These user guides are clearly built to give step-by-step information about how you ought to go ahead in operating certain TI-83 series - Wikipedia

TI-BASIC is the built in language for TI-83 series calculators, as well as many other TI graphing calculators. TI-BASIC is a non-structured programming language, meaning it is arranged sequentially, without the use of methods or organized blocks of code. Due to its simplicity and the ubiquity of TI calculators in school curricula, for many students it is their first experience with programming ...
