Sneaking out of the palace wasn't one of Aniri's best ideas. But she's the Third Daughter of the Queen of Dharia—zero responsibilities and zero royal duties. She's just the backup daughter, in case her older sisters' arranged marriages—to take the crown or broker an alliance—don't quite work out. But once Aniri reaches her 18th birthday, she'll be truly free... and then she can marry the charming fencing instructor she meets for fevered kisses in the forest. But then the impossible happens—a

marriage proposal. From a barbarian prince in the north, no less. And if Aniri refuses, the threat of their new flying weapon might bring war. So she agrees to the young prince's proposal, but only as a subterfuge to spy on him, find the weapon, and hopefully avoid both war and an arranged marriage to a man she doesn't love. But once she arrives in the sweeping mountains of the north, she discovers the prince has his own secrets... and saving her country may end up breaking her heart. This Bollywood-style royal romance takes you to an alternate East Indian world filled with skyships, saber duels, and lots of royal intrigue. THIRD DAUGHTER is the first book in the Royals of Dharia trilogy. ?"Steampunk fans will appreciate the airships, swordfights, illicit romance, fantastical technology, desperate escapes, last-minute

This book describes the myriad
components of the Hindu Kush-
Himalaya (HKH) region. The
contributors elaborate on

challenges, failures, and successes
in efforts to conserve the HKH, its
indigenous plants and animals,
and the watershed that runs from
the very roof of the planet via
world-rivers to marine estuaries,
supporting a human population of
some two billion people. Readers
will learn how the landforms,
animal species and humans of this
globally fascinating region are
connected, and understand why
runoff from snow and ice in the
world's tallest mountains is vital
to inhabitants far downstream.
The book comprises forty-five
chapters organized in five parts.
The first section, Landscapes,
introduces the mountainous
watersheds of the HKH, its
weather systems, forests, and the
18 major rivers whose headwaters
are here. The second part explores
concepts, cultures, and religions,
including ethnobiology and
indigenous regimes, two thousand
years of religious tradition, and
the history of scientific and
research expeditions. Part Three
discusses policy, wildlife
conservation management, habitat
and biodiversity data, as well as
the interaction of animals and
humans. The fourth part
examines the consequences of
development and globalization,
from hydrodams, to roads and
railroads, to poaching and illegal
wildlife trade. This section
includes studies of animal species
including river dolphins,
woodpeckers and hornbills,
langurs, snow leopards and more.
The concluding section offers
perspectives and templates for
conservation, sustainability and
stability in the HKH, including
citizen-science projects and a
future challenged by climate

change, growing human population, and global conservation decay. A large assemblage of field and landscape photos, combined with eye-witness accounts, presents a 50-year local and wider perspective on the HKH. Also included are advanced digital topics: data sharing, open access, metadata, web portal databases, geographic information systems (GIS) software and machine learning, and data mining concepts all relevant to a modern scientific understanding and sustainable management of the Hindu Kush-Himalaya region. This work is written for scholars, landscape ecologists, naturalists and researchers alike, and it can be especially well-suited for those readers who want to learn in a more holistic fashion about the latest conservation issues.

"An impressive debut . . .

Vibrant and exuberantly romantic, *Affair* is chock full of details that reflect India's social and cultural flux."—NPR.org Mili Rathod hasn't seen her husband in twenty years—not since she was promised to him at the

age of four. Yet marriage has allowed Mili a freedom rarely given to girls in her village. Her grandmother has even allowed her to leave India and study in America for eight months, all to make her the perfect modern wife. Which is exactly what Mili longs to be—if her husband would just come and claim her. Bollywood's favorite director, Samir Rathod, has come to Michigan to secure a divorce for his older brother. Persuading a naïve village girl to sign the papers should be easy for someone with Samir's tabloid-famous charm. But Mili is neither a fool nor a gold-digger. Open-hearted yet complex, she's trying to reconcile her independence with cherished traditions. And before he can stop himself, Samir is immersed in Mili's life—cooking her dal and rotis, escorting her to her roommate's elaborate Indian wedding, and wondering where his loyalties and happiness lie. Heartfelt, witty, and thoroughly engaging, Sonali Dev's debut is both a vivid exploration of modern India and a deeply honest story of love, in all its diversity. "Deeply-felt emotions that will keep readers turning the pages."—Susan Elizabeth

Phillips, New York Times- bestselling author “Debut author Sonali Dev writes a beautiful love story in *A Bollywood Affair* . . . One of the best romances I’ve read this year.”—USA Today [First Daughter \(The Royals of Dharia, Book Three\)](#) Boom! Studios

Warrior faery princes can be very stubborn. Especially when they possess your body. Fourteen-year-old Finn just wants to keep his little sister out of Child Protective Services—an epic challenge with their parentally-missing-in-action dad moving them to England, near the famous Stonehenge rocks. Warrior faery Prince Zaneyr just wants to escape his father’s reckless plan to repair the Rift—a catastrophe that ripped the faery realm from Earth 4,000 years ago and set it adrift in an alternate, timeless dimension. When Zaneyr tricks Finn into swapping places, Finn becomes a bodiless soul stuck in the Otherworld, fighting spriggans with sharp teeth and rival faery Houses. Back on Earth, Zaneyr uses Finn’s body to fight off his father’s seekers and keep the king’s greatest weapon—himself—out of his hands. Between them, they have two souls and only one body... and both worlds to save before the dimensional window between them slams shut. Faery Swap is an action and druid-magic filled portal fantasy, told by both a runaway faery prince and the boy he’s tricked into taking his place. This Prince and the Pauper meets Warrior Faeries tale is suitable for all ages. Includes four interior

