The March Hare Anthology Triumph Books (IL)

The New York Times bestseller. "His book is a wake-up call at a time when many believe the net was a flash in the pan."—BusinessWeek With his knowing eye and wicked pen, Michael Lewis reveals how the Internet boom has encouraged changes in the way we live, work, and think. In the midst of one of the greatest status revolutions in the history of the world, the Internet has become a weapon in the hands of revolutionaries. Old priesthoods are crumbling. In the new order, the amateur is king: fourteen-year-olds manipulate the stock market and nineteen-year-olds take down the music industry. Unseen forces undermine all forms of collectivism, from the family to the mass market: one black box has the power to end television as we know it, and another one may dictate significant changes in our practice of democracy. With a new afterword by the author.

Inside the Minds of Hockey's Greatest Coaches Penguin

What if every successful start-up followed a predictable pattern, and by knowing that pattern ahead of time, you could be more successful? In *The Hockey Stick Principles*, business consultant Bobby Martin shares his study of more than 100 new businesses, from Lending Tree to Under Armour to iContact, to show that every one of them has had a "hockey stick" growth history, starting with a tinkering period, moving through the daunting "blade years" before finally making it to the crucial inflection point that precedes surging growth. In this simple but incredibly helpful book, Martin takes us through each of those four stages of the hockey stick pattern, giving us a road map that will help any entrepreneur navigate the inevitable ups and downs of their business's early years.

Ice hockey has featured in North American films since the early days. Hockey's sizable cinematic repertoire explores different views of the sport, including the role of aggression, the business of sports, race and gender, and the role of women in the game. This critical study focuses on hockey themes in more than 50 films and television movies from the U.S. and Canada spanning several decades. Depictions of historical games are discussed, including the 1980 "Miracle on Ice" and the 1972 Summit Series. National myths that inform ideas of the hockey player are examined. Production techniques that enhance hockey as on-screen spectacle are covered.

Dominic has just lost his husband Lewis, a man who cheated on anything that moved. He's left to pick up the pieces with his daughter Harriet with the help of his sexy neighbor, FBI Agent Richard. Then his brother-in-law appears on his doorstep and tells him Lewis left everything to him, and Dominic and Harriet are to vacate the house within the month. Dominic doesn't know what to do, and having Richard close by isn't helping. Richard has known Dominic was off-limits. But now that the man's a widow, he can't stop himself from going over. Lewis' brother's suddenly snatching everything from Dominic after his death is concerning. What was Lewis hiding from his partner? Richard focuses on keeping Dominic and his daughter in their home and off the street. But the attempts to get rid of Dominic intensify, as does Richard's feelings for his neighbor.

This text covers the full experience of sports writing. Authors Wayne Wanta and Scott Reinardy approach the topic using their own professional experience as sports writers and editors to give students a realistic view of the sports writing profession. After the overview and introduction to sports journalism, the authors move into the stages of article writing, organized around article beginnings, middles, and endings. The text also covers other types of sports stories, such as columns, profiles, and news, and addresses style and ethics issues. It provides students with a full understanding of how to produce quality content for sports stories, as well as offer insights as to what to expect in the sports reporter position.

Now an HBO Original Series "You'll love this engrossing novel." —People Named a Best Book of the Year by LibraryReads, BookBrowse, and Goodreads From the #1 New York Times bestselling author of *Anxious People*, a dazzling and profound novel about a small town with a big dream—and the price required to make it come true. By the lake in Beartown is an old ice rink, and in that ice rink Kevin, Amat, Benji, and the rest of the town's junior ice hockey team are about to compete in the national semi-finals—and they actually have a shot at winning. All the hopes and dreams of this place now rest on the shoulders of a handful of teenage boys. Under that heavy burden, the match becomes the catalyst for a violent act that will leave a young girl traumatized and a town in turmoil. Accusations are made and, like ripples on a pond, they travel through all of Beartown. This is a story about a town and a game, but even more about loyalty, commitment, and the responsibilities of friendship; the people we disappoint even though we love them; and the decisions we make every day that come to define us. In this story of a small forest town, Fredrik Backman has found the entire world.

First Ladies of Running JMS Books LLC

Today, millions of women and girls around the world enjoy running and entering races. It wasn't always so: • In 1961, when Julia Chase edged to the start of a Connecticut 5-miler, officials tried to push her off the road. • At the 1966 Boston Marathon, Roberta Gibb hid behind a forsythia bush, worried that police might arrest her. • The next year at Boston, Kathrine Switzer was assaulted mid-race by a furious race organizer. • In the mid-60s, Indianapolis high schooler Cheryl Bridges was told not to run anywhere near the boys' track team because she might "distract" them. • When Charlotte Lettis signed up for the University of Massachusetts cross-country team in the fall of 1971, she was told to use the men's locker room. • A few years later in coastal Maine, young Joan Benoit would stop her workouts to pretend she was picking roadside flowers, embarrassed that her neighbors might spot her running. *First Ladies of Running* tells the inspiring stories of these and other fiercely independent runners who refused to give up despite the cultural and sports barriers they faced. Legends such as Doris Brown, Francie Larrieu, Mary Decker, Jackie Hansen, Miki Gorman, and Grete Waitz are chronicled by *Runner's World* editor Amby Burfoot. Burfoot even runs the 1994 Marine Corps Marathon with Oprah Winfrey, whose successful finish opened the floodgates for other women runners. *First Ladies of Running* is a beautiful and long-overdue tribute to the pioneers of women's running, and a gift of empowerment for female runners everywhere.

