I have used this edition  
(and the previous edition)  
for two World Geography  
classes. The text provides  
a good overview of  
concepts related to world  
geography and divides the  
world into "Realms". It  
uses a consistent format  
of two-part chapters for  
the majority of the book -  
the first, an overview of  
the realm, the second  
describes regions of that  
realm.
