Ys Origin was originally released for PC a whopping fourteen years ago and at first it didn ' t cause that much of an impact. It was only available in Japan, so we poor folk from the West paid little attention to it. It took a while for the Ys franchise to once again become relevant in the West as it once did back in the Sega Master System days.

Five whys (or 5 whys) is an iterative interrogative technique used to explore the cause-and-effect relationships underlying a particular problem. The primary goal of the technique is to determine the root cause of a defect or problem by repeating the question "Why?". Each answer forms the basis of the next question. The "five" in the name derives from an anecdotal observation on the number of ...

Everything Old is New Again With Ys Origin on the Switch ...

Like Falcom ' s other experimental game from the same time, Trails in the Sky the 3rd, Ys Origin is structured differently from other games in the Ys series. Origins is more dungeon crawler than RPG. The entire game revolves around fighting your way through Darm Tower, so tying the story to that fight from the get-go helps keep it from feeling rote or stale later on.
