The “spellbinding tale” of an Alabama family and a troubled teenage orphan: “eloquent evidence that Southern storytelling is indeed a very special art form” (The New York Times Book Review). In the 1940s, Coden, Alabama was a hideaway for movie stars—an isolated playground tucked among live oaks and placid bay waters where pleasure and vice could be indulged. By the summer of 1974 Coden's glamour has faded, but it doesn't bother Mimi Bosarge, who is just happy to have a job as a live-in tutor with the wealthiest family in town, the Hendersons. When the

Hendersons generously open their arms to Annie, a troubled teenager with no recollection of her past, Mimi's greatest concern is creating a curriculum for the family's new ward. But it soon becomes obvious that something is wrong. Annie seems suspiciously savvy for her young age, and Mimi can't quell the unnerving sense that there is something malicious about the waiflike beauty.

Carolyn Haines's Independent Bones is the next novel in the series that Kirkus Reviews characterizes as “Stephanie Plum meets the Ya-Ya Sisterhood” featuring sassy Southern private investigator Sarah Booth Delaney. When Dr. Alala Diakos, a visiting professor of Greek literature, comes to teach at Ole Miss in Oxford, Mississippi, it doesn't take long for controversy to follow. With her fervent feminist ideals and revolutionary leanings, she quickly earns the admiration of many—and the ire of others. During a speech in the park, in which Alala tries to organize the

women of Zinnia to demand equal pay, the crowd gets unruly, with men heckling the professor. And when PI Sarah Booth Delaney finds a sniper rifle and scope in the bushes, she begins to worry that there are more than fighting words at stake. Sarah Booth calls her boyfriend, Sheriff Coleman Peters, who offers the protection of the Zinnia police department, but Alala rejects him, saying she has no use for the law or men. And when a notorious domestic abuser is found dead the next day, suspicions turn to Alala herself, who was overheard bragging that she would take him down. Tensions deepen when connections are drawn between Alala and two similar, previous deaths. But Sarah Booth doesn't want to believe Alala is a murderer, and when the professor shows up at Sarah Booth’s doorstep, asking her to find the real criminal, Sarah Booth embarks on a case stretching across the Delta. Yet Alala remains at the center of it all, and Sarah Booth can’t help but wonder if the killer has been with her all along...

A Garland of Bones Minotaur Books

Spunky southern private investigator Sarah Booth Delaney tackles a string of strange accidents while celebrating the holiday season in Carolyn Haines's cozy *A Garland of Bones*. Sarah Booth has traded in hosting this Christmas season for a road trip with her besties. Each little Delta town has a special Christmas activity, and Sarah Booth's bff and detective partner, Tinkie, has arranged to rent a limo for the gang and drive to Columbus, MS, to stay in a B&B. Visions of Christmas shopping, parade floats, and romantic rendezvous are already dancing in their heads. But Christmas cheer soon turns to Christmas fear when, at one event after another, people keep getting hurt. Christmas karaoke gets ugly when one singer's microphone gives her an electric shock. A party during a historic home

tour ends with a fall down the stairs for one of Columbus's most disreputable "players." And when the woman who hires Sarah Booth to find the villain behind the so-called accidents is nearly killed with an arrow during a holiday mumming, Sarah Booth knows something more sinister is at work. The Christmas bells are ringing hauntingly in Columbus this year, and Sarah Booth and Tinkie—with a little help from hunky Sheriff Coleman Peters, of course—are determined to catch the wrong-doers and ensure they receive nothing but coal in their stockings.

With the acclaimed novel "Penumbra," Carolyn Haines branched out from the cozy Southern mysteries that made her name and moved into more ominous, more literary territory. She continues that exploration of the darker side of the South with "Fever Moon." Set in New Iberia, Louisiana, during World War II, "Fever Moon" begins when Deputy Raymond Thibodeaux discovers Adele Hebert covered in blood and hovering over the brutally eviscerated body of Henri Bastion, a wealthy plantation owner. In the aftermath of the murder, Adele claims to be the loup-garou, a legendary Cajun shape-shifter that

traditionally takes the shape of a wolf, and panic ensues in this small town that already has been living under the pressures of wartime rationing and poverty. Raymond is determined to restore order, but to do so he'll have to prove that Adele isn't a murderer or a monster. In this dark and swirling literary thriller, Carolyn Haines tells the story of a town that is caught up in the frenzy of a murder and a killer who feeds its terror to suit his own purposes.

Bones of Holly is the next novel from Carolyn Haines in the series that Kirkus Reviews characterizes as "Stephanie Plum meets the Ya-Ya Sisterhood" featuring sassy Southern private investigator Sarah Booth Delaney. Sarah Booth and Tinkie, along with baby Maylin, are in Bay St. Louis, Mississippi for Christmas this year, as judges for the annual library tree decorating contest. The other two judges are writers Sandra O'Day and Janet Malone. They're bestselling Mississippi authors, but bitter competitors. In fact, the feud between them is the stuff of legends. For years, they've brawled, their sales skyrocketing with each cat fight. Sandra's most recent true crime book documents the 1920s rum-running era of Al Capone, who

built a mansion in BSL and a distribution network for his liquor. Janet's book, scheduled to be published in January, is a fictional account of the same material—which only heightens their bitter rivalry. Sarah Booth and Tinkie are shopping with little Maylin when they see Sandra and Janet outside a bookstore, fur flying, and when Sandra vanishes from her own gala later that night, suspicion turns to Janet. Janet accuses Sandra of attempting to manipulate the media by a fake disappearance, but is it a stunt, or is something more sinister at play? Sarah Booth and Tinkie will have to dive deep into the history of Bay St. Louis, and even Al Capone himself, to get to the bottom of this case. But the trail in fact leads them back to several prominent families still residing in the area. Families who may not want their secrets known...
