Lost Tycoon presents an unvarnished, in-depth portrayal of the man who vows to "Make America Great Again." Although it was first published in 1993, Lost Tycoon shows us that The Donald's personal character, political philosophy, business ethics, and attitude towards women haven't changed much in the past two decades. Trump is a man of many lives, and many wives. He is arguably the greatest self-promoter in the annals of American business. After inheriting a fortune, he made and lost billions in real estate and casino gambling, rising phoenix-like from his own ashes. He is a reality television show star, a father, a grandfather, and an alleged rapist. In Hollywood terms, he has literally been the producer and director of his own biopic--a real life "Citizen Kane," whose father hammered the same lines into his head when was a little boy: "You are a killer . . . you are a king . . . you are a killer . . . you are a king." Harry Hurt has created a cinema verité-style narrative

that allows the words and actions of the principals to speak for themselves. It is indisputable that Donald's exploits in business, entertainment, and politics prove that he is--to borrow a metaphor from Fred Trump Sr.--"a killer." Reading this important biography about the real Donald Trump will help you to make an informed and engaged choice as to whether he is worthy of being "king."

The Cook, the Crook, and the Real Estate Tycoon, by prize-winning Chinese novelist Liu Zhenyun is a novel of Beijing that paints a microcosm of contemporary China, dealing with classes at the two extremes: the super rich and the migrant workers who make them rich through deceit and corruption. The protagonist, Liu Yuejin, is a work site cook and small-time thief whose bag is stolen. In searching for it he stumbles upon another bag, which contains a flash disk that chronicles high-level corruption, and sets off a convoluted chase. Dangerous Bet Farrar, Straus and Giroux

From the National Book Award-winning author of *Slaves in the Family*, a riveting true life/true crime narrative of the partnership between the murderer who invented the movies and the robber baron who built the railroads. One hundred and thirty years ago Eadweard Muybridge invented stop-motion photography, anticipating and making possible motion pictures. He was the first to capture time and play it back for an audience, giving birth to visual media and screen entertainments of all kinds. Yet the artist and inventor Muybridge was also a murderer who killed coolly and meticulously, and his trial is one of the early instances of a media sensation. His patron was railroad tycoon (and former California governor) Leland Stanford, whose particular obsession was whether four hooves of a running horse ever left the ground at once. Stanford hired Muybridge and his camera to answer that question. And between them, the murderer and the railroad mogul launched the age of visual media. Set in California during its frontier decades, *The Tycoon* and the Inventor interweaves Muybridge's quest to unlock the secrets of motion through photography, an obsessive murder plot, and the peculiar partnership of an eccentric inventor and a driven entrepreneur. A tale from the great American West, this popular history unspools a story of passion, wealth, and sinister ingenuity.
