HarperCollins

The Yearbook of International Organizations provides the most extensive coverage of non-profit international organizations currently available. Detailed profiles of international non-

governmental (NGO) and intergovernmental organizations (IGO), collected and documented by the Union of International Associations, can be found here. In addition to the history, aims and activities of international organizations, with their events, publications, and contact details, the volumes of the Yearbook include networks between associations, biographies of key people involved and extensive statistical data. Volume 1 (A and B) covers international organizations throughout the world, comprising their aims, activities and events. This includes names (in English, French and, where available, other languages), abbreviations and descriptions of over 34,000 not-for-profit

organizations currently active in every field of human endeavor, as well as references to associated organizations, whose goals cross all economic, political and geographical borders, offering an insight into new, productive relationships. Volume 1 also allows quick and easy cross-referencing from volumes 2, 3, 4, and 6.

This is the autobiography of Abdul Salam Zaeef, a senior former member of the Taliban. His memoirs, translated from Pashto, are more than just a

personal account of his extraordinary life. My Life with the Taliban offers a counter-narrative to the standard accounts of Afghanistan since 1979. Zaeef describes growing up in rural poverty in Kandahar province. Both of his parents died at an early age, and the Russian invasion of 1979 forced him to flee to Pakistan. He started fighting the jihad in 1983, during which time he was associated with many major figures in the anti-Soviet resistance, including the current Taliban head Mullah Mohammad Omar. After the war Zaeef returned to a quiet life in a small village in Kandahar, but chaos soon overwhelmed Afghanistan as factional fighting erupted after the Russians pulled out. Disgusted by the lawlessness that ensued, Zaeef was one among the

former mujahidin who were closely involved in the discussions that led to the emergence of the Taliban, in 1994. Zaeef then details his Taliban career as civil servant and minister who negotiated with foreign oil companies as well as with Afghanistan's own resistance leader, Ahmed Shah Massoud. Zaeef was ambassador to Pakistan at the time of the 9/11 attacks, and his account discusses the strange "phoney war" period before the US-led intervention toppled the Taliban. In early 2002 Zaeef was handed over to American forces in Pakistan, notwithstanding his diplomatic status, and spent four and a half years in prison (including several years in Guantanamo) before being released without having been tried or charged with any offence. My Life with the

---

Taliban offers a personal and privileged insight into the rural Pashtun village communities that are the Taliban's bedrock. It helps to explain what drives men like Zaeef to take up arms against the foreigners who are foolish enough to invade his homeland.

How the Bible Actually Works  
Stanford Studies in Middle East History / World War I / World War II / Nazi Concentration Camp Survivor / Holocaust / Biography  
"This book is a milestone in recording the horrors of National Socialism. It is essential reading, and I am delighted that the translation has already received such keen attention in the United States."  
-Heinz Fischer, president of the

Republic of Austria "This book is not only an enthralling read; every detail in it has also been thoroughly researched. From a scientific point of view, it is one of the most reliable biographies of a victim of National Socialism." -Professor Walter Manoschek, political scientist, University of Vienna  
"You have given current and future generations a priceless gift by recording Mr. Engleitner's life story. His experiences remind us of the strength of the human will to overcome even the most horrible and challenging circumstances." -Arnold Schwarzenegger, governor of California  
WHEN LEOPOLD ENGLEITNER WAS NINE YEARS OLD, an event of historical significance for the world that initiated the First World War took place in his hometown. Moreover, although Leopold Engleitner and his contemporary Adolf Hitler, who was sixteen years his senior, grew up in the same province (Upper Austria) and shared the same cultural background and educational system, the convictions and attitudes they developed were diametrically opposed.

