Thor Marvel Enterprises

With an introduction by Neil Gaiman! In this dazzling memoir, the acclaimed writer behind *Babylon 5*, *Sense8*, Clint Eastwood's *Changeling* and Marvel's *Thor* reveals how the power of creativity and imagination enabled him to overcome the horrors of his youth and a dysfunctional family haunted by madness, murder and a terrible secret. For four decades, J. Michael Straczynski has been one of the most successful writers

in Hollywood, one of the few to forge multiple careers in movies, television and comics. Yet there's one story he's never told before: his own. Joe's early life nearly defies belief. Raised by damaged adults—a con-man grandfather and a manipulative grandmother, a violent, drunken father and a mother who was repeatedly institutionalized—Joe grew up in abject poverty, living in slums and projects when not on the road, crisscrossing the country in his father's desperate attempts to escape the consequences of his past. To survive his abusive environment Joe found refuge in his beloved comics and his dreams, immersing himself in imaginary worlds populated by superheroes

whose amazing powers allowed them to overcome any adversity. The deeper he read, the more he came to realize that he, too, had a superpower: the ability to tell stories and make everything come out the way he wanted it. But even as he found success, he could not escape a dark and shocking secret that hung over his family's past, a violent truth that he uncovered over the course of decades involving mass murder. Straczynski's personal history has always been shrouded in mystery. Becoming Superman lays bare the facts of his life: a story of creation and darkness, hope and success, a larger-than-life villain and a little boy who became the hero of his own life. It is also a compelling behind-the-scenes look at some of the most successful TV series and movies recognized around the world.

New York Times bestselling and award-winning author J. Michael Straczynski. Mark Antonelli, a failed young writer looking down the barrel at thirty, is planning a cross-country road trip. He buys a beat-up old tour bus. He hires a young army vet to drive it. He puts out an ad for others to join him along the way. But this will be a road trip like no other: His passengers are all fellow disheartened souls who have decided that this will be their final journey—upon arrival in San Francisco, they will find a cliff with an amazing view of the ocean at sunset, hit the gas, and drive out of this world. The unlikely companions include a young woman with a chronic pain sensory disorder and another who was relentlessly bullied at school for her size; a bipolar, party-loving neo-hippie; a gentle coder with a literal hole in his heart and blue skin; and a poet dreaming of a better world beyond this one. We get to know them through access to their texts, emails, voicemails, and the daily journal entries they write as the price of admission for this trip. By turns tragic, funny, quirky, charming, and deeply moving, *Together We Will Go* explores the decisions that brings these characters together, and the relationships that grow between them, with some discovering love and affection for the first time. But as they cross state lines and complications to the initial plan arise, it becomes clear that this is a novel as much about the will to live as the choice to end it. The final, unforgettable moments as they hurtle toward the decisions awaiting them will be remembered for a lifetime.
