Thoughts are Things, Prentice Mulford (Audio Book)

Prentice Mulford wrote this book in 1889, long before more well-known, contemporary authors began writing about the power of thought. Despite being over 100 years old, this is a powerful book on thought.

Mulford explains we have, in effect, two minds: the mind of the body and the mind of the spirit. The mind of the body is limited and fights change.

Prentice Mulford (5 April 1834 – 27 May 1891) was a noted literary humorist and California author. In addition, he was pivotal in the development of the thought within the New Thought movement. Many of the principles that would become standard in the movement, including the Law of Attraction, were clearly laid out in his *Your Forces and How to Use Them*, [1] released as a series of essays during 1886–1892.
