David B. Coe, winner of the William L. Crawford Award for Best First Fantasy Series for the LonTobyn Chronicle, continues his rise to the top rank of fantasy writers with Rules of Ascension, the first novel of an exciting new epic fantasy quartet, Winds of the Forelands. For centuries the Forelands were disputed by several tribes. Then came the magically gifted Qirsi--physically no match for their foes, but capable of mindsight, creating and controlling mists and fire, and bending solid matter to their purpose. After a Qirsi traitor betrayed his race to save himself, the Qirsi were defeated and dispersed among the seven realms of the Forelands. Those specially endowed Qirsi capable of multiple powers, the Weavers, were all put to death. For centuries the Forelands enjoyed relative peace. But when Tavis, the heir to the Kingdom of Curch, is wrongfully blamed for the murder of a noble, the accusation sets in motion a series of events culminating in civil war. The ensuing chaos topples the throne in Eibithar and threatens to rain chaos on all the realms of the Forelands. Tavis, thrust into the center of deadly controversy and stripped of the protection of his family's nobility, turns to the Qirsi, his last remaining hope for redemption. But another Qirsi traitor, secretly fomenting fear and mistrust among the Dukedoms, seeks to destroy Tavis. Tavis must survive long enough to clear his name and save an entire kingdom. A powerful, compelling tale set in an unforgettable land, rules of Ascension will capture your heart and fire your imagination.

Book #1 in The Case Files of Justis Fearsson, a new contemporary fantasy series from fantasy all-star David B. Coe. A hardboiled, magic-using private detective hunts a serial killer in Phoenix, Arizona. Justis Fearsson is a private investigator on the trail of a serial killer in Phoenix, Arizona. Justis is also a weremyste—a person with a wizard's gifts and the ability to see into the paranormal world. Unfortunately, weremystes also tend to go crazy on the full moon—which is why Justis is no longer a cop.

Hard to explain those absences as anything but mental breakdown. But now an old case from his police detective days has come back to haunt him, literally, as a serial killer known as the Blind Angel strikes again. His signature stroke: burning out the victims' eyes with magic. Now the victims are piling up, including the daughter of a senator, and Justis must race to stop the Blind Angel before he, she, or it kills again. There's only one clue he's got to go on: the Blind Angel is using the most powerful magic Justis has ever encountered, and if he doesn't watch his own magical step, he may end up just as dead as the other vics. About Spell Blind: "Coe brings deep knowledge of both fantasy and mystery to his well-structured first urban fantasy novel. . . . he tells an entertaining story with a good mystery at its core."—Publishers Weekly About David B. Coe's Rules of Ascension: "War and politics, love and magic, all drawn in detail against a vividly imagined feudal background. A complex and excellent book." —David Drake, author of Lord of the Isles ". . . epic . . . a world of rival nobles, sinister mages, and a few men and women of courage and conviction. "The theme of this book is reincarnation, an attempt to show the interplay--the law of cause and effect, good and evil, among certain individual souls in two periods of English history." Green Darkness is the story of a great love, a love in which mysticism, suspense, and mystery form a web of good and evil forces that stretches from Tudor England to the England of the twentieth century. The marriage of the Englishman Richard Marsdon and his young American wife, Celia, slowly turns tragic as Richard withdraws into himself and Celia suffers a debilitating emotional breakdown. A wise mystic realizes that Celia can escape her past only by reliving it. She journeys back four hundred years to her former life as the servant girl Celia de Bohun during the reign of Edward VI--and to her doomed love affair with the chaplain Stephen Marsdon. Although Celia and Stephen can't escape the horrifying consequences of their love, fate (and time) offer them another chance for redemption. Anya Seton (1904-1990) was the author of many best-selling historical novels, including Katherine, The Winthrop Woman, Avalon, Dragonwyck, Devil Water, and Foxfire. The Goliath Stone is a visionary tale from Larry Niven and Matthew Joseph Harrington. Doctor Toby Glycer has effected miracle cures with the use of nanotechnology. But Glycer's controversial nanites are more than just the latest technological advance, they are a new form of life--and they have more uses than just medical. Glycer's nanites also have the potential to make everyone on Earth rich from the wealth of asteroids. Twenty-five years ago, the Briareus mission took nanomachinery out to divert an Earth-crossing asteroid and bring it back to be mined, only to drop out of contact as soon as it reached its target. The project was shut down and the technology was forcibly suppressed. Now, a much, much larger asteroid is on a collision course with Earth--and the Briareus nanites may be responsible. While the government scrambles to find a solution, Glycer knows that their only hope of avoiding Armageddon lies in the

nanites themselves. On the run, Glycer must track down his old partner, William Connors, and find a way to make contact with their wayward children. As every parent learns, when you produce a new thinking being, the plans it makes are not necessarily your plans. But with a two-hundred-gigaton asteroid that rivals the rock that felled the dinosaurs hurtling toward Earth, Glycer and Connors don't have time to argue. Spell Blind Tor Teen

For a millenium, the Children of Amarid have served the people of Tobyn-Ser. Drawing upon the Mage-Craft, which flows from the psychic bond they forge with their avian familiars, the Mages of the Order have fulfilled their oaths by healing the injured and ill, repelling invasions by the land's enemies, and caring for the people in times of crisis. They are governed by laws handed down by Amarid, the first of their kind, who committed the Mage-Craft to the people's protection. Only once in a thousand years has a mage defied those laws.

Theron, a contemporary of Amarid, sought to use his powers to gain wealth and glory. For that he was punished, though not before he brought down a terrible curse on his fellow mages and all who would come after them.

Recently, dark rumors have spread across Tobyn-Ser. Children of Amarid have been seen destroying crops, vandalizing homes, massacring men, women, and children. Have the mages forsaken their oaths? Has Theron returned from beyond death to take his vengeance? Or does Tobyn-Ser face a new threat, one it is ill-prepared and ill-equipped to face? With the land in turmoil and faith in the Mage-Craft badly shaken, it falls to Jaryd, a young mage with extraordinary

potential, but little knowledge of the power he wields, to find and destroy Toba-Ser's enemies before they destroy all he holds dear. CHILDREN OF AMARID is the first volume of the LonToba Chronicle, David B. Coe's Crawford Award-winning debut series. This is the Author's Edit of the original book.
