Stephen W. Littlejohn, Karen A. Foss, John G. Oetzel. The Eleventh Edition is organized around: (1) elements of the basic communication model—communicator, message, medium, and “beyond” human communication; and (2) communication contexts—relationship, group,

organization, health, culture, and society. A new chapter discusses four frameworks by which theories can be organized; students can see how theories contribute to and are impacted by larger issues about the nature of inquiry. Theories of human communication (Book, 2011) [WorldCat.org]
