Home Thomson Reuters
The Journal Impact Factor should be used with informed peer review. In the case of academic evaluation for tenure, it is sometimes inappropriate to use the impact of the source journal to estimate the expected frequency of a recently published article. Again, the Journal Impact Factor should be used with informed peer review.
1. Impact Factor & Journal Citation Reports - Research ...
Impact factor Impact factor, an index based on the frequency with which a journal's articles are cited in scientific publications, is the most widely used citation metric to evaluate the influence of published research and the prestige of researchers.