Whereas Adolf Hitler caused untold suffering to millions as a merciless mass murderer, Leopold Engleitner devoted his life to peace, refusing to buckle even in the face of death. The ordinary farmhand found the extraordinary courage to follow his conscience. He refused to serve in Hitler's army and did not even use the Nazi greeting "Heil Hitler!" Suffering unspeakable cruelty in three concentration camps he grew so thin that he weighed less than sixty-two pounds. Yet nothing and no one could break his will. Astoundingly, he could easily have had his freedom: all he had to do was sign a paper renouncing his religious convictions as one of Jehovah's Witnesses, but he steadfastly refused. And he never lost his optimism. In the concentration camp, he even bought a suitcase for the journey home it seemed impossible he would ever make. His unshakable faith in God helped Engleitner to lead a full and happy life despite constant rejection, and he never lost his zest for life as he became the oldest and one of the best known male concentration camp survivors in the

---

world. His unexpected rehabilitation was achieved thanks to an extraordinary friendship. Though already far advanced in years, he travelled more than ninety-five thousand miles across Europe and the USA, between 1999 and 2012, testifying as a witness of history to ensure the past is not forgotten; as such, he became a model of tolerance and peace. Letters written by Engleitner during his internment and believed lost for nearly sixty years were discovered; and their combination with original minutes of police and court proceedings, reports from the concentration camps, and personal accounts of traumatic childhood incidents from one hundred years ago constitutes an impressive firsthand history.

Jehovah's Witnesses Yearbook of International Orga

“ Both the knowledge of a scholar and the imagination of a poet are brought to bear upon Jesus as child, boy, and man. . . . A bold speculative adventure. ” (Harold Brighthouse, Manchester Guardian)

In Graves ' s unique retelling, Jesus is very much a mortal and the grandson of King Herod the Great. When his father runs afoul of the King ' s temper and is executed, Jesus is raised in the house of Joseph the Carpenter. The kingdom he is heir to, in this version of the story, is very much a terrestrial one: the Kingdom of Judea. Graves tells of Jesus ' s rise as a philosopher, scriptural scholar, and charismatic speaker in sharp detail, as well as his arrest and downfall as a victim of pitiless Roman politics. Bringing together his unparalleled narrative skill and in-depth expertise in historical scholarship, renowned classicist and historical novelist Robert Graves brings the story of Jesus Christ to life in a strikingly unorthodox way, making this one of the most hotly contested novels Graves ever wrote—and possibly one of the most controversial ever written. It provides a fascinating new twist to a well-known story, one that fans of

this historical period are sure to love. “ This is not reading for the easily shocked; it definitely presents Jesus as a sage and a poet, if not divine. It moves, as does all Mr. Graves ' writing, at a brilliant fast pace, and with a tremendous style. ” —Kirkus Reviews

the intelligent reader of the English Bible. The Revelation of St. John has been an enigma from the earliest Christian centuries. On the one hand, it has been shunned because of its mysteriousness; on the other, it has been discredited for sober-minded, intelligent Christians by the absurd vagaries of its interpreters.

Southern California Law Review Oxford University Press

NEW YORK TIMES BESTSELLER From the former secretary of state and bestselling author -- a sweeping look at the global struggle for democracy and why America must continue to support the cause of human freedom. "This heartfelt and at times very moving book shows why democracy proponents are so committed to their work...Both supporters and skeptics of democracy promotion will come away from this book wiser and better informed." --The New York Times From the end of the Cold War and the collapse of the Soviet Union to the ongoing struggle for human rights in the Middle East, Condoleezza Rice has served on the front lines of history. As a child, she was an eyewitness to a third awakening of freedom, when her hometown of Birmingham, Alabama, became the epicenter of the civil rights

