Randolph B. "Mike" Campbell has spent the better part of the last five decades helping Texans rediscover their history, producing a stream of definitive works on the social, political, and economic structures of the

Texas past. Through meticulous research and terrific prose, Campbell's collective work has fundamentally remade how historians understand Texan identity and the state's southern heritage, as well as our understanding of such contentious issues as slavery, westward expansion, and Reconstruction. Campbell's pioneering work in local and county records has defined the model for grassroots research and community studies in the field. More than any other scholar, Campbell has shaped

State during the twentieth century. Featuring some of the most well-known names in the field--as well as rising stars--the volume offers the latest scholarship on major issues in Texas history, and the enduring influence of the most eminent Texas historian of the last half century.

"The gift of Oliver's poetry is that she communicates the beauty she finds in the world

and makes it unforgettable" ( Miami Herald ). This has never been truer than in *Long Life*, a luminous collection of seventeen essays and ten poems. With the grace and precision that are the hallmarks of her work, Oliver shows us how writing "is a way of offering praise to the world" and suggests we see her poems as "little alleluias." Whether describing a goosefish stranded at low tide, the feeling of being baptized by the mist from a whale's blowhole, or the "connection between soul and landscape," Oliver invites readers to find themselves and

---

their experiences at the center of Canada her world. In *Long Life* she also speaks of poets and writers: Wordsworth's "whirlwind" of "beauty and strangeness"; Hawthorne's "sweet-tempered" side; and Emerson's belief that "a man's inclination, once awakened to it, would be to turn all the heavy sails of his life to a moral purpose." With consummate craftsmanship, Mary Oliver has created a breathtaking volume sure to add to her reputation as "one of our very best poets" (*New York Times Book Review*). *Virginia Women* Vintage

"Candid, cunning, brave, and wickedly funny," these stories "will make you remember the first time you read Philip Roth" (Salvatore Scibona). Set it the Jewish communities of Georgia—from the 1920s to the present day—this Mary McCarthy Prize-winning collection investigates the crossroads of desire and religion in seven "funny, fearless outsiders' tales . . . of sexual coming-of-age and temptation" (*Publishers Weekly*, starred review). A

gay man attends his high school reunion in Savannah, where he's pursued by the now-married golden-boy football star from his youth. An awkward teenager grapples with notions of God, superstition, and girls at his bar mitzvah. A curator's assistant unearths the groundbreaking mystery of a Renaissance painter, and an even more surprising one in his personal life. A charitable cantor's hopes for a budding romance are matched only by his remorse after acting on impulse. An aging widow,

devoted to ancestral Jewish tradition, takes an unexpected stand against her modern-thinking grandson. In this illuminating collective of friends, family, and lovers dealing with shifting social norms in the South, “Friedman explores the balance between religious morality and personal desires in a style similar to Isaac Bashevis Singer and contemplates memory and loss as masterfully as Nathan Englander” (Southern Humanities Review). Though “Friedman works in that

same O’Connor-Welty tradition . . . these stories shouldn’t be pigeonholed by regionalism or sexuality. In Friedman’s well made, rich, and finely paced stories, characters struggle to wed their desires to their community’s expectations and traditions—traits that resonate regardless of creed, address, race, or sexuality” (Los Angeles Review of Books).

A seminal collection of ruminations on art, books, and music by one of the sharpest

minds and sensibilities in both punk rock and literature. Richard Hell may best be known as a punk icon, a founding member of seminal bands Television, the Heartbreakers, and The Voidoids, but for decades he’s been a prominent voice in American letters. Through his novels *Go Now* and *Godlike*, and his critically acclaimed autobiography, *I Dreamed I Was a Very Clean Tramp*, Hell has proven himself as a talented and insightful writer across many genres, in many forms. But one might argue that Richard’s true genius lies in shorter form as a writer on culture. “Love comes in spurts,” Hell once sang, and that could well describe the intensity

---

of his penetrating and wickedly droll criticism. *Massive Pissed Love* is a collection of Hell's ruminations on art, literature, and music, among other things, that's like a candy box of reading treats, a bag of shiny marbles, a cabinet of mementos and uncanny fetishes. However one thinks of it, it's a joy to read from start to finish and a deeply necessary addition to the oeuvre of one of the sharpest minds and sensibilities at work today.

This book addresses the narrative construction of Russian cultural memory in the work of Julian Barnes. It

investigates how Barnes's texts tend to display a memory process as a transcultural mode of the creation of English and Russian national identities. Examining a need to revisit Russian canonical works, the detailed discursive analysis of the selected English texts exposes an intertextual remembering by duplication, thus contributing to the prevention of forgetting through the recuperation of still misreclected cultural meanings. By creatively incorporating Russian

intertextual elements into his work as a novelist, the author seems to insist on sweeping across and beyond national boundaries, revealing how frail the invention of tradition is when leading to the illusion of a solid collective memory and its political legitimation. The book considers not only a constructive dialogue between Barnes's fiction and Russian classical literature, but also this writer's interpretative, mostly imaginative, integration of Russian literature and culture

---

into his work as a novelist. Exploring the double meaning of a literary metaphor as a mnemonic image of memory and a product of imagination, it offers a comprehensive analysis of Barnes's texts which play with intertextuality as an efficient tool of displacement of official memory, providing a deeper understanding of historical and cultural processes related to the constantly moving architecture of transcultural memory.

