Small Great Things Random
House
Recalling pivotal moments
from her dynamic career on
the front lines of American
diplomacy and foreign policy,
Susan E. Rice—National

Security Advisor to President
Barack Obama and US
Ambassador to the United
Nations—reveals her
surprising story with
unflinching candor in this
New York Times bestseller.
Mother, wife, scholar,
diplomat, and fierce champion
of American interests and
values, Susan Rice powerfully
connects the personal and the
professional. Taught early,
with tough love, how to
compete and excel as an

African American woman in
settings where people of color
are few, Susan now shares the
wisdom she learned along the
way. Laying bare the family
struggles that shaped her early
life in Washington, DC, she
also examines the ancestral
legacies that influenced her.
Rice ' s elders—immigrants
on one side and descendants
of slaves on the other—had
high expectations that each
generation would rise. And
rise they did, but not without

paying it forward—in uniform and in the pulpit, as educators, community leaders, and public servants. Susan too rose rapidly. She served throughout the Clinton administration, becoming one of the nation's youngest assistant secretaries of state and, later, one of President Obama's most trusted advisors. Rice provides an insider's account of some of the most complex issues confronting the United States over three decades, ranging from “Black Hawk Down” in Somalia to the genocide in Rwanda and

the East Africa embassy bombings in the late 1990s, and from conflicts in Libya and Syria to the Ebola epidemic, a secret channel to Iran, and the opening to Cuba during the Obama years. With unmatched insight and characteristic bluntness, she reveals previously untold stories behind recent national security challenges, including confrontations with Russia and China, the war against ISIS, the struggle to contain the fallout from Edward Snowden's NSA leaks, the U.S. response to Russian

interference in the 2016 election, and the surreal transition to the Trump administration. Although you might think you know Susan Rice—whose name became synonymous with Benghazi following her Sunday news show appearances after the deadly 2012 terrorist attacks in Libya—now, through these pages, you truly will know her for the first time. Often mischaracterized by both political opponents and champions, Rice emerges as neither a villain nor a victim, but a strong, resilient,

compassionate leader. Intimate, sometimes humorous, but always candid, Tough Love makes an urgent appeal to the American public to bridge our dangerous domestic divides in order to preserve our democracy and sustain our global leadership. [My Story of the Things Worth Fighting For](#) Atlantic Publishing Company Enjoy the sound of buses racing along the highway through this ingenious multi-sensory tool. When a child goes over picture books, he sees with his eyes, listens with his eyes, smells the pages with his

nose and touches them with his hands. It's a multi-sensory experience that makes complex concepts become simpler. Buy a copy today! **Mostly Dead Things** St. Martin's Press One girl's simple act of kindness causes ripples in her community in this witty, heartwarming story about paying it forward The day after a mighty storm, a little girl finds a sea star that has washed up on shore, and she returns it to the ocean. Seeing her small act of kindness, an old man heads to an animal shelter with his grandson to pick a dog in need of a home.

His grandson feels inspired to help an elderly woman clean up her yard, which inspires a teenager to pack an extra lunch for someone in need, and on and on until each small gesture builds toward a magnificent conclusion. Full of humor, heart, and proof of the generosity that we all have inside of us, Christian Trimmer and Kaylani Juanita's story is a welcome reminder: It's the little things that make a big difference. *Writing the Self in English Renaissance Narrative Poetry* Duke University Press #1 NEW YORK TIMES BESTSELLER • With richly layered characters and a gripping

moral dilemma that will lead readers to question everything they know about privilege, power, and race, *Small Great Things* is the stunning new page-turner from Jodi Picoult. **SOON TO BE A MAJOR MOTION PICTURE** “[Picoult] offers a thought-provoking examination of racism in America today, both overt and subtle. Her many readers will find much to discuss in the pages of this topical, moving book.”—Booklist (starred review)

Ruth Jefferson is a labor and delivery nurse at a Connecticut hospital with more than twenty years’ experience. During her shift, Ruth begins a routine checkup on a newborn, only to be told a few minutes later that she’s

been reassigned to another patient. The parents are white supremacists and don’t want Ruth, who is African American, to touch their child. The hospital complies with their request, but the next day, the baby goes into cardiac distress while Ruth is alone in the nursery. Does she obey orders or does she intervene? Ruth hesitates before performing CPR and, as a result, is charged with a serious crime. Kennedy McQuarrie, a white public defender, takes her case but gives unexpected advice: Kennedy insists that mentioning race in the courtroom is not a winning strategy. Conflicted by Kennedy’s counsel, Ruth tries to keep life as normal as possible for her

