Mark didn't ask to move to New Hampshire. Or to go to a hick school like Hardy Elementary. And he certainly didn't request Mr. Maxwell as his teacher. Mr. Maxwell doesn't like rich kids, or slackers, or know-it-alls. And he's decided that Mark is all of those things. Now the whole school is headed out for a week of camping -- Hardy's famous Week in the Woods. At first it sounds dumb, but then Mark begins to open up to life in the country, and he decides it might be okay to learn something new. It might even be fun. But things go all wrong for Mark. The Week in the Woods is not what anyone planned. Especially not Mr. Maxwell. With his uncanny knack to reach right to the heart of kids, Andrew Clements asks -- and answers -- questions about first impressions, fairness, loyalty, and courage -- and exactly what it takes to spend a Week in the Woods.

Congressman John Lewis (GA-5) is an American icon, one of the key figures of the civil rights movement. His commitment to justice and nonviolence has taken him from an Alabama sharecropper's farm to the halls of Congress, from a segregated schoolroom to the 1963 March on Washington, and from receiving beatings from state troopers to receiving the Medal of Freedom from the first African-American president. Now, to share his remarkable story with new generations, Lewis presents March, a graphic novel trilogy, in collaboration with co-writer Andrew Aydin and New York Times best-selling artist Nate Powell (winner of the Eisner Award and LA Times Book Prize finalist for Swallow Me Whole). March is a vivid first-hand account of John Lewis' lifelong struggle for civil and human rights, meditating in the modern age on the distance traveled since the days of Jim Crow and segregation. Rooted in Lewis' personal story, it also reflects on the highs and lows of the broader civil rights movement. Book One spans John Lewis' youth in rural Alabama, his life-changing meeting with Martin Luther King, Jr., the birth of the Nashville Student Movement, and their battle to tear down segregation through nonviolent lunch counter sit-ins, building to a stunning climax on the steps of City Hall. Many years ago, John Lewis and other student activists drew inspiration from the 1958 comic book Martin Luther King and the Montgomery Story. Now, his own comics bring those days to life for a new audience, testifying to a

movement whose echoes will be heard for generations.

Selected by the Modern Library as one of the 100 best nonfiction books of all time From the Modern Library ' s new set of beautifully repackaged hardcover classics by Truman Capote—also available are Breakfast at Tiffany ' s and Other Voices, Other Rooms (in one volume), Portraits and Observations, and The Complete Stories Truman Capote ' s masterpiece, In Cold Blood, created a sensation when it was first published, serially, in The New Yorker in 1965. The intensively researched, atmospheric narrative of the lives of the Clutter family of Holcomb, Kansas, and of the two men, Richard Eugene Hickock and Perry Edward Smith, who brutally killed them on the night of November 15, 1959, is the seminal work of the “ new journalism. ” Perry Smith is one of the great dark characters of American literature, full of contradictory emotions. “ I thought he was a very nice gentleman, ” he says of Herb Clutter. “ Soft-spoken. I thought so right up to the moment I cut his throat. ” Told in chapters that alternate between the Clutter household and the approach of Smith and Hickock in their black Chevrolet, then between the investigation of the case and the killers ' flight, Capote ' s account is so detailed that the reader comes to feel almost like a participant in the events.

Over twenty-two months in 1979 and 1981 nearly two dozen children were unspeakably murdered in Atlanta despite national attention and outcry; they were all Black. James Baldwin investigated these murders, the Black administration in Atlanta, and Wayne Williams, the Black man tried for the crimes. Because there was only

evidence to convict Williams for the murders of two men, the children's cases were closed, offering no justice to the families or the country. Baldwin's incisive analysis implicates the failures of integration as the guilt party, arguing, "There could be no more devastating proof of this assault than the slaughter of the children." As Stacey Abrams writes in her foreword, "The humanity of black children, of black men and women, of black lives, has ever been a conundrum for America. Forty years on, Baldwin's writing reminds us that we have never resolved the core query: Do black lives matter? Unequivocally, the moral answer is yes, but James Baldwin refuses such rhetorical comfort." In this, his last book, by excavating American race relations Baldwin exposes the hard-to-face ingrained issues and demands that we all reckon with them.
