The Abyss Dell Books for Young Readers

Winner of the Gold Dagger for Best Crime Novel from the Crime Writers' Association (UK) Winner for Best International Crime Fiction from Australian Crime Writers Association An Instant New York Times Bestseller "A vibrant, engrossing, unputdownable thriller that packs a serious emotional punch. One of those rare books that surprise you along the way and then linger in your mind long after you have finished it."

—Kristin Hannah, #1 New York Times bestselling author of *The Nightingale* and *The Four Winds* Right. Wrong. Life is lived somewhere in between. Duchess Day Radley is a thirteen-year-old self-proclaimed outlaw. Rules are for other people. She is the fierce protector of her five-year-old brother, Robin, and the parent to her mother, Star, a single mom incapable of taking care of herself, let alone her two kids. Walk has never left the coastal California town where he and Star grew up. He may have become the chief of police, but he's still trying to heal the old wound of having given the testimony that sent his best friend, Vincent King, to prison decades before. And he's in overdrive protecting Duchess and her brother. Now, thirty years later, Vincent is being released. And Duchess and Walk must face the trouble that comes with his return. *We Begin at the End* is an extraordinary novel about two kinds of families—the ones we are born into and the ones we create.

The Long-Distance Leader Scholastic

Have you ever closed your Bible and thought, What did I just read? Whether you're brand-new to the Bible or you grew up in the second pew, reading Scripture can feel confusing or boring at times. Understanding it well seems to require reading it thoroughly (and even repeatedly), but who wants to read something they don't understand? If you've ever wanted to read through the Bible or even just wanted to want to read it, *The Bible Recap* is here to help. Following a chronological Bible reading plan, these recaps explain and connect the story of Scripture, section by section. Soon you'll see yourself as a child of God who knows and loves His Word in the ways you've always hoped for. You don't have to go to seminary. You don't need a special Bible. Just start reading this book alongside your Bible and see what God has to say about Himself in the story He's telling. "Tara-Leigh gets me excited to read the Bible. Period. I have found a trusted guide to walk me into deeper understanding of the Scriptures."--MICHAEL DEAN MCDONALD, the Bible Project

The Providence of Fire Business Plus

One of Ashbery's most important masterworks: Widely studied, critically admired, and essential to understanding one of the modern era's most revolutionary poets *The Double Dream of Spring*, originally published in 1970, followed the critical success of John Ashbery's National Book Award – nominated collection *Rivers and*

Mountains and introduced the signature voice—reflective, acute, and attuned to modern language as it is spoken—that just a few years later would carry Ashbery's Pulitzer Prize – winning masterpiece *Self-Portrait in a Convex Mirror*. Ashbery fans and lovers of modern poetry alike will recognize here some of the century's most anthologized and critically admired works of poetry, including "Soonest Mended," "Decoy," "Sunrise in Suburbia," "Evening in the Country," the achingly beautiful long poem "Fragment," and Ashbery's so-called Popeye poem, the mordant and witty "Farm Implements and Rutabagas in a Landscape." *The Double Dream of Spring* helped cement Ashbery's reputation as a must-read American poet, and no library of modern poetry is complete without it.

My Very First Animals Book John Wiley & Sons

When James realizes that Nuala is being hunted, he plunges into a soul-scorching battle with the Faerie Queen.

Shakespeare Henry Holt and Company

The Founder's Dilemmas examines how early decisions by entrepreneurs can make or break a startup and its team.

Drawing on a decade of research, including quantitative data on almost ten thousand founders as well as inside stories of founders like Evan Williams of Twitter and Tim Westergren of Pandora, Noam Wasserman reveals the common pitfalls founders face and how to avoid them.

The Halo Effect Open Road Media

In this new paperback edition of the classic bestseller, you'll be taken on a hilarious, fast-paced ride through the history of ideas. Author Scott Berkun will show you how to transcend the false stories that many business experts, scientists, and much of pop culture foolishly use to guide their thinking about how ideas change the world. With four new chapters on putting the ideas in the book to work, updated references and over 50 corrections and improvements, now is the time to get past the myths, and change the world. You'll have fun while you learn: Where ideas come from The true history of history Why most people don't like ideas How great managers make ideas thrive The importance of problem finding The simple plan (new for paperback) Since its initial publication, this classic bestseller has been discussed on NPR, MSNBC, CNBC, and at Yale University, MIT, Carnegie Mellon University, Microsoft, Apple, Intel, Google, Amazon.com, and other major media, corporations, and universities around the world. It has changed the way thousands of leaders and creators understand the world. Now in an updated and expanded paperback edition, it's a fantastic time to explore or rediscover this powerful view of the world of ideas. "Sets us free to try and change the world."--Guy Kawasaki, Author of *Art of The Start* "Small, simple, powerful: an innovative book about innovation."--Don Norman, author of *Design of Everyday Things* "Insightful, inspiring, evocative, and just plain fun to read. It's totally great."--John Seely Brown, Former Director, Xerox Palo Alto Research Center (PARC) "Methodically and entertainingly dismantling the cliches that surround the process of innovation."--Scott Rosenberg, author of *Dreaming in Code*; cofounder of Salon.com "Will inspire you to come up with breakthrough ideas of your own."--Alan Cooper, Father of Visual Basic and author of *The Inmates* are *Running the Asylum* "Brimming with insights and historical examples, Berkun's book not only debunks widely held myths about innovation, it also points the ways toward making your new ideas stick."--Tom Kelley, GM, IDEO; author of *The Ten Faces of Innovation*

