Based on unproduced episodes of Star Wars: The Clone Wars, this new novel features Asajj Ventress, former Sith apprentice turned bounty

hunter and one of the great antiheroes in the Star Wars galaxy. The only way to bring down the Sith's most dangerous warrior may be to join forces with the dark side. In the war for control of the galaxy between the armies of the dark side and the Republic, former Jedi Master turned ruthless Sith Lord Count Dooku has grown ever more brutal in his tactics. Despite the powers of the Jedi and the military prowess of their clone army, the sheer number of fatalities is taking a terrible toll. And when Dooku orders the massacre of a flotilla of helpless refugees, the Jedi Council feels it has no choice but to take drastic action: targeting the man responsible for so many war atrocities, Count Dooku himself. But the ever-elusive Dooku is dangerous prey for even the most skilled hunter. So the Council makes the bold decision to bring both sides of the Force's power to bear—pairing brash Jedi Knight Quinlan Vos with infamous one-time Sith

acolyte Asajj Ventress. Though Jedi distrust for the cunning killer who once served at Dooku's side still runs deep, Ventress's hatred for her former master runs deeper. She's more than willing to lend her copious talents as a bounty hunter—and assassin—to Vos's quest. Together, Ventress and Vos are the best hope for eliminating Dooku—as long as the emerging feelings between them don't compromise their mission. But Ventress is determined to have her retribution and at last let go of her dark Sith past. Balancing the complicated emotions she feels for Vos with the fury of her warrior's spirit, she resolves to claim victory on all fronts—a vow that will be mercilessly tested by her deadly enemy . . . and her own doubt. World of Warcraft: Night of the Dragon Simon and Schuster

The Hour of Twilight. She'd spoken of it at the

meeting, tried to warn the others of it, but the warning had gotten lost; a little bright fragment of . . . something . . . had been briskly swept away like a broken bit of pottery beneath an industrious broom. It was— She gnawed her lower lip, thinking. It was the greatest challenge the dragonflights would face, but she did not know against whom they would be fighting. It might come soon . . . or aeons from now. Could it have something to do with the return of Deathwing? Surely it had to . . . did it not? This breaking of the world was one of the worst things that had ever happened to Azeroth. How could she persuade others of the direness of the situation when she herself could not articulate it? She uttered a little noise of annoyance and frustration. One thing she knew for certain. There were many pieces missing from this puzzle, but there was one core piece that was necessary before any of the others could fall into place. It was a very strange

piece, an unlikely one at best, and she was uncertain as to how he would fit in. She only knew that he had to. Ysera had seen him, floating in and out of her dreaming. She had thought she understood his role in things, but now, peculiar as it seemed, something—some inner certainty that even she did not fully understand—was leading her to think she had not seen the full breadth of his contribution to Azeroth. He was not a dragon. But he had the interests of the dragonflights in his heart—whether he knew it or not. He straddled worlds—but did not seek to rule or command or destroy them. He was unique. She tilted her head, let the wind play with her long green hair. Perhaps that was why he fit in. Even the Aspects were not singular beings, although each had unique abilities. Not one but five there had been at the beginning, when the titans had come and shared their power for the good of Azeroth. Four there were now, but

there would soon be five again, when the blues determined how to choose the one who would lead them. But there was only one like this being. There was only one Thrall.
