We live in a 24/7 culture of endless productivity, workaholism, distraction, burnout, and anxiety--a way of life to which we've sadly grown accustomed. This tired system of "life" ultimately destroys our souls, our bodies, our relationships, our society, and the rest of God's creation. The whole world grows exhausted because humanity has forgotten to enter into God's rest. This book pioneers a creative path to an alternative way of existing. Combining creative storytelling, pastoral sensitivity, practical insight, and relevant academic research, *Subversive Sabbath* offers a unique invitation to personal Sabbath-keeping that leads to fuller and more joyful lives. A. J. Swoboda demonstrates that Sabbath is both a spiritual discipline and a form of social justice, connects Sabbath-keeping to local communities, and explains how God may actually do more when we do less. He shows that the biblical practice of Sabbath-keeping is God's plan for the restoration and healing of all creation. The book includes a foreword by Matthew Sleeth.

Travel the world, change lives, save souls. (Note: Results not typical.) A young idealist heeds the call to radical obedience, gives away all of his belongings and shaking off the fetters of a complacent life, travels halfway around the world. There he discovers, among the poor and the fatherless of West Africa, that he has only surrendered to a new kind of captivity. There is no doubt that young people today are fully invested in social and human rights issues. They start their own nonprofits, they run their own charities, they raise money for worthy causes. Books on saving the world abound, topping the bestsellers' lists, fueling the drive to prove not only commitment to the world but devotion to God. Now there is a new crop of books starting to emerge, detailing the consequences of trying to save a world that is not ours to save. But none of these books tell the story that *Runaway Radical* tells; this is the first book to highlight the painful personal consequences of the new radicalism, documenting in heartbreaking detail what happens when a young person becomes entrapped instead of liberated by its call. His radical resolve now shaken, he returns home to rebuild his life and his faith. *Runaway Radical* serves as an important and cautionary tale for all who lead and participate in compassion activism, in the art of doing good— both overseas and at home— amidst this new culture of

radical Christian service.

Not Ours to Keep Baker Books

David Kellogg Lewis (1941-2001) was one of the most influential philosophers of the twentieth century. He made significant contributions to almost every area of analytic philosophy including metaphysics, philosophy of language, philosophy of mind, and philosophy of science, and set the agenda for various debates in these areas which carry on to this day. In several respects he remains a contemporary figure, yet enough time has now passed for historians of philosophy to begin to study his place in twentieth century thought. His philosophy was constructed and refined not just through his published writing, but also crucially through his life-long correspondence with fellow philosophers, including leading figures such as D.M. Armstrong, Saul Kripke, W.V. Quine, J.J.C. Smart, and Peter van Inwagen. His letters formed the undercurrent of his published work and became the medium through which he proposed many of his well-known theories and discussed a range of philosophical topics in depth. A selection of his vast correspondence over a 40-year period is presented here across two volumes. As metaphysics is arguably where Lewis made his greatest contribution, this forms the focus of Volume 1. Arranged under the broad areas of Causation, Modality, and Ontology, the letters offer an organic story of the origins, development, breadth, and depth of his metaphysics in its historical context, as well as a glimpse into the influence of his many interlocutors. This volume will be an indispensable resource for contemporary metaphysics and for those interested in the Lewisian perspective.

**The World is Ours** Xulon Press

A repackaged edition of the revered author's classic work that examines the four types of human love: affection, friendship, erotic love, and the love of God—part of the C. S. Lewis Signature Classics series. C.S. Lewis—the great British writer, scholar, lay theologian, broadcaster, Christian apologist, and bestselling author of *Mere Christianity*, *The Screwtape Letters*, *The Great Divorce*, *The Chronicles of Narnia*, and many other beloved classics—contemplates the essence of love and how it works in our daily lives in one of his most famous works of nonfiction. Lewis examines four varieties of human love: affection, the most basic form; friendship, the rarest and perhaps most insightful; Eros, passionate love; charity, the greatest and least selfish. Throughout this compassionate and reasoned study, he encourages readers to open themselves to all forms of love—the key to understanding that brings us closer to God.

Daily news of systemic injustice has caused activist rhetoric to balloon. Tyler Wigg - Stevenson hopes to slow this trend, suggesting that our complex global situation is forcing us to see our limits as world - changers. He calls Christians to leave aside the heady pursuit of causes and take their rightful place as standard - bearers of God's peace.

*The World Is Not Ours to Save* Thomas Nelson

Insightful and heart-warming, this classic book is written for those who seek to know God better. It unfolds life-impacting, biblical truths and has been called a "soul-stirring celebration of the pleasures of knowing God."