One hot afternoon in 1998, Dave Bidini - who loves hockey, watches it, plays it, and breathes it - found the Stanley Cup final so tedious to watch that at one point he clicked channels to Martha Stewart - and never switched back. This made him wonder where in the world the game might exist free of the complications of professional sport. He set out to find the tropic of hockey. His quest took him to a rink on the seventh storey of a mall in Hong Kong - a rink encircled by a dragon-headed roller coaster - and to the gritty city of Harbin in northern China, where a version of hockey has been played for 600 years; to Dubai in the desert of the United Emirates, where hockey is brand new and incredulous Bedouin drop by the Al Ain rink to touch the ice; and to Transylvania, where the game is a war between Romanians and ethnic Hungarians, who were introduced to hockey by a 1929 newsreel of Canadians chasing the puck. Bidini's encounters with odd-sized rinks and players of wildly different talents and experiences have inspired him to interweave his stories of hockey in unlikely places with funny and eyebrow-raising stories about places and players back in Canada. As a bonus, readers are also treated to some striking observations about the game, its fans, and the testosterone, the profanity, and the moments of grace that enrich it. "I can't wait for readers to explore Hong Kong with Holly-Mei. I have no doubt they will love both as much as I did." —Erin Entrada Kelly, 2018 Newbery Medalist and 2021 Newbery Honoree Packed with humor and heart, this debut middle grade series follows a girl finding her place in a brand-new world of private school and frenemies when her family moves to Hong Kong. Holly-Mei Jones couldn't be more excited about moving to Hong Kong for her mother's job. Her new school is right on the beach and her family's apartment is beyond beautiful. Everything is going to be perfect . . . right? Maybe not. It feels like everywhere she turns, there are new rules to follow and expectations to meet. On top of that, the most popular girl in her grade is quickly becoming a frenemy. And without the guidance of her loving Ah-ma, who stayed behind in Toronto, Holly-Mei just can't seem to get it right. It will take all of Holly-Mei's determination and sparkle (and maybe even a tiny bit of stubbornness) to get through seventh grade and turn her life in Hong Kong into the ultimate adventure!

In Cohn-Head, one of America's most successful female anchors lays bare her hard-fought rise to the top of the sportscasting boys' club and her life inside the ESPN empire, talks candidly about sports personalities she has met, and reveals her personal top ten lists plus much, much more. After tracing her upbringing in a dysfunctional family, Linda Cohn tells how she became a diehard sports fan and a goalie on her high school (boy's) hockey team—setting the stage for college hockey stardom, when she was affectionately known as "Cohn-Head" by her teammates. From here she moves on to her first break in sportscasting. Along the way she describes her close encounters with the likes of Michael Jordan, Matthew McConaughey, and Jay Z. Written with verve, Cohn-Head is a riveting read—a must for sports fans male and female alike, as well as anyone who seeks insight into how one woman made a man's world her own.

The game of hockey has drastically changed over the past two decades and not for the better. Gone are the days of goal scorers, stick handlers, tough guys and passers. When they left so did the excitement and the unexpected. Now it is a game played by drones in exactly the same fashion by every team. Former hockey reporter Michael Munro examines the impact manufactured hockey players are having on the National Hockey League and its feeder systems. In this Western based critique Munro explains how the NHL ended up eliminating goal scorers and entertainers with a series of rule changes and management decisions. And it is a discussion of how Canada lost its role as the dominant hockey nation and started developing only supporting players and not lead actors. An honest and sometimes disturbing 250 page essay that is a must read for anyone who loves hockey and wants to see it become a global success.

The Not-So-Uniform Life of Holly-Mei Blue Swell Books

A common, and oddly accepted, lament heard at field hockey games goes something like this, "I've been watching field hockey for 10 years and I still don't understand what's going on." Field hockey just isn't THAT complicated and this book will help you better understand the game whether you're a player, coach, fan, reporter or umpire. A precursor to this book, called *How to Umpire Field Hockey*, was released in 2001. The

book is updated annually as required by rule changes by the FIH, NCAA, and NFHS.

If you fail at Pee-Wee Hockey, you fail at life. Right? Charlie and Kate Miller are involved, supportive parents who have always loved to watch their little athlete play. Until now. When their son Brett makes a competitive U12 ice hockey team, they have no idea how fully it will engulf their lives. It quickly becomes apparent, however, that to the dad-coach and parents around them youth hockey isn't just for fun--it's a way of life. While the Millers attempt to keep perspective, they slowly find themselves spending endless hours of idle time at the rink, jockeying for the affections of a sadistic coach, keeping up on social media, and interacting with parents--including Real Housewives-like Justin and Piper and super-spirited team parents Bill and Tina--whose shared life goal seems to be Pee Wee Hockey immortality. Irreverent and acerbic, #Hockeystrong explores the culture of youth sports, suburban politics, and parents behaving very, very badly.

Twenty-one women writers consider the impacts of concussion on their personal and professional lives. Their stories reveal the work that goes into redefining identity and regaining creative practice after concussion, conveying the magnitude of a disability that is often doubted, overlooked, and trivialized, in part because of its invisibility. These stories offer compassion and empathy to all readers and families healing from concussion and other types of trauma.
