### The Sea of Always Orbit

Told in diary form by an irresistible heroine, this "heartfelt, bittersweet, and ever-so-clever coming-of-age fantasy" (School Library Journal, starred review) named one of Publishers Weekly's Best Books of the Year from the New York Times bestselling author of the May Bird trilogy sparkles with science, myth, magic, and the strange beauty of the everyday marvels we sometimes forget to notice. Spirited, restless Gracie Lockwood has lived in Cliffden, Maine, her whole life. She's a typical girl in an atypical world: one where sasquatches helped to win the Civil War, where dragons glide over Route 1 on their way south for the winter (sometimes burning down a T.J. Maxx or an Applebee's along the way), where giants hide in caves near LA and mermaids hunt along the beaches, and where Dark Clouds come for people when they die. To Gracie it's all pretty ho-hum...until a Cloud comes looking for her little brother Sam, turning her small-town life upside down. Determined to protect Sam against all odds, her parents pack the family into a used Winnebago and set out on an epic search for a safe place that most people say doesn't exist: The Extraordinary World. It's rumored to lie at the ends of the earth, and no one has ever made it there and lived to tell the tale. To reach it, the Lockwoods will have to learn to believe in each other—and to trust that the world holds more possibilities than they've ever imagined.

But with danger around every corner, there's no guarantee they'll all make it...

From acclaimed and New York Times bestselling author Jodi Lynn Anderson comes the fantastical and heartfelt first installment in a new trilogy about the thirteen witches who are responsible for all the evil in the world—and the girl who sets out to defeat them. Full of magic and bittersweet truths, this tale is perfect for fans of *The Girl Who Drank the Moon*. Twelve-year-old Rosie Singer's mom is missing whatever it is that makes mothers love their daughters. All her life, Rosie has known this...and turned to stories for comfort. Then, on the night Rosie decides to throw her stories away forever, an invisible ally helps her discover the Witch Hunter's Guide to the Universe, a book that claims that all of the evil in the world stems from thirteen witches who are unseen...but also unstoppable. One of these witches—the Memory Thief—holds an insidious power to steal our most precious treasures: our memories. And it is this witch who has cursed Rosie's mother. In her quest to save her mom—and with her wild, loyal friend "Germ" by her side—Rosie will find the layers hidden under the reality she only thought she knew: where ghosts linger as shades of the past, where clouds witness the world, and a ladder dangles from the moon leading to something bigger and more. Here, words are weapons against the darkness, and witch hunters are those brave enough to wield their imaginations in the face of the unthinkable. At the core of this stunning novel—the first of the Thirteen Witches trilogy from critically acclaimed author Jodi Lynn Anderson—is a passionate argument that stories have the power to create meaningful change...and a reason to hope even when the world feels crushing.

*Loving the Wind* HarperCollins

William C. Morris YA Debut Award Winner! A hilarious YA contemporary realistic novel about a witty Black French Canadian teen who moves to Austin, Texas, and experiences the joys, clichés, and awkward humiliations of the American high school experience--including falling in love. Perfect for fans of Nicola Yoon, When Dimple Met Rishi, and John Green. Norris Kaplan is clever, cynical, and quite possibly too smart for his own good. A Black French Canadian, he knows from watching American sitcoms that those three things don't bode well when you are moving to Austin, Texas. Plunked into a new high school and sweating a ridiculous amount from the oppressive Texas heat, Norris finds himself cataloging everyone he meets: the Cheerleaders, the Jocks, the Loners, and even the Manic Pixie Dream Girl. Making a ton of

friends has never been a priority for him, and this way he can at least amuse himself until it's time to go back to Canada, where he belongs. Yet against all odds, those labels soon become actual people to Norris...like loner Liam, who makes it his mission to befriend Norris, or Madison the beta cheerleader, who is so nice that it has to be a trap. Not to mention Aarti the Manic Pixie Dream Girl, who might, in fact, be a real love interest in the making. But the night of the prom, Norris screws everything up royally. As he tries to pick up the pieces, he realizes it might be time to stop hiding behind his snarky opinions and start living his life--along with the people who have found their way into his heart.