Lectionary Worship AIDS Oxford University Press

If becoming an adult was a race and the junior class was Riley Wyman's competition, he would be dead last. He's never had a job, he doesn't know how to drive, and he has absolutely zero ideas for his future, which is not the case for any of his friends. He isn't even in any clubs in school or anything. All he does is wake up, go to school, do his homework, spend time with his friends, and go to sleep. He's tried dating but none of the girls have ever really stuck, and he isn't sure what's wrong with him.

Overall, he feels lost. Then, he meets Jacob Wayne, who kisses him at a party and throws Riley's whole world for a loop. He starts questioning himself, and his social circle increases in a way that makes his already dizzying situation, dizzier. Through mistrust and experimentation, Riley does his best to navigate high school, himself, and the fragile relationships that come and go with adolescence.

*Animals Are Not Ours (No, Really, They're Not)* HarperCollins

Why should Christians care about animals? Is

there a biblical basis for abstaining from eating animals? Is avoiding companies that use (and misuse) animals a viable way for Christians to better live out the message of God? In *Animals Are Not Ours*, Sarah Withrow King makes the argument that care for all of creation is no "far-fetched" idea that only radical people would consider, but rather a faithful witness of the peaceful kingdom God desires and Jesus modeled. This includes all living and breathing creatures that share this earth with us. King uses her decade-plus experience as a vegan, her seminary education, her evangelical Christian faith, and her years working with PETA to call Christians to examine how we treat and view the nonhuman animals with whom we share a finite planet.

*Laudato Si 'is Pope Francis' second encyclical which focuses on the theme of the environment. In fact, the Holy Father in his encyclical urges all men and women of good will, the rulers and all the powerful on earth to reflect deeply on the theme of the environment and the care of our planet. This is our common home, we must take care of it and love it - the Holy Father tells us - because its end is also ours.*

A reasonably priced, quality black hardcover pew and ministry Bible featuring a large 12-point font. Gospel Principles Grove/Atlantic, Inc.

Interdisciplinary artist and writer Coco Fusco is one of North America's leading interpreters of intercultural theory and practice. This volume gathers together her finest writings since 1995 and includes critical essays by Jean Fisher and Caroline Vercoe that interpret her work. Engaging and provocative, these essays, interviews, performance scripts and fotonovelas

take readers on a tour of our current multicultural landscape. Fusco explores such issues as sex tourism in Cuba as a barometer of the island's entry into the global economy, Frantz Fanon's theorization of metropolitan blackness, and artistic and net activist responses to the effects of free trade on the Mexican populace. She interviews such postcolonial personae as Isaac Julien, Hilton Als and Tracey Moffatt. Approaching the dynamics of cultural fusion from many angles, Fusco's satires, commentaries, and sociological inquiries collapse boundaries, and form a sustained meditation on how the forces of globalization impact upon the making of art. *The World's Great Masterpieces It's Yours, Mine, and Ours*

With America's confidence in the Bible at an all-time low and the strength of her spiritual convictions waning, it is essential for Christians—especially Christian leaders—to be well-grounded in biblical theology. To have a clear and comprehensive understanding of the key doctrines of evangelicalism. In response, professor and award-winning author Bruce Demarest has made plain God's glorious plan of salvation, his provision for the human dilemma through Christ's work on the cross, and the application of saving grace to unbelievers. Demarest's unique approach defines each topic, identifies its most pressing issues, examines the ways in which the doctrine has been understood historically, and interprets the Bible's revelation. The result is a clear and carefully constructed doctrinal statement that you can defend, live out, and communicate to others. This singular, comprehensive treatment of one of Christianity's essential doctrines gives definitive, Bible-based answers about salvation and the cross—and about related theological issues such as grace and regeneration. It's perfect for clarifying your theology and gaining deep understanding of this foundational theme. Part of the Foundations of Evangelical Theology series.

Ren Silyano, a zoo veterinary assistant, is slowly beginning to recover from a profound personal loss when he comes across an emptied grave and its empty coffin - and is suddenly confronted with an incomprehensible reality. Before he can react, he wakes up at home with no memory of the event other than a half-forgotten "dream" haunting him. He goes to work only to discover he's "missing" a day. His best friend, the cemetery's caretaker, can't help. He's missing a corpse from a police exhumation and his wife claims her dead twin sister is now "gone". In the process of trying to find answers, they soon meet someone else who is also searching for someone. With time and events seemingly out of control, difficult choices have to be made. Love, happiness - our very "self" and maybe even immortality may be defined not by

our ability to hold onto these misty concepts - but to have any real meaning - that they are Not Ours To Keep.

Elizabeth Ferry explores how members of the Santa Fe Cooperative, a silver mine in Mexico, give meaning to their labor in an era of rampant globalization. She analyzes the cooperative's practices and the importance of patrimonio (patrimony) in their understanding of work, tradition, and community. More specifically, she argues that patrimonio, a belief that certain resources are inalienable possessions of a local collective passed down to subsequent generations, has shaped and sustained the cooperative's sense of identity.