movement for black Americans. In this book, Rice explains what these epochal events teach us about democracy. At a time when people around the world are wondering whether democracy is in decline, Rice shares insights from her experiences as a policymaker, scholar, and citizen, in order to put democracy's challenges into perspective. When the United States was founded, it was the only attempt at self-government in the world. Today more than half of all countries qualify as democracies, and in the long run that number will continue to grow. Yet nothing worthwhile ever comes easily. Using America's long struggle as a template, Rice draws lessons for democracy around the world -- from Russia, Poland, and Ukraine, to Kenya, Colombia, and the Middle East. She finds that no transitions to democracy are the same because every country starts in a different place. Pathways diverge and sometimes circle backward. Time frames for success vary dramatically, and countries often suffer false starts before getting it right. But, Rice argues, that does not mean they should not try. While the ideal conditions for democracy are well known in academia, they never exist in the real world. The question is not how to create perfect circumstances but how to move forward under difficult ones. These

same insights apply in overcoming the challenges faced by governments today. The pursuit of democracy is a continuing struggle shared by people around the world, whether they are opposing authoritarian regimes, establishing new democratic institutions, or reforming mature democracies to better live up to their ideals. The work of securing it is never finished.

In Search of Christian Freedom Prabhat Prakashan

Back in print for the first time since Muggeridge's death in 1990, both published volumes of his acclaimed biography--The Green Stick and The Infernal Grove, plus the previously unpublished start to an unfinished third volume entitled The Right Eye--all brought together in one unabridged volume. "There is not a flat page in this mingling of anecdote, comment and self-criticism. . . . An international throng of writers, politicians, soldiers, spies, traitors and eccentrics jostles in these page from Attlee to Wodehouse via Burgess and Philby, Churchill, de Gaulle, Gide, Chanel, Montgomery, Evelyn Waugh." -The Daily Telegraph "Much of it . . . is very funny indeed; his description of being inducted into the mysteries of invisible writing when he joined the M16, for instance, is one of the

great comic set-pieces that are artfully placed throughout the book. . . . Apart from these, the wit sparkles on almost every page." -The Observer .". . . this is one of the most delightful and entertaining memoirs of our age." -The Washington Post "A sure hand pushes the pen; a splendid mind guides the hand. There are paragraphs in this book that . . . are models of the best of clarity, grace and beauty in the English language." -The Dallas Morning News

Born in 1903, Malcolm Muggeridge started his career as a university lecturer in Cairo before taking up journalism. As a journalist he worked around the world on the Guardian, Calcutta Statesman, the Evening Standard and the Daily Telegraph. In 1953 became editor of Punch, where he remained for four years. In later years he became best known as a broadcaster both on television and radio for the BBC. His other books include Jesus Rediscovered, Christ and the Media, and A Third Testament.

My Life with the Taliban Rosetta Books

Controversial evangelical Bible scholar, popular blogger and podcast host of The Bible for Normal People, and author of The Bible Tells Me So and The Sin of Certainty explains that the Bible is not an instruction manual

or rule book but a powerful learning tool that nurtures our spiritual growth by refusing to provide us with easy answers but instead forces us to acquire wisdom. For many Christians, the Bible is a how-to manual filled with literal truths about belief that must be strictly followed. But the Bible is not static, Peter Enns argues. It does not hold easy answers to the perplexing questions and issues that confront us in our daily lives. Rather, the Bible is a dynamic instrument for study that not only offers an abundance of insights but provokes us to find our own answers to spiritual questions, cultivating God ' s wisdom within us. " The Bible becomes a confusing mess when we expect it to function as a rulebook for faith. But when we allow the Bible to determine our expectations, we see that Wisdom, not answers, is the Bible ' s true subject matter, " writes Enns. This distinction, he points out, is important because when we come to the Bible expecting it to be a textbook intended by God to give us unwavering certainty about our faith, we are actually creating problems for ourselves. The Bible, in

