Letter to My Daughter

Harvest House Publishers  
Married . . . with Children premiered on Fox TV in 1987 and updated the Don Ameche and Frances Langford radio comedy series, The Bickersons, and Jackie Gleason's TV classic, The Honeymooners, with a raunchy, cutting-edge slant that focused on a lovable yet laughable family headed by endearingly flawed Al (Ed O'Neill), his housework-hating wife, sexy daughter, and randy son. For 11 seasons, the brilliant team of talent put the funk in dysfunctional. Rediscover the exhilarating humor and intellectual excitement in Denise Noe's first book. She delves behind-the-scenes with Michael Moyer, Ron Leavitt, Ed

O'Neill, Katey Sagal, Christina Applegate, David Faustino, David Garrison, Amanda Bearse, E. E. Bell, and Ritch Shydrer. You'll be fascinated by the story of how two rogue writers created a deliberately off-the-wall program; how it almost got derailed before production began; how a controversy could have plucked the series off the air but ended up injecting a much needed shot in the arm; how a reality-based show occasionally—and courageously—ventured into comedy with a fantasy, horror, and/or science fiction spin. Things My Daughter

Needs to Know Harper Collins  
 40 Things is intended to provide parents with a concise and powerful resource to help educate and inform their children (kindergarten to young adult teens and even college age young adults) on a number of what I as a father consider to be the most important spiritual/biblical truths on a number of vital topics, (i.e., life, marriage, truth, the law, the purpose of government, and salvation.) 40 Things is primarily intended to combat/refute the predominant and most popular teachings and philosophies of secular humanism, post-modernism, moral relativism and universalism so pervasive today in our

society (sadly even in many Christian circles) and to empower/encourage the next generation to think and act biblically. I am also hoping that the same parents who purchase the book for their kids will also purchase it for any unsaved, skeptical or backslidden family/friends to lead them to the truth of the Gospel. The book has already received rave reviews and endorsements from many Christian leaders and public figures such as Ray Comfort (who wrote the Foreword), R.C. Sproul Jr., Dr. Michael Milton, E. Ray Moore, Dr. Ted Baehr, Steve Deace, and J.C. Watts.

Club Pick! The New York Times bestselling author of the “mesmerizing and evocative” (Sara Gruen, author of Water for Elephants) Hotel on the Corner of Bitter and Sweet returns with a powerful exploration of the love that binds one family across the generations. Dorothy Moy breaks her own heart for a living. As Washington’s former poet laureate, that’s how she describes channeling her dissociative episodes and mental health struggles into her art. But when her five-year-old daughter exhibits similar behavior and begins remembering things from the lives of their ancestors, Dorothy believes the past has truly come to haunt her. Fearing that her child is predestined

---

to endure the same debilitating depression that has marked her own life, Dorothy seeks radical help. Through an experimental treatment designed to mitigate inherited trauma, Dorothy intimately connects with past generations of women in her family: Faye Moy, a nurse in China serving with the Flying Tigers; Zoe Moy, a student in England at a famous school with no rules; Lai King Moy, a girl quarantined in San Francisco during a plague epidemic; Greta Moy, a tech executive with a unique dating app; and Afong Moy, the first Chinese woman to set foot in America. As painful recollections affect her present life, Dorothy discovers that trauma isn't the only thing she's inherited. A

stranger is searching for her in each time period. A stranger who's loved her through all of her genetic memories. Dorothy endeavors to break the cycle of pain and abandonment, to finally find peace for her daughter, and gain the love that has long been waiting, knowing she may pay the ultimate price. What I Want My Adopted Child to Know: An Adoptive Parent's Perspective is a tender, revealing look at adoption from the parent perspective. Whether you are an adoptive parent, an adoptee, someone considering

adoption, or simply curious about adoption dynamics, What I Want My Adopted Child to Know: An Adoptive Parent's Perspective will touch your heart and increase your sensitivity to the challenges and joys that are unique to adoptive parenting. Bacchetta wrote the book in response to a need common among adoptive families. Adoptive families navigate emotional terrain that fully-biological families don't have to. This is a book adoptive parents can give to their child and say, I know adoption is painful, unsettling, joyous, and affirming. It's that way for me too.

---

More than anything, adoption is the way we came together, and I'll always be grateful for that.' Bacchetta's words echo with the collective voice of over 100 adoptive parents interviewed for this book. With chapters like *I Would Do it All Again*, *You Are Not Different Because You Were Adopted*, and *I Regret What I Can't Give You, What I Want My Adopted Child to Know* is by turns affirming, challenging, thoughtful, wistful, and poignant. *an Ordinary Day* reminisces on the art of balancing family, politics and a writing career during her pre-fame years in the 1970s and 1980s, tracing her rise from a small-time columnist and her friendships with such notables as Richard Pryor, Avery Brooks and Jesse Jackson. *Tikki Tikki Tembo* (Spanish language edition) Random House *How to Raise Kids Who Aren't Assholes* is a clear, actionable, sometimes humorous (but always science-based) guide for parents on how to shape their kids into honest, kind, generous, confident, independent, and resilient people...who just might save the

world one day. As an award-winning science journalist, Melinda Wenner Moyer was regularly asked to investigate and address all kinds of parenting questions: how to potty train, when and whether to get vaccines, and how to help kids sleep through the night. But as Melinda's children grew, she found that one huge area was ignored in the realm of parenting advice: how do we make sure our kids don't grow up to be assholes? On social media, in the news, and from the highest levels of government, kids are increasingly getting the message that being selfish, obnoxious and cruel is okay. Hate crimes among children and teens are rising, while compassion among teens has been

