Mark didn't ask to move to New Hampshire. Or to go to a hick school like Hardy Elementary. And he certainly didn't request Mr. Maxwell as his teacher. Mr. Maxwell doesn't like rich kids, or slackers, or know-it-alls. And he's decided that Mark is all of those things. Now the whole school is headed out for a week of camping -- Hardy's famous Week in the Woods. At first it sounds dumb, but then Mark begins to open up to life in the country, and he decides it might be okay to learn something new. It might even be fun. But things go all wrong for Mark. The Week in the Woods is not what anyone planned. Especially not Mr. Maxwell. With his uncanny knack to reach right to the heart of kids, Andrew Clements asks -- and answers -- questions about first impressions, fairness, loyalty, and courage -- and exactly what it takes to spend a Week in the Woods.

Magic Bites Simon and Schuster

The Evidence of Things Not Seen, award-winning author James Baldwin's searing 1985 indictment of the nation's racial stagnation, is contextualized anew by an introduction from New York Times bestselling author and political leader Stacey Abrams. In this essential work, James Baldwin examines the Atlanta child murders that took place over twenty-two months in 1979 and 1980. Examining this incident with a reporter's skill and an essayist's insight, he notes the significance of Atlanta as the site of these brutal killings—a city that claimed to be “too busy to hate”—and the permeation of race throughout the case: the Black administration in Atlanta; the murdered Black children; and Wayne Williams, the

Black man tried for the crimes. In Baldwin's hands, this specific set of events has transcended its era and remains as relevant today as ever. Rummaging through the ruins of American race relations, Baldwin addresses all the hard-to-face issues that have brought us to a moment in history when we are forced to reckon with some of the country's most ingrained, foundational issues and when, too often, public officials fail to ask real questions about “justice for all.” In this, his last book, Baldwin also reveals his optimistic faith in America's ability to move toward repair: “This is the only nation in the world that can hope to liberate—to begin to liberate—mankind from the strangling idea of the national identity and the tyranny of the territorial dispute. I know this sounds remote, now, and that I will not live to see anything resembling this hope come to pass. Yet, I know that I have seen it—in fire and blood and anguish, true, but I have seen it. I speak with the authority of the issue of the slave born in the country once believed to be: the last best hope of earth.”

The Last Thing I Remember Grove/Atlantic, Inc.
NOW A MAJOR MOTION PICTURE The #1 New York Times bestselling worldwide sensation

with more than 15 million copies sold, “a painfully beautiful first novel that is at once a murder mystery, a coming-of-age narrative and a celebration of nature” (The New York Times Book Review). For years, rumors of the “Marsh Girl” have haunted Barkley Cove, a quiet town on the North Carolina coast. So in late 1969, when handsome Chase Andrews is found dead, the locals immediately suspect Kya Clark, the so-called Marsh Girl. But Kya is not what they say. Sensitive and intelligent, she has survived for years alone in the marsh that she calls home, finding friends in the gulls and lessons in the sand. Then the time comes when she yearns to be touched and loved. When two young men from town become intrigued by her wild beauty, Kya opens herself to a new life—until the unthinkable happens. *Where the Crawdads Sing* is at once an exquisite ode to the natural world, a heartbreaking coming-of-age story, and a surprising tale of possible murder. Delia Owens reminds us that we are forever shaped by the children we once were, and that we are all subject to the beautiful and violent secrets that nature keeps.