In this book, Calhoun and Tedeschi construct the first systematic framework for clinical efforts to enhance the processes they sum up as posttraumatic growth. Posttraumatic growth is the phenomenon of positive change through struggle with

even the most horrible sets of circumstances. People who experience it tend to describe three general types of change: realistically stronger feelings of vulnerability that are nonetheless accompanied by stronger feelings of personal resilience, closer and deeper relationships with others, and a stronger sense of spirituality. Posttraumatic growth has only recently become an important focus of interest for researchers and practitioners. Drawing on a burgeoning professional literature as well as on their own extensive clinical experience, the authors present strategies for helping clients effect all three types of positive change--strategies that have been tested in a variety of groups facing a variety of crises and traumas. Their concise yet comprehensive practical guide will be welcomed by all those who counsel persons grappling with the worst life has to offer.

Thalia knows three things; Her first name. That she barely escaped the clutches of the Septori with the help of a mysterious stranger. And that her run in with the Septori’s iron butterfly machine did something to

her. It changed her into something neither fully human nor Denai. Fearing her inner darkness and seeking answers to her past, Thalia finds refuge as a servant at the Citadel in Calandry, a school for the gifted Denai. When strange powers awaken within her she is forced to pretend to be one of them and goes from being a servant to student overnight. Her life becomes even more complicated when the handsome stranger who saved her from the Septori becomes her new fighting instructor. Thalia knows that the Septori are still looking for her, and they will stop at nothing to get her back. Dead or alive

What would you give to live forever? Elijah Brighton wants to become an ascender—a post-Singularity human/machine hybrid—after all, they're smarter, more enlightened, more compassionate, and above all, achingly beautiful. But Eli is a legacy human, preserved and cherished for his unaltered genetic code, just like the rainforest he paints. When a fugue state possesses him and creates great art, Eli miraculously lands a sponsor for the creative Olympics. If he could just master the fugue, he could take the gold and win the right to ascend, bringing everything he's yearned for within reach... including his

beautiful ascender patron. But once Eli arrives at the Games, he finds the ascenders are playing games of their own. Everything he knows about the ascenders and the legacies they keep starts to unravel... until he's running for his life and wondering who he truly is. The Legacy Human is the first in a philosophical HopePunk sci-fi series that explores the intersection of mind, body, and soul in a post-Singularity world. What if you knew there was life after death? Eli is back from the dead... and determined to stop the powerful ascenders who blasted him out to the void. But in the three days he was gone, the world moved on. The girl he loves is determined to build an army of augmented humans to fight the ascenders—with herself as the next Offering. The ascenders are lining up in a death cult based on the charismatic ascender Eli accidentally released from storage—and all the restraints that have kept the ascender world in balance are now off. Everyone is rushing to be the first to bring a Second Singularity—to reach the numinous world from which Eli just returned—regardless of the cost. And the chaos and bloodshed of the first Singularity show just how high that cost can be. How can he stop the world from hurtling off the cliff when he's the one who proved there's something to reach, if only you could learn how to fly? *The Last Mystic* is the thrilling conclusion to the Singularity series. What's your life worth on the open market? A debt collector can tell you precisely. Lirium plays the part of the grim reaper well, with his dark trenchcoat, jackboots, and the black marks on his soul that every debt collector carries. He's just in it for his cut, the ten percent of the life energy he collects before he transfers it on to the high potentials, the people who will make the world a better place with their brains, their work, and their lives. That hit of life energy, a bottle of vodka, and a visit from one of Madam Anastazja's sex workers keep him alive, stable, and mostly sane... until he collects again. But when his recovery ritual is disrupted by a sex worker who isn't what she seems, he has to choose between doing an illegal hit for a girl whose story has more holes than his soul or facing the bottle alone--a dark pit he's not sure he'll be able to climb out of again. This is the print edition of Season One of Debt Collector, and contains all nine of the episodes originally published serially on ebook. This dark and gritty future-noir is about a world

where your life-worth is tabulated on the open market and going into debt risks a lot more than your credit rating. For more about the Debt Collector serial, see DebtCollectorSeries.com

The author who is "unparalleled in the world of romantic fiction" beautifully evokes all the complexities of modern-day India—and the human heart (Kristan Higgins). Her name means "miracle" in Sanskrit, and to her parents, that's exactly what Kimaya is.

The first baby to survive after several miscarriages, Kimi grows up in a mansion at the top of Mumbai's Pali Hill, surrounded by love and privilege. But at eleven years old, she develops a rare illness that requires her to be confined to a germ-free ivory tower in her home, with only the Arabian Sea churning outside her window for company . . . until one person dares venture into her world. Tasked at fourteen years old with supporting his family, Rahul Savant shows up to wash Kimi's windows, and an unlikely friendship develops across the plastic curtain of her isolation room. As years pass, Rahul becomes Kimi's eyes to the outside world—and she becomes his inspiration to better himself by enrolling in the police force. But when a

life-saving heart transplant offers the chance of a real future, both must face all that ties them together—and all that keeps them apart . . .