family—especially her teenage son—as the case becomes a media sensation. As the trial moves forward, Ruth and Kennedy must gain each other’s trust, and come to see that what they’ve been taught their whole lives about others—and themselves—might be wrong. With incredible empathy, intelligence, and candor, Jodi Picoult tackles race, privilege, prejudice, justice, and compassion—and doesn’t offer easy answers. *Small Great Things* is a remarkable achievement from a writer at the top of her game. Praise for *Small Great Things* “*Small Great Things* is the most important novel Jodi Picoult has ever written. . . . It will challenge her readers . . . [and] expand our

cultural conversation about race and prejudice.”—The Washington Post “A novel that puts its finger on the very pulse of the nation that we live in today . . . a fantastic read from beginning to end, as can always be expected from Picoult, this novel maintains a steady, page-turning pace that makes it hard for readers to put down.”—San Francisco Book Review

The Three Best Things - A Great Moral Story

Simon and Schuster
Anna Forster is only thirty-eight years old, but her mind is slowly slipping away from her. Armed only with her

keen wit and sharp-eyed determination, she knows that her family is doing what they believe to be best when they take her to Rosalind House, an assisted living facility. But Anna has a secret: she does not plan on staying. She also knows there's just one another resident who is her age, Luke. What she does not expect is the love that blossoms between her and Luke even as she resists her new life. As her disease steals more and more of her memory, Anna fights to hold on to what she knows, including her relationship with Luke. Eve Bennett, suddenly thrust into the role of single mother to her bright and vivacious seven-year-old daughter, finds herself putting her culinary training to use at Rosalind house. When she meets Anna and Luke, she is moved by the bond the pair has

forged. But when a tragic incident leads Anna's and Luke's families to separate them, Eve finds herself questioning what she is willing to risk to help them. Eve has her own secrets, and her own desperate circumstances that raise the stakes even higher. With huge heart, humor, and a compassionate understanding of human nature, Sally Hepworth delivers a page-turning

novel about the power of love to grow and endure even when faced with the most devastating of obstacles. You won't forget *The Things We Keep*.

Things That Changed the Course of History: The Story of the Invention of the Typewriter 150 Years Later Random House Books for Young Readers

In this ingenious book Perec creates an entire microcosm in a Paris apartment block. Serge Valene wants to make an elaborate painting of the

building he has made his home for the last sixty years. As he plans his picture, he contemplates the lives of all the people he has ever known there.

Chapter by chapter, the narrative moves around the building revealing a marvellously diverse cast of characters in a series of every more unlikely tales, which range from an avenging murderer to an eccentric English millionaire who has devised the ultimate pastime...

NATIONAL
BESTSELLER •
WINNER OF THE
PULITZER PRIZE • A
searing, post-apocalyptic
novel about a father and
son's fight to survive,
this "tale of survival and
the miracle of goodness
only adds to McCarthy's
stature as a living
master. It's gripping,
frightening and,

ultimately, beautiful" (San Francisco Chronicle). A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the

clothes they are wearing, a cart of scavenged food—and each other. The Road is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and

the tenderness that keeps two people alive in the face of total devastation. The New New Thing: A Silicon Valley Story WestBow Press

The Story of a Southern Girl Who Went through Fire to Find Her Way

Home Tin House Books
Okonkwo is the greatest warrior alive, famous throughout West Africa. But when he accidentally kills a clansman, things begin to fall apart. Then Okonkwo returns from exile to find missionaries and colonial governors have arrived in the village. With his world thrown radically off-balance he can only hurtle towards tragedy. Chinua Achebe's stark novel reshaped both African and world literature. This arresting

parable of a proud but powerless man witnessing the ruin of his people begins Achebe's landmark trilogy of works chronicling the fate of one African community, continued in *Arrow of God* and *No Longer at Ease*.

All the Ugly and Wonderful Things

Random House
NATIONAL BESTSELLER • A stunning “portrait of the enduring grace of friendship” (NPR) about the families we

are born into, and those that we make for ourselves. A masterful depiction of love in the twenty-first century. A NATIONAL BOOK AWARD FINALIST • A MAN BOOKER PRIZE FINALIST • WINNER OF THE KIRKUS PRIZE A Little Life follows four college classmates—broke, adrift, and buoyed only by their friendship and ambition—as they move to New York in search of fame and fortune.

While their relationships, which are tinged by addiction, success, and pride, deepen over the decades, the men are held together by their devotion to the brilliant, enigmatic Jude, a man scarred by an unspeakable childhood trauma. A hymn to brotherly bonds and a masterful depiction of love in the twenty-first century, Hanya Yanagihara ' s stunning novel is about the

families we are born into, and those that we make for ourselves. Look for Hanya Yanagihara ' s new novel, *To Paradise*, coming in January 2022.

