The same bit of wilderness where his twin brother went missing a year ago. As the bodies are exhumed, Paul travels to Alaska to get closure and put his grief to rest. But the mystery is only beginning. What Paul finds are superstitious locals who talk of the devil stealing souls, and a line of wooden crosses to keep what's in the woods from

coming out. He finds no closure because no one can explain exactly what happened to Danny. And the more he searches for answers, the more he finds himself becoming part of the mystery. . . Weeks pass with no sign of another human being. Tornadoes continue to hammer away at the already ravished land. Ryan wonders why they have been forgotten. Basic survival skills set in - their food rations get smaller, their water intake less, and their limited resources will soon be gone. With his son's fading health and his wife still missing, he will have to make a decision soon - leave their shelter and risk death, or stay patient and hold out hope that a rescue team is on the way. A harsh truth will soon be revealed - the tranquil way of life in Harper Springs will never be the same

And certainly not the mother of a boy who murdered seven of his fellow high school students, a cafeteria worker, and a much – adored teacher in a school shooting two days before his sixteenth birthday. Neither nature nor nurture exclusively shapes a child's character. But Eva was always uneasy with the sacrifices and social demotion of motherhood. Did her internalized dislike for her own son shape him into the
