From the team that brought you *The Obstacle Is the Way* and *Ego Is the Enemy*, a beautiful daily devotional of Stoic meditations—an instant Wall Street Journal and USA Today Bestseller. Why have history's greatest minds—from George Washington to Frederick the Great to Ralph Waldo Emerson, along with today's top performers from Super Bowl-winning football coaches to CEOs and celebrities—embraced the wisdom of the ancient Stoics? Because they realize that the most valuable wisdom is timeless and that philosophy is for living a better life, not a classroom exercise. The *Daily Stoic* offers 366 days of Stoic insights and exercises, featuring all-new translations from the Emperor Marcus Aurelius, the playwright Seneca, or slave-turned-philosopher Epictetus, as well as lesser-known luminaries like Zeno, Cleanthes, and Musonius Rufus. Every day of the year you'll find one of their pithy, powerful quotations, as well as historical anecdotes, provocative commentary, and a helpful glossary of Greek terms. By following these teachings over the course of a year (and, indeed, for years to come) you'll find the serenity, self-knowledge, and resilience you need to live well.

“A magnificent achievement. In its power to touch the heart, to awaken consciousness, [The Tibetan Book of Living and Dying] is an inestimable gift.” —San Francisco Chronicle A newly revised and updated edition of the internationally bestselling spiritual classic, *The Tibetan Book of Living and Dying*, written by Sogyal Rinpoche, is the ultimate introduction to Tibetan Buddhist wisdom. An enlightening, inspiring, and comforting manual for life and death that the *New York Times* calls, “The Tibetan equivalent of [Dante’s] *The Divine Comedy*,” this is the essential work that moved Huston Smith, author of *The World’s Religions*, to proclaim, “I have encountered no book on the interplay of life and death that is more comprehensive, practical, and wise.”

For many Westerners, Hanoi evokes memories only of war and bitter loss. But Hanoi is much more than the capital of Vietnamese communism. Ancient seat of the royal house, then center of the French colonial empire in Indochina, and finally birthplace of Vietnamese independence, Hanoi is today a thriving urban center with a rich history all its own. Georges Boudarel and Nguyen Van Ky paint a vivid portrait of a city that is now awakening to the modern era. Together they reveal Hanoi in its myriad facets, from the aromas of its traditional cuisine to its destruction in wartime to the modern era of motorcycles and movie theaters. Part history, part paean, this book takes us into the heart of a city just emerging from the storms of the twentieth century.

“I met last week with your leaders,” Ben began. “I heard what they had to say. And you know, they make a good point.” He paused. Take charge, Ben, he told himself. Take control. He looked around the conference room. Take, take, take. Was that really what he was here to do? With their acclaimed bestseller *The Go-Giver*, Bob Burg and John David Mann proved that a heartfelt parable could also express a powerful idea. In *The Go-Giver Leader* (originally published as *It’s Not About You*), they offer an equally compelling tale about a struggling small business and the ambitious young executive trying to lead them to a crucial decision. Allen & Augustine has manufactured high-

quality chairs for decades. Its people take pride in their work and feel loyal to their owners and management team. But this revered company is now at a crossroads, hurt by a tough economy, foreign competition, and a cash crunch. The air is filled with the scent of uncertainty, anxiety, perhaps even panic. Into this setting enters Ben, who’s been assigned by a larger firm to promote a merger that will rescue Allen & Augustine. Ben’s facts are undeniable: the chair maker can either merge and modernize or go bankrupt and vanish. So why can’t he persuade anyone to buy in, from the CEO on down? Will Ben find a way to sway the employee shareholders before the climactic vote? And can Allen & Augustine survive without losing its soul? The answers may surprise you as you follow Ben on his journey to understanding that the path to genuine influence lies less in taking leadership than in giving it. This revised and updated edition includes a new introduction, a discussion guide, and a Q&A with the authors.

"Thinking with Type is to typography what Stephen Hawking's *A Brief History of Time* is to physics."—*I Love Typography* The best-selling *Thinking with Type* in a revised and expanded second edition: *Thinking with Type* is the definitive guide to using typography in visual communication. Ellen Lupton provides clear and focused guidance on how letters, words, and paragraphs should be aligned, spaced, ordered, and shaped. The book covers all typography essentials, from typefaces and type families, to kerning and tracking, to using a grid. Visual examples show how to be inventive within systems of typographic form, including what the rules are, and how to break them. This revised edition includes forty-eight pages of new content with the latest information on: • style sheets for print and the web • the use of ornaments and captions • lining and non-lining numerals • the use of small caps and enlarged capitals • mixing typefaces • font formats and font licensing Plus, new eye-opening demonstrations of basic typography design with letters, helpful exercises, and dozens of additional illustrations. *Thinking with Type* is the typography book for everyone: designers, writers, editors, students, and anyone else who works with words. If you love font and lettering books, Ellen Lupton's guide reveals the way typefaces are constructed and how to use them most effectively. Fans of *Thinking with Type* will love Ellen Lupton's new book *Extra Bold: A Feminist, Inclusive, Anti-racist, Nonbinary Field Guide for Graphic Designers*.

Kien’s job is to search the Jungle of Screaming Souls for corpses. He

knows the area well – this was where, in the dry season of 1969, his battalion was obliterated by American napalm and helicopter gunfire. Kien was one of only ten survivors. This book is his attempt to understand the eleven years of his life he gave to a senseless war. Based on true experiences of Bao Ninh and banned by the communist party, this novel is revered as the 'All Quiet on the Western Front for our era'.

It was 1994 when Xinran, a journalist and the internationally acclaimed author of The Good Women of China, received a telephone call asking her to travel four hours to meet a woman who had just crossed the border from Tibet into China. Xinran made the trip and met the woman, called Shu Wen, who recounted the story of her thirty-year odyssey in the vast landscape of Tibet. In Sky Burial, Xinran has re-created Shu Wen 's journey, painting an extraordinary portrait of a woman and a land, each at the mercy of fate and politics. It is an unforgettable, ultimately uplifting tale of love, loss, loyalty, and survival.