Aminatta Forna is one of our most important literary voices, and her novels have won the Windham Campbell Prize and the Commonwealth Writers' Prize for Best Book. In this elegantly rendered and wide-

ranging collection of new and previously published essays, Forna writes intimately about displacement, trauma and memory, love, and how we coexist and encroach on the non-human world. Movement is a constant here. In the title piece, “The Window Seat,” she reveals the unexpected enchantments of commercial air travel. In “Obama and the Renaissance Generation,” she documents how, despite the narrative of Obama's exceptionalism, his father, like her own, was one of a generation of gifted

young Africans who came to the United Kingdom and the United States for education and were expected to build their home countries anew after colonialism. In “The Last Vet,” time spent shadowing Dr. Jalloh, the only veterinarian in Sierra Leone, as he works with the street dogs of Freetown, becomes a meditation on what a society’s treatment of animals tells us about its principles. In “Crossroads,” she examines race in America from an African perspective, and in “Power

Walking” she describes what it means to walk in the world in a Black woman’s body and in “The Watch” she explores the raptures of sleep and sleeplessness the world over. Deeply meditative and written with a wry humor, *The Window Seat* confirms that Forna is “a compelling essayist . . . her voice direct, lucid, and fearless” (Claire Messud, Harper’s Magazine).

This is the first full-length critical study of *Parade's End* to focus on the psychological effects of the war. Originally published in 4

volumes between 1924 and 1928, *Parade's End* has been described as 'the finest novel about the First World War' (Anthony Burgess), 'the greatest war novel ever written by an Englishman' (Samuel Hynes), 'a central Modernist novel of the 1920s, in which it is exemplary' (Malcolm Bradbury), and 'possibly the greatest 20th-century novel in English' (John N. Gray). These 10 newly commissioned essays focus on the psychological effects of the war, both upon Ford himself and upon his novel: its characters, its themes and its form. The chapters explore: Ford's pioneering analysis of war trauma, trauma theory, shell shock, memory and repression, insomnia, empathy,

therapy, literary Impressionism and literary style. Writers discussed alongside Ford include Joseph Conrad, Siegfried Sassoon, May Sinclair, and Rebecca West, as well as theorists Deleuze and Guattari, Michel Foucault, Sigmund Freud, William James, and W. H. R. Rivers.

In *Silence and Listening as Rhetorical Arts*, editors Cheryl Glenn and Krista Ratcliffe bring together seventeen essays by new and established scholars that demonstrate the value and importance of silence and listening to the

study and practice of rhetoric. Building on the editors' groundbreaking research, which respects the power of the spoken word while challenging the marginalized status of silence and listening, this volume makes a strong case for placing these overlooked concepts, and their intersections, at the forefront of rhetorical arts within rhetoric and composition studies.

Divided into three parts—History, Theory and Criticism, and Praxes—this book reimagines traditional histories and theories of rhetoric and incorporates contemporary

interests, such as race, gender, and cross-cultural concerns, into scholarly conversations about rhetorical history, theory, criticism, and praxes. For the editors and the other contributors to this volume, silence is not simply the absence of sound and listening is not a passive act. When used strategically and with purpose—together and separately—silence and listening are powerful rhetorical devices integral to effective communication. The essays cover a wide range of subjects, including women rhetors from ancient Greece and medieval

---

and Renaissance Europe; African philosophy and African American rhetoric; contemporary antiwar protests in the United States; activist conflict resolution in Israel and Palestine; and feminist and second-language pedagogies. Taken together, the essays in this volume advance the argument that silence and listening are as important to rhetoric and composition studies as the more traditionally emphasized arts of reading, writing, and speaking and are particularly effective for theorizing, historicizing, analyzing, and teaching. An extremely valuable resource for instructors and students in rhetoric, composition, and communication studies, *Silence and Listening as Rhetorical Arts* will also have applications beyond academia, helping individuals, cultural groups, and nations more productively discern and implement appropriate actions when all parties agree to engage in rhetorical situations that include not only respectful speaking, reading, and writing but also productive silence and rhetorical listening. Sylvia Townsend Warner has increasingly become recognized as a significant and distinctive talent amongst twentieth-century authors. This volume explores her remarkable relationship with Valentine Ackland - her partner for forty years - by closely examining their letters and diaries alongside a selection of their other texts, in particular their poetry. This analysis reveals the crucial role their writing played in establishing, maintaining, and defending their intimacy and describes the emergence of an alternative textual world upon which they

---

became wholly reliant. Examining how Warner and Ackland exploited the distance between their lived life and their accounts of it, gives rise to many fascinating and untold stories. Furthermore, in investigating the fluidity of the boundaries between letters, diaries and fiction this book also provides a fresh perspective on these life-writing forms. Warner and Ackland's need to speak as women, writers and lovers, shaped their texts, so that they became not simply records of events, nor acts of communication, but complex

documents in which love is won and lost, myths are created, and lives are changed, as will be the perspectives of those who read this book.

