose.

This new book offers an insightful guide into the complex tapestry of global entertainment media markets. It features analyses and case studies from leading international media scholars, who explore the causes and effects of globalization upon this ever-evolving industry. There are still opposing and restraining forces to globalization processes taking place in media, and the global mediascape comprises international, regional and local markets, and global and local players, which in

---

recent years have evolved at an uneven pace. By analyzing similarities and differences in a landscape where driving forces of globalization meet locally situated audiences and institutions, this volume unveils a complex, contested space comprising global and local players, whose success is determined by both their national and international dimensions. It guides its readers to the geographical and intellectual exploration of the international media landscape, analyzing the global and local media players and their modus operandi. Editor Paolo Sigismondi's insightful, engaging collection presents a compelling and novel approach to the analysis of global entertainment media. *World Entertainment Media: Global, Regional and Local Perspectives* is an ideal starting point for students and practitioners alike looking to build a solid understanding of the global mediascape, and a great resource for instructors and scholars in global media entertainment.

"Fact: Did you know, over its lifespan, your sofa will witness roughly 293 arguments and 1,369 cuddles? Hiya, my name's Scarlett Moffatt and I love random facts. Almost as much as I love sitting on me sofa. You might know me best from my most famous and celebrated sit thus far on the I'm A Celebrity throne. You might also know me from all sorts of other seats, most especially my Gogglebox sofa. Well this book is my attempt at telling me life story through a whole series of them! So I'd like you right now to stop what you're doing and take a seat, whether it be in the comfort of your own home, on the top deck of the bus, on the tube (so you don't have to make eye contact with anybody) or on the throne of the house (a.k.a. the toilet). I want you to get comfortable and get ready to laugh, cry and maybe even learn a bit, as I chat to you about some of the highs and lows of me life. So grab a

brew, settle down, and let's start from the very beginning."--

A witty and passionately argued essay calling for a return to good manners, using the Queen (the mother of all Brits) as the ultimate example. Mary Killen is an expert on manners and social etiquette, and her humorous advice column in the *Spectator* provides original solutions to the problems of modern life. In a world currently ruled by reality TV, oversharing through social media, and an increasingly fractious and fractured public space, we could all do with a lesson or two in from Her Royal Highness. Examining such underrated virtues as discretion, politeness and kindness, *My Queen* is a humorous celebration of long-held British values in an age where discretion is not generally the better part of value. Never mind the curtesy, where's the courtesy?

"Anji's story is engaging, insightful, heart wrenching and at times, very, very funny. The Reverend Kate Bottley, Broadcaster and Priest (As seen on Gogglebox) This book is an entertaining and moving autobiography of the extraordinary and unusual life of Australian mother - Anji Barker. A qualified social worker and a United Reformed Church Minister, Anji has spent the last 30 years living in poor urban communities in Australia, Thailand and the UK. She is passionate about social justice and grassroots transformation. Her faith has led her to jump in boots and all fighting for those who are pushed to the margins. Anji shares openly and honestly about faith and doubt, the challenge of raising children in difficult places, as well as the joy that this life brings. She reminds us that our mistakes and failings can be our assets and that God delights in the strangest, most unlikely bits of who we are. Her stories will make you laugh and cry, inspire and encourage you. "This is a delightful must-read for anyone who dares to

live a life for others." Brian D. McLaren

This is the first academic book to examine the long running hit series Grand Designs, which occupies a significant place in the popular imagination internationally. The authors apply an empirically grounded, critical perspective to the study of television to reveal how people use the program in their everyday lives. The emphasis on everyday uses and meanings combines creatively with understanding the program theoretically, textually and in terms of its production structures. This position challenges framings of the popular lifestyle and factual television genre that has been dominated by a neoliberal or governmentality perspective for many years. Presented by British designer and writer, Kevin McCloud, Grand Designs follows the progress of home owners as they embark on design, renovation and building projects at almost always dizzying scales of endeavour. Understanding the program as both a text to analyse and a site of material impact, the book draws on interviews with production members, home renovators, building practitioners and audiences, as well as references to associated media formats to provide contextual depth to the analysis. The authors argue that, as a cultural object, the program is both shaped by and enacts social discourses of home-making, design value and taste. Navigating public, commercial and promotional logics, Grand Designs sparks new

forms of cultural production and consumer markets.

extrapolation, on the culture.

For the past several years, critics have been describing the present era as both "the end of television" and one of "peak TV," referring to the unprecedented quality and volume and the waning of old technologies, formats, and habits. Television's projections and reflections have significantly contributed to who we are individually and culturally. From *Rabbit Ears to the Rabbit Hole: A Life with Television* reveals the reflections of a TV scholar and fan analyzing how her life as a consumer of television has intersected with the cultural and technological evolution of the medium itself. In a narrative bridging television studies, memoir, and comic, literary nonfiction, Kathleen Collins takes readers alongside her from the 1960s through to the present, reminiscing and commiserating about some of what has transpired over the last five decades in the US, in media culture, and in what constitutes a shared cultural history. In a personal, critical, and entertaining meditation on her relationship with TV—as avid consumer and critic—she considers the concept and institution of TV as well as reminiscing about beloved, derided, or completely forgotten content. She describes the shifting role of TV in her life, in a progression that is far from unique, but rather representative of a largely collective experience. It affords a parallel coming of age, that of the author and her coprotagonist, television. By turns playful and serious, wry and poignant, it is a testament to the profound and positive effect TV can have on a life and, by
