Three Men in a Boat is one of the most popular English travelogues, having never been out of print since its publication in 1889 and causing its publisher to comment, "I cannot imagine what becomes of all the copies of that book I issue. I

often think the public must explore, making Three eat them." The novel itself is a brisk, light-hearted, and funny account of a two-week boating holiday taken by three friends up the Thames river. Jerome is a sort of everyman narrator, and even the stodgiest reader can sympathize with at least some of the situations and conundrums he and his friends find themselves in during their adventure. Interspersed between comic moments are slightly more serious descriptions of the picturesque villages and landscape the friends explore, making Three Men in a Boat not just a comic novel but an actual account of the life, times, and land of late 19th century greater London. This book is part of the Standard Ebooks project, which produces free public domain ebooks. mysterious northern pole. Will this civilization, submerged in ice, prove fatal to our hero? This is the third of eleven in the popular 'Martian' series by Edgar Rice Burroughs.

Three Men in a Boat W. W. Norton & Company

Three Men in a Boat (To Say Nothing of the Dog), published in 1889, is a humorous account by Jerome K. Jerome of a boating holiday on the Thames between Kingston and Oxford. The book was initially intended to be a serious travel guide, with accounts of local history along the route, but the humorous elements took over to the point where the serious and somewhat sentimental passages seem a distraction to the comic novel. One of the most praised things about Three Men in a Boat is how undated it appears to modern readers, the jokes seem fresh and witty even today. The three men are based on Jerome himself (the narrator J.) and two real-life friends, George Wingrave (who went on to become a senior manager in Barclays Bank) and Carl Henschel (the founder of a London printing business, called Harris in the book), with whom he often took boating trips. The dog, Montmorency, is entirely fictional, but "as Jerome admits, developed out of that area of inner consciousness which, in all Englishmen, contains an

element of the dog." The trip is a typical boating holiday of the time in a Thames camping skiff. This is just after commercial boat traffic on the Upper Thames had died out, replaced by the 1880s craze for boating as a leisure activity.

Three Men on the Bummel London : Field & Tuer  
One of the best-loved classics of all time, Three Men in a Boat is a hilarious account of three friends and their dog on a holiday trip on the Thames in England. Harris, George, Jerome (the narrator), and Montmorency (the fox terrier) decide to take a break from their tedious routine, to restore their 'mental equilibrium'. And so they take a trip on the Thames between Kingston and Oxford, making certain stops at interesting places, camping out, and inadvertently landing up in comical muddles and misadventures. Originally planned as a travelogue, this book turned into a literary classic, thanks to the narrator's humorous digressions, segueing into the historical background of some places. It is sprinkled with his own musings as they cross Hampton Court Palace, Monkey Island, Magna Carta Island, Marlow, little villages, and other known landmarks on the way. The three men in the novel are based on real-life characters: Jerome himself,

and his two friends, George Wingrave and Carl Hentschel.

This is the text of the Inaugural Lecture of the first Professor of Palaeography in the history of the University of Cambridge. It contains an account of the institutional provision for the subject since 1892, and illustrates the interaction of manuscript-studies with those of history, language, and literature by discussing the role played by Gaelic ecclesiastical exiles in continental Europe - and especially in central Europe - in the ninth century. The interrelationships of a series of multilingual manuscripts, written mostly by Irish ecclesiastics, provides the principal evidence for this study of an important aspect of intellectual creativity and transmission of knowledge in the Carolingian world.