*Paninian Studies* Vintage Canada Adam Gordon is a brilliant, if highly unreliable, young American poet on a prestigious fellowship in Madrid, struggling to establish his sense of self and his relationship to art. What is actual when our experiences are mediated by language, technology, medication, and the arts? Is poetry an essential art form, or merely a screen for the reader's projections? Instead of following the dictates of his fellowship, Adam's "research"

becomes a meditation on the possibility of the genuine in the arts and beyond: are his relationships with the people he meets in Spain as fraudulent as he fears his poems are? A witness to the 2004 Madrid train bombings and their aftermath, does he participate in historic events or merely watch them pass him by? In prose that veers between the comic and tragic, the self-contemptuous and the inspired, *Leaving the Atocha Station* is a portrait of the artist as a young man in an age of Google searches, pharmaceuticals, and spectacle. Born in Topeka, Kansas, in 1979, Ben Lerner is the author of three books of poetry *The Lichtenberg Figures*, *Angle of Yaw*, and *Mean*

Current demographic developments and change due to long life expectancies, low birth rates, changing family structures, and economic and political crises causing migration and flight are having a significant impact on

intergenerational relationships, the social welfare system, the job market and what elderly people (can) expect from their retirement and environment. The socio-political relevance of the categories of 'age' and 'ageing' have been increasing and gaining much attention within different scholarly fields. However, none of the efforts to identify age-related diseases or the processes of ageing in order to develop suitable strategies for prevention and therapy have had any effect on the fact that attitudes against the elderly are based on patterns that are

determined by parameters that or not biological or sociological: age(ing) is also a cultural fact. This book reveals the importance of cultural factors in order to build a framework for analyzing and understanding cultural constructions of ageing, bringing together scholarly discourses from the arts and humanities as well as social, medical and psychological fields of study. The contributions pave the way for new strategies of caring for elderly people. *Cultures and Literatures in Dialogue* University of

The Vita Edwardi Secundi is the best and most readable of the chronicles of the reign of Edward II, and throws a fascinating light on the world of high politics. The anonymous author was close to the centre of politics, probably a royal clerk, and possibly John Walwayn (or

someone with a similar career). His focus is largely on domestic politics and the relationship of the king and his barons, and he records the clashes and reconciliations of the period 1311-22 in valuable detail. He also has much to say on the Scottish war, the appointment of bishops, and the outbreak of the French war. The work ends in the winter of 1325/6 with Queen Isabella's refusal to return from France while Despenser remained with the king. The work is much more than a simple chronicle. The

---

author consciously wrote history and so commented extensively on personalities, and also on causation, motivation, and the vices of his age. He was generous to Gaveston despite his pride, more condemning of the Despensers' greed, and lamented Lancaster's wasted gifts. His reports on the arguments of both sides in the clashes between the king and his opponents are particularly enlightening, and show how serious were the threats to the king's authority, especially those voiced in

1321. The author's fear of civil war and attempts to define the fine line dividing resistance and treason probably reflect the concerns of many close to the court at that time. Recent research has emphasized that the Vita should be seen as a 'journal' rather than a 'memoir', and this enhances its value further, allowing historians to chart the changing views of a well-placed observer during the dramatic events of Edward's reign. The Vita has been edited three times before, once in each century

since its discovery in 1728, but the last edition of 1957 has long been out of print. This new edition revises the Latin text and translation, provides a completely new introduction and historical notes to take account of recent scholarship, and includes a new and full apparatus and indices. *International Adoption* Vintage Jane Austen is a favorite with many students, whether they've read her novels or viewed popular film adaptations. But *Persuasion*,

completed at the end of her life, can be challenging for students to approach. They are surprised to meet a heroine so subdued and self-sacrificing, and the novel's setting during the Napoleonic wars may be unfamiliar. This volume provides teachers with avenues to explore the depths and richness of the novel with both Austen fans and newcomers. Part 1, "Materials," suggests editions for classroom use, criticism, and multimedia resources. Part 2, "Approaches," presents strategies for

teaching the literary, contextual, and philosophical dimensions of the novel. Essays address topics such as free indirect discourse and other narrative techniques; social class in Austen's England; the role of the navy during war and peacetime; key locations in the novel, including Lyme Regis and Bath; and health, illness, and the ethics of care.
