*Handbook of Key Global Financial Markets, Institutions, and Infrastructure* Academic Press  
Argues that religion was not the catalyst to the Thirty Years War, but one element in a mix of political, social, and dynastic forces that fed the conflict that ultimately transformed the map of the modern world.

Odoardo Farnese, Duke of Parma, his Soldiers, and his Subjects in the Thirty Years' War New York Review of Books

The Thirty Years WarNew York Review of Books  
**German Histories in the Age of Reformations, 1400-1650** Library of Alexandria

This title begins its description of how we created a financially-intergrated world by first examining the history of financial globalization, from Roman practices and Ottoman finance to Chinese standards, the beginnings of

corporate practices, and the advent of efforts to safeguard financial stability.

Scotland and the Thirty Years' War  
Broadway Books

A detailed study of the military aspects of this important early modern conflict.

An Unknown Translation by Thomas Hobbes  
Hackett Publishing

Cited as one of the major sources for Shakespeare's co-authored € history play € Edward III, € The Chronicles of Froissart follows European history from 1322 until 1400, including € the reign of the play's title King.

The Daily Show (The Book) Praeger  
Studies the connections between the political reform of the Holy Roman Empire and the German lands around 1500 and the sixteenth-century religious reformations.

Kings, Courts, and Confessors Regnery  
Publishing

**NEW YORK TIMES BESTSELLER** The complete, uncensored history of the award-winning The Daily Show with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, The Daily

---

Show with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers—including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of The Daily Show's most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics—a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, The Daily Show has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.

The Chronicles of Froissart The History Press  
The closest thing to total war before the First World War, the Seven Years' War was fought in North America, Europe, the Caribbean and India

with major consequences for all parties involved.

This fascinating book is the first to truly review the grand strategies of the combatants and examine the differing styles of warfare used in the many campaigns. These methods ranged from the large-scale battles and sieges of the European front to the ambush and skirmish tactics used in the forests of North America. Daniel Marston's engaging narrative is supported by personal diaries, memoirs, and official reports.

Experiencing the Thirty Years War The Thirty Years War

The Thirty Years' War (1618-1648) remains a puzzling and complex subject for students and scholars alike. This is hardly surprising since it is often contested among historians whether it is actually appropriate to speak of a single war or a series of conflicts. Similarly emphasis is also put on the different motives for going to war, as conflicting religious and political interests were involved. This research companion brings together leading scholars in the field to synthesize the range of existing research on the war, which is still fragmented and divided along national historical lines, and to further explore the complexities of the conflict using an innovative comparative approach. The companion is designed to provide scholars and graduate students with a comprehensive and authoritative overview of research on one of the most destructive conflicts in European history.

Women and Sweden's Thirty Years' War

Hayes Barton Press

The first complete study of the military aspects of the German War in this important conflict.

Imperial Armies of the Thirty Years' War (2)

Grand Central Publishing

More than three and a half centuries have passed since the Peace of Westphalia ended the Thirty Years' War (1618-48); but this most devastating of wars in the early modern period continues to capture the imagination of readers: this book reveals why. It was one of the first wars where contemporaries stressed the importance of atrocities, the horrors of the fighting and also the sufferings of the civilian population. The Thirty Years' War remains a conflict of key importance in the history of the development of warfare and the 'military revolution'.

The Hero of Italy Osprey Publishing

---

There can be no doubt that military conflict between France and England dominated European history in the fourteenth and fifteenth centuries. This war is of considerable interest both because of its duration and the number of theatres in which it was fought. In this book, Hundred Years' War expert Dr Anne Curry reveals how the war can reveal much about the changing nature of warfare: the rise of infantry and the demise of the knight; the impact of increased use of gunpowder and the effect of the wars on generations of people around it.

### 1337 – 1453 BRILL

The Thirty Years War - the first great pan-European war, and until the twentieth century the most terrible - ravaged Germany, but myth, propaganda and historical controversy have obscured its true nature. Another perspective is provided by the private diaries, memoirs and chronicles of soldiers and citizens who recorded their own experiences. War at the individual level is discussed and described using these sources, which are extensively quoted in their own words.