other words, really isn ' t the problem; having the wrong expectation is what interferes with our reading. Rather than considering the Bible as an ancient book weighed down with problems, flaws, and contradictions that must be defended by modern readers, Enns offers a vision of the holy scriptures as an inspired and empowering resource to help us better understand how to live as a person of faith today. How the Bible Actually Works makes clear that there is no one right way to read the Bible. Moving us beyond the damaging idea that " being right " is the most important measure of faith, Enns ' s freeing approach to Bible study helps us to instead focus on pursuing enlightenment and building our relationship with God—which is exactly what the Bible was designed to do. Almost All Your Questions  
History and teachings of Jehovah's  
Witnesses organization.  
Acres, U.S.A. Thomas Nelson  
The Millennial reign, the one true  
God, salvation, evidence of the  
Baptism, judgement day-16  
doctrines in all-are all examined in  
this volume on the Statement of  
Fundamental Truths of the  
Assemblies of God.  
Herald and Presbyter  
"The Crucible" is a 1952 play by  
the American playwright Arthur  
Miller. It is a dramatization of the  
Salem witch trials that took place in  
the Province of Massachusetts Bay  
during 1692 and 1693. Miller wrote  
the play as an allegory of  
McCarthyism, when the US  
government blacklisted accused  
communists. Miller himself was  
questioned by the House of  
Representatives' Committee on Un-  
American Activities in 1956 and  
convicted of "contempt of  
Congress" for refusing to identify  
others present at meetings he had

attended. It was first performed at  
the Martin Beck Theater on  
Broadway on January 22, 1953.  
Miller felt that this production was  
too stylized and cold and the  
reviews for it were largely hostile  
(although The New York Times  
noted "a powerful play in a driving  
performance"). Nonetheless, the  
production won the 1953 "Best  
Play" Tony Award. A year later a  
new production succeeded and the  
play became a classic. It is a central  
work in the canon of American  
drama. Fuji Books' edition of "The  
Crucible" contains supplementary  
texts: \* "Tragedy And The Common  
Man", an essay by Arthur Miller. \*  
Excerpts from Nathaniel  
Hawthorne's magnum opus "The  
Scarlet Letter", a narrative of the  
Salem Witch trials. \* A few selected  
quotes of Arthur Miller.  
The Theocratic Kingdom  
An inside look at what it means to be  
pro-regime in Iran, and the debates  
around the future of the Islamic  
Republic. More than half of Iran's

citizens were not alive at the time of  
the 1979 Revolution. Now entering its  
fifth decade in power, the Iranian  
regime faces the paradox of any  
successful revolution: how to transmit  
the commitments of its political project  
to the next generation. New media  
ventures supported by the Islamic  
Republic attempt to win the hearts and  
minds of younger Iranians. Yet  
members of this new  
generation--whether dissidents or  
fundamentalists--are increasingly  
skeptical of these efforts. Iran  
Reframed offers unprecedented access  
to those who wield power in Iran as  
they debate and define the future of  
the Republic. Over ten years, Narges  
Bajoghli met with men in Iran's  
Revolutionary Guard, Ansar Hezbollah,  
and Basij paramilitary organizations to  
investigate how their media producers  
developed strategies to court Iranian  
youth. Readers come to know these

Contestation over how to define the  
regime underlies all their efforts to  
communicate with the public. This

---

book offers a multilayered story about what it means to be pro-regime in the Islamic Republic, challenging everything we think we know about Iran and revolution.

Harper's Weekly

George N. H. Peters (1825 – 1909) was an American Lutheran minister whose life work, this three-volume defense of non-dispensational premillennial theology, was published in 1884. Wilbur E. Smith calls it “ the most exhaustive, thoroughly annotated and logically arranged study of Biblical prophecy that appeared in our country during the nineteenth century. ”

Democracy

Some say that the Gospels are incompatible, heterogeneous, or even contradictory. We will find out how four writers, four Gospel writers have contributed in their own way to our understanding of the complexity of the agony of Christ. This book is a journey of discovery of faith through the versions of four great authors of the Gospels: Matthew, Mark, Luke, and John.  
TO WALK IN THE FOOTSTEPS OF CHRIST

Discusses the history and religious doctrines of the Jehovah's Witnesses and examines the parallels between the religion and George Orwell's novel, 1984

The Saturday Review of Politics, Literature, Science and Art
