Trixie Donovan had left California for bigger and better things. Then had kept on moving, putting her nursing skills to use to help people all over the world. But living without reliable electricity or clean water or, hell, the internet had grown old. Now she was back. She 'd finally figured out what Netflix was, though she was still iffy on Tinder, and she 'd become her half-sister Heather 's new pet project. Eventually, after a sickeningly amount of pestering, Trix gave in, agreeing to a single blind date. A blind date who turned out to be Jet. The doctor she 'd worked with halfway around the world. The man she 'd slept with and then had fallen desperately in love with. The one who, in cliché, naïve fashion, had decimated her heart.

And the one who transformed an unwanted, but tolerable night out into the blind date from hell. Because apparently Jet had decided his biggest regret was letting her go.

Two Wedding Crashers Simon and Schuster

A wild, sexy, and heart-filled adventure of two strangers who meet in the most unlikely of places. This laugh out loud and heartwarming romantic comedy from bestselling author Meghan Quinn will keep you on the edge of your feet as you fall in love with the second book in the Dating by Numbers Series. ****CAN BE READ AS A STANDALONE**** I don't know what love is anymore. Well, that's not entirely true, but I'm going to tell you a little secret: I've lost the spark. You know the kind of spark I'm talking about? Where butterflies take flight in your stomach from two hands innocently colliding. Or catching your breath when you first meet someone attractive. Yeah, that spark. Except I haven't felt that feeling in forever; there is nothing left inside of me. Normally, this wouldn't be a problem--but I'm a writer on a

serious deadline, and my editor is breathing down my neck for a romantic, Nicholas Sparks type love story. No pressure, right? That's how I find myself flying across the country to crash a wedding in the name of research, dress and heels stuffed into my small suitcase. It should be the easiest book research ever. Drinking some free champagne, basking in the love of two strangers, and tapping into my romantic side. That'll be a breeze. I'm a pro. I can handle this. Until I mistakenly end up in the wrong hotel room, naked as the day I was born, with the sexiest human I have ever met staring me down, wondering what I'm doing taking a shower in his bathroom. I don't think calling it "research" will get me out of this mess. But it will make for one hell of a story.