The Jesuits and the Thirty Years War  
Psychology Press

A concise history of a cataclysmic European conflict in the 17th century The Thirty Years' War was fought between 1618-1648 and is widely recognised as being one of the most destructive wars ever fought. More people lost their lives in this conflict, as a percentage of the total population at the time, than in the conflicts of the twentieth century. Fought principally in central Europe-and mostly over terrain now in modern day Germany-the war involved more than fifteen nation states. Forces were divided broadly on religious grounds, between Protestants and their allies and the Catholics of the Holy Roman Empire and Spain but also with elements of the Ottoman Turkish Empire. Self evidently this was a long, bloody conflict the causes of which were many and complex. Dynasties were born in its tumult, great men were brought to the fore and

some, like Gustavus Adolphus of Sweden, would perish before its conclusion. The campaigns and battles of the Thirty Years' War have inspired historians across the centuries to the present day to write about them and many highly regarded works concerning the war have been published. This concise book takes a different approach; it sets out to give an understanding of the events and personalities involved and is an ideal overview for both specialists and those new to the subject. Leonaur editions are newly typeset and are not facsimiles; each title is available in softcover and hardback with dustjacket.

The Hundred Years ' War Routledge

This volume deals with the entanglement of Scotland in the Thirty Years War (1618-1648), discussing the diplomatic and military aspects of the conflict that were interwoven with the fate of the Scottish princess, Elizabeth of Bohemia, the famous Winter Queen.

Eyewitness Accounts of the Thirty Years War 1618-48 Oxford University Press

This history of the Catholic armies of the Habsburg Empire that fought in the Thirty Years' War (1618-1648) explores the role of cavalry during the last major religious war in mainland Europe, which saw the end of the large mercenary forces and the beginnings of the well-disciplined national army. This book charts this progression, illustrating and explaining the forces of the key Catholic armies, while exploring the organization, tactics, and colorful uniforms of the cavalry forces as they were expertly wielded by the great captains of the period including Tilly, Cond é and Gustavus.

Who Is Winning? Bloomsbury Publishing  
The Thirty Years War: A Documentary History fills a gap in recent studies of the great pan-European conflict, providing fresh translations of thirty-eight primary documents for the student and general reader. The selections are drawn from the

---

standard political documents, from the Apology of the Bohemian Estates for the Defenestration of Prague to the text of the Treaty of Westphalia, as well as from imperial edicts, trial records, letters, diary entries, and satirical broadsheets, all directly translated from the Early New High German, French, Swedish, and Latin. The volume contains some ten illustrations and one map . . . and on the whole is well organized and well presented with a judicious amount of footnotes and a slim For Further Reading section. A succinct introduction introduces the four sections, each with its own substantial introduction: (1) Outbreak of the Thirty Years War (1618-1623), (2) The Intervention of Denmark and Sweden (1623-1635), and (3) The Long War (1635-1648). The concluding section (4) Two Wartime Lives (1618-1648), interestingly juxtaposes the journals of a wandering mercenary and a settled townsman. The first is the diary of Peter Hagendorf, kept between the years 1624 and 1649 and only rediscovered in 1993. Hagendorf experienced the war as a common mercenary from the Baltic to Italy, from France to Pomerania. His counterpart is Hans Heberle, a shoemaker from a small town in the territory of the free imperial city of Ulm whose Zeytregister chronicled happenings both in the neighborhood and further afield. The engrossing accounts of their shifting fortunes over the three decades of the war really help to give this collection of texts, and the troublesome period itself, a human face. They are the stuff from which Grimmelshausen would craft his great novel of the war, *The Adventuresome Simplicissimus* (1668). Tryntje Helfferich is to be applauded for this consistently interesting and eminently useful volume.

--Martin W. Walsh, University of Michigan, in *Sixteenth Century Journal*  
*A New History of the Thirty Years War* Macmillan Higher Education  
A topical subject offering interesting parallels between the news revolution in the age of James I and Charles I and our internet age. An important contribution to the history of print and books.  
*A Brief History, 1618-1648* Greenwood Publishing Group  
Europe in 1618 was riven between Protestants and Catholics, Bourbon and Hapsburg--as well as empires, kingdoms, and countless principalities. After angry Protestants tossed three representatives of the Holy Roman Empire out the window of the royal castle in Prague, world war spread from Bohemia with relentless abandon, drawing powers from Spain to Sweden into a nightmarish world of famine, disease, and seemingly unstoppable destruction.  
*The Hundred Years' War on Palestine* OUP Oxford  
In *Coping with Life during the Thirty Years ' War* (1618 – 1648), Sigrun Haude explores how people tried to survive the Thirty Years ' War, on what resources they drew, and how they attempted to make sense of it.