Shine! Berkun Media

Offers a collection of essays on philosophies and strategies for defining, leading, and managing projects. This book explains to technical and non-

technical readers alike what it takes to get through a large software or web development project. It does not cite specific methods, but focuses on philosophy and strategy.

Making Things Happen Simon and Schuster

The least possible way to find happiness is to look for it.

Contradictory enough? Welcome to the book about paradoxes. From a century-old paradox to a paradox not even a decade old, this book has those contradictory statements that can be proven true either way, but will it be the same if we apply them to our lives? Isn't ambiguity a leading cause of depression these days? If the answer is contradictory, then shouldn't the question be changed? Welcome to the true life's paradox.

Dreaming in Code Berrett-Koehler Publishers

Now a major motion picture starring Cole Sprouse and Haley Lu Richardson! Goodreads Choice Winner, Best Young Adult Fiction of 2019 In this #1 New York Times bestselling novel that's perfect for fans of John Green's *The Fault in Our Stars*, two teens fall in love with just one minor complication—they can't get within a few feet of each other without risking their lives. Can you love someone you can never touch? Stella Grant likes to be in control—even though her totally out of control lungs have sent her in and out of the hospital most of her life. At this point, what Stella needs to control most is keeping herself away from anyone or anything that might pass along an infection and jeopardize the possibility of a lung transplant. Six feet apart. No exceptions. The only thing Will Newman wants to be in control of is getting out of this hospital. He couldn't care less about his treatments, or a fancy new clinical drug trial. Soon, he'll turn eighteen and then he'll be able to unplug all these machines and actually go see the world, not just its hospitals. Will's exactly what Stella needs to stay away from. If he so much as breathes on Stella she could lose her spot on the transplant list. Either one of them could die. The only way to stay alive is to stay apart. But suddenly six feet doesn't feel like safety. It feels like punishment. What if they could steal back just a little bit of the space their broken lungs have stolen from them? Would five feet apart really be so dangerous if it stops their hearts from breaking too?

The Art of Leadership Notion Press

A story of Mary Cassatt and Edgar Degas, from the New York Times bestselling author of *My Name Is Mary Sutter* Robin Oliveira's latest novel, *Winter Sisters*, will be available in February from Viking The young Mary Cassatt never thought moving to Paris after the Civil War to be an artist was going to be easy, but when, after a decade of work, her submission to the Paris Salon is rejected, Mary's fierce determination wavers. Her father is begging her to return to Philadelphia to find a husband before it is too late, her sister Lydia is falling mysteriously ill, and worse, Mary is beginning to doubt herself. Then one evening a friend introduces her to Edgar Degas and her life changes forever. Years later she will learn that he had begged for the introduction, but in that moment their meeting seems a miracle. So begins the defining period of her life and the most tempestuous of relationships. In *I Always Loved You*, Robin Oliveira brilliantly re-creates the irresistible world of Belle Époque Paris, writing with grace and uncommon insight into the passion and foibles of the human heart. For readers of *The Painted Girls* by Cathy Marie Buchanan.

The Bible Recap North Star Editions, Inc.

Now with a new chapter that focuses on what great bosses really do. Dr. Sutton reveals new insights that he's learned since the writing of *Good Boss, Bad Boss*. Sutton adds revelatory thoughts about such legendary bosses as Ed Catmull, Steve Jobs, A.G. Lafley, and many more, and how you can implement their techniques. If you are a boss who wants to do great work, what can you do about it? *Good Boss, Bad Boss* is devoted to answering that question. Stanford Professor Robert Sutton weaves together the best psychological and management research with compelling stories and cases to reveal the mindset and moves of the best (and worst) bosses. This book was inspired by the deluge of emails, research, phone calls, and conversations that Dr. Sutton experienced after publishing his blockbuster bestseller *The No Asshole Rule*. He realized that most of these stories and studies swirled around a central figure in every workplace: THE BOSS. These heart-breaking, inspiring, and sometimes funny stories taught Sutton that most bosses - and their followers - wanted a lot more than just a jerk-free workplace. They aspired to become (or work for) an all-around great boss, somebody with the skill and grit to inspire superior work, commitment, and dignity among their charges. As Dr. Sutton digs into the nitty-gritty of what the best (and worst) bosses do, a theme runs throughout *Good Boss, Bad Boss* - which brings together the diverse lessons and is a hallmark of great bosses: They work doggedly to "stay in tune" with how their followers (and superiors, peers, and customers too) react to what they say and do. The best bosses are acutely aware that their success depends on having the self-awareness to control their

moods and moves, to accurately interpret their impact on others, and to make adjustments on the fly that continuously spark effort, dignity, and pride among their people.