[An uplifting, emotional story as seen on ITV in the Zoe Ball Book Club](#)
Simon & Schuster

In essence, this story is about how a certain person was searching his bookshelf for something to read and in the end found a book,

which turned out to be the source, from which it is possible to obtain absolutely any kind of information about absolutely any person. Meaning, information to the smallest particulars and details about what his or her qualities of personality are, how he or she lives, what he or she really wants to achieve, what he or she hides, and much more. And, it does not matter, if the subject is some person, who lived in the

distant past or lives in the present or someone, who will live in the future. Since, as it turned out later on, this literary monument is nothing other than the Catalog of human population. In other words, the encyclopedia of Homo sapiens; in essence, the same as encyclopedias, reference books for specialists, which contain complete information about representatives of a particular subspecies of animals, plants, etc. Although at some point, the course of this story turned banal: "bad guys" from security services, intelligence services, politics decided to not only use this source of knowledge for their dirty deeds, but also to appropriate it solely for their personal use. And, the way they tried to do this is also banal: by physically destroying the author of discovery of the Catalog of human population and all of his colleagues. However, the ending of this story makes it stand out from the category of ordinary spy stories. At least because the main characters of this story managed to survive not due to favorable concatenation of circumstances or someone's help, but thanks to that knowledge, which they discovered in the ancient text, which turned out to be the

Catalog of human population. Of course, such an outcome upset and continues to upset not only the Russian special services, but also all those people in whose way developers of the Catalog of human population got. And, in this civilization, there are countless numbers of such people: from psychologists (who become no longer needed by anyone) to organizers of this civilization themselves.

Since from the standpoint of the Catalog of human population—technogenic civilization without a human, which they lovingly built for many centuries, is simply trash, to put it mildly, and beneath all criticism. And, they themselves are also trash. However, regular people, who (thanks to the scientific discovery made by Andrey Davydov) got the source with answers to

all of their questions and individual recipes, now no longer need to pay "experts on the human soul" for being shamelessly fooled. Therefore, whoever tries to kill developers of the Catalog of human population in the future must know that it is no longer possible, as they already became part of history of humanity. After all, at the current stage of development, a Homo sapiens has only one possibility to

continue to live after death, to live through the ages: in the product that he/she created. And, those, who tried and continue to try to kill them, were nobodies and will remain nobodies, who one day will cease to exist without leaving a trace. As for organizers of this "civilization"—maybe instead of trying to find new recipes to destroy "excess billions" and trying to examine

human potential using Neanderthal methods, it would be more reasonable not only to find out the recipe of how to make Homo sapiens a 100% controllable producer and consumer from the source (which, by the way, seems to have been left to humanity by creators of nature and a human on this planet), but also how to build a civilization without quotes? After all, it only seems to them that they

are the main deceivers, while in reality they were fooled, and fooled majorly. All the Pretty Things Vintage New York Times Bestseller. "A superb book. . . . [Lewis] makes Silicon Valley as thrilling and intelligible as he made Wall Street in his best-selling Liar 's Poker." —Time In the weird glow of the dying millennium, Michael Lewis set out on a safari through Silicon Valley to find the world 's most

important technology entrepreneur. He found this in Jim Clark, a man whose achievements include the founding of three separate billion-dollar companies. Lewis also found much more, and the result—the best-selling book *The New New Thing*—is an ingeniously conceived history of the Internet revolution.

The Land of Stories: The Wishing Spell HPA Press
Maybe you've never used a typewriter yourself, but you've probably seen a movie set sometime in the

20th century that features a room full of them. Perhaps you've heard the distinctive clickety-clack of the machine, the loud ping when the typists get to the end of the line, and the gentle swoosh as the typists start all over again. For those of us who grew up with computers, typewriters have an undeniable fascination, but let's stop trying to think of the typewriter as something that is vintage. Let's start considering it as the amazing technological development that it was and is. To this day, keyboards follow the QWERTY format

because Christopher Latham Sholes -- the inventor of the typewriter -- designed his keyboards this way. Women were able to enter the workforce with decent-paying jobs because being a typist was deemed an acceptable position for women. The industrialization of the economy was helped along by this more sophisticated device. Not only is the typewriter the direct predecessor of the computer, which has completely changed the way we communicate, but it's also a charming machine in its own right, with its

clickety-clack, ping, and swoosh. Experience the story of the invention of the typewriter with help from our featured guests: Linda Deutsch, famed former Associated Press reporter; Dorothy Portnoy, long-time typing teacher in Manhattan, and Steven Hausman, technology consultant and former Deputy Director for the National Institute of Health.-- (10/19/2016 12:00:00 AM)