---

dropping. We know, of course, that young people have the capacity for great empathy, resilience, and action, and we all want to bring up kids who will help build a better tomorrow. But how do we actually do this? How do we raise children who are kind, considerate, and ethical inside and outside the home, who will grow into adults committed to making the world a better place? *How to Raise Kids Who Aren't Assholes* is a deeply researched, evidence-based primer that provides a fresh, often surprising perspective on parenting issues, from toddlerhood through the teenage years. First, Melinda outlines the traits we want our children to possess—including honesty, generosity,

and antiracism—and then she provides scientifically-based strategies that will help parents instill those characteristics in their kids. Learn how to raise the kind of kids you actually want to hang out with—and who just might save the world. *Act Like You Got Some Sense* Workman Publishing Company A groundbreaking guide to raising responsible, capable, happy kids Based on the latest research on brain development and extensive clinical experience with parents, Dr. Laura Markham's approach is as simple as it is effective. Her message: Fostering emotional connection with your child creates real and lasting change. When you

have that vital connection, you don't need to threaten, nag, plead, bribe—or even punish. This remarkable guide will help parents better understand their own emotions—and get them in check—so they can parent with healthy limits, empathy, and clear communication to raise a self-disciplined child. Step-by-step examples give solutions and kid-tested phrasing for parents of toddlers right through the elementary years. heartbreaking and hilarious memoir by iCarly and Sam & Cat star Jennette McCurdy about her struggles as a former child actor—including eating disorders, addiction, and a complicated relationship with her overbearing mother—and how

she retook control of her life. Jennette McCurdy was six years old when she had her first acting audition. Her mother's dream was for her only daughter to become a star, and Jennette would do anything to make her mother happy. So she went along with what Mom called "calorie restriction," eating little and weighing herself five times a day. She endured extensive at-home makeovers while Mom chided, "Your eyelashes are invisible, okay? You think Dakota Fanning doesn't tint hers?" She was even showered by Mom until age

sixteen while sharing her diaries, email, and all her income. In I'm Glad My Mom Died, Jennette recounts all this in unflinching detail—just as she chronicles what happens when the dream finally comes true. Cast in a new Nickelodeon series called iCarly, she is thrust into fame. Though Mom is ecstatic, emailing fan club moderators and getting on a first-name basis with the paparazzi ("Hi Gale!"), Jennette is riddled with anxiety, shame, and self-loathing, which manifest into eating disorders, addiction, and a series of unhealthy relationships. These

---

issues only get worse when, soon after taking the lead in the iCarly spinoff Sam & Cat alongside Ariana Grande, her mother dies of cancer. Finally, after discovering therapy and quitting acting, Jennette embarks on recovery and decides for the first time in her life what she really wants. Told with refreshing candor and dark humor, *I'm Glad My Mom Died* is an inspiring story of resilience, independence, and the joy of shampooing your own hair. *Foreverland* Harper Collins

This book unveils how parenting helped shape some of the most fascinating people you will ever encounter, by doing things that almost any parent can do. *Secrets to Raising Highly Successful Children*, Harvard economist Ronald Ferguson, named in a *New York Times* profile as the foremost expert on the US educational "achievement gap," along with award-winning journalist Tatsha Robertson, reveal an intriguing blueprint for helping children from all types of backgrounds become successful adults. Informed by hundreds of interviews, the book includes never-before-published insights from the "How I was Parented Project" at Harvard University, which draws on the varying life experiences of 120 Harvard

students. Ferguson and Robertson have isolated a pattern with eight roles of the "Master Parent" that make up the Formula: the Early Learning Partner, the Flight Engineer, the Fixer, the Revealer, the Philosopher, the Model, the Negotiator, and the GPS Navigational Voice. The Formula combines the latest scientific research on child development, learning, and brain growth and illustrates with life stories of extraordinary individuals—from the Harvard-educated Ghanian entrepreneur who, as the young child of a rural doctor, was welcomed in his father's secretive late-night political meetings; to the nation's youngest state-wide elected official, whose hardworking father taught him math and science during grueling days on the family farm in Kentucky; to the DREAMer immigration lawyer whose low-wage mother pawned her wedding ring to buy her academically outstanding child a special flute. The Formula reveals strategies on how you—regardless of race, class, or background—can help your children become the best they can be and shows ways to maximize their chances for happy and purposeful lives.