The Founder's Dilemmas Simon and Schuster

The classic guide to working from home and why we should embrace a virtual office, from the bestselling authors of Rework “ A paradigm-smashing, compulsively readable case for a radically remote workplace. ” —Susan Cain, New York Times bestselling author of Quiet Does working from home—or anywhere else but the office—make sense? In Remote, Jason Fried and David Heinemeier Hansson, the founders of Basecamp, bring new insight to the hotly debated argument. While providing a complete overview of remote work ' s challenges, Jason and David persuasively argue that, often, the advantages of working “ off-site ” far outweigh the drawbacks. In the past decade, the “ under one roof ” model of conducting work has been steadily declining, owing to technology that is rapidly creating virtual workspaces. Today the new paradigm is “ move work to the workers, rather than workers to the workplace. ” Companies see advantages in the way remote work increases their talent pool, reduces turnover, lessens their real estate footprint, and improves their ability to conduct business across multiple time zones. But what about the workers? Jason and David point out that remote work means working at the best job (not just one that is nearby) and achieving a harmonious work-life balance while increasing productivity. And those are just some of the perks to be gained from leaving the office behind. Remote reveals a multitude of other benefits, along with in-the-trenches tips for easing your way out of the office door where you control how your workday will unfold. Whether you ' re a manager fretting over how to manage workers who “ want out ” or a worker who wants to achieve a lifestyle upgrade while still being a top performer professionally, this book is your indispensable guide.

A Life Without Pants Yearling

Our civilization runs on software. Yet the art of creating it continues to be a dark mystery, even to the experts. To find out why it ' s so hard to bend computers to our will, Scott Rosenberg spent three years following a team of maverick software developers—led by Lotus 1-2-3 creator Mitch Kapor—designing a novel personal information manager meant to challenge market leader Microsoft Outlook. Their story takes us through a maze of abrupt dead ends and exhilarating breakthroughs as they wrestle not only with the abstraction of code, but with the unpredictability of human behavior—especially their own.

Ballad Rowman & Littlefield

Tracy Kidder's "riveting" (Washington Post) story of one company's efforts to bring a new microcomputer to market won both the Pulitzer Prize and the National Book Award and has become essential reading for understanding the history of the American tech industry. Computers have changed since 1981, when The Soul of a New Machine first examined the culture of the computer revolution. What has not changed is the feverish pace of the high-tech industry, the go-for-broke approach to business that has caused so many computer companies to win big (or go belly up), and the cult of pursuing mind-bending technological innovations. The Soul of a New Machine is an essential chapter in the history of the machine that revolutionized the world in the twentieth century.

"Fascinating...A surprisingly gripping account of people at work."

--Wall Street Journal

A Mad, Wicked Folly Random House Books for Young Readers

"These essays were meant to challenge minds ... a collection of previously published works ... selected for this book because they fit the theme of intelligent provocation"--Preface

[How Design Makes the World](#) ReadHowYouWant.com

Eli Avidar looks into the abyss that divides Israel from its Arab neighbors, in order to understand the inherent flaws, prevailing misunderstandings, and tragic mistakes that characterize the relations and bloodletting, and how, if at all possible, to bridge the differences. In doing so, he offers a new perspective about the reality of the Middle East and all the clich é s that have transformed the Hebrew-Arab lexicon into a complex and hopeless minefield. It raises the question of whether the ongoing violent conflict between Israel and its neighbors might also be the result of a serious short circuit in communications. Is it possible that Israel, which has invested efforts and resources in knowing its adversaries, never even bothered to properly understand their language and their culture? Is it possible that Israeli leaders, who made their way to the top through the military and were privileged to know the most deeply hidden intelligence secrets, never learned to send messages of peace and reconciliation that the other side could respect and understand? Spanning six decades, the book explains why the main diplomatic initiatives have so far failed to solve the Israel-Palestinian conflict, and what needs to be done to break out of the vicious circle of ignorance and mutual suspicion that characterizes the conflict. Avidar uses his experience as diplomatic advisor to former foreign minister Ariel Sharon and as head of Israel ' s representative office in Qatar to reveal secret diplomatic meetings as well as the dynamics of the unique and complex diplomacy of the Middle East. He also tells about the activities of the 504 division of the Israel Defense Forces Intelligence Unit, in which he served as an operator of agents.
