Why is it so hard to make lasting changes in our companies, in our communities, and in our own lives? The primary obstacle is a conflict that's built into our brains, say Chip and Dan Heath, authors of the critically acclaimed bestseller *Made to Stick*. Psychologists have discovered that our minds are ruled by two different systems - the rational mind and the emotional mind—that compete for control. The rational mind wants a great beach body; the emotional mind wants that Oreo cookie. The rational mind wants to change something at work; the emotional mind loves the comfort of the existing routine. This tension can doom a change effort - but if it is overcome, change can come quickly. In *Switch*, the Heaths show how everyday people - employees and managers, parents and nurses - have united both minds and, as a result, achieved dramatic results:

- The lowly medical interns who managed to defeat an entrenched, decades-old medical practice that was endangering patients
- The home-organizing guru who developed a simple technique for overcoming the dread of housekeeping
- The manager who transformed a lackadaisical customer-support team into service zealots by removing a standard tool of customer service

In a compelling, story-driven narrative, the Heaths bring together decades of counterintuitive research in psychology, sociology, and other fields to shed new light on how we can effect transformative change. *Switch* shows that successful changes follow a pattern, a pattern you can use to make the changes that matter to you, whether your interest is in changing the world or changing your waistline.

The Novels of Virginia Woolf Harper Collins

In a renovated Italian palace set above the blue of the sea, the Junoesque figure of Mrs Aldwinkle moves among her guests. These include a poet who earns his living editing *The Rabbit Fancier's Gazette*; a popular novelist who records every detail of her affair with another guest as future literary material; an aging philosopher who pursues a wealthy yet mentally-disabled heiress and a pair of naive and charming young lovers. Deliciously satirical, *Those Barren Leaves* bites the hands of those who dare to posture or

feign sophistication and is as comically fresh today as when it was first published.

The Complete Works of Aldous Huxley. Illustrated edition Pearson UK

Now a Netflix film starring Tom Holland and Robert Pattinson A dark and riveting vision of 1960s America that delivers literary excitement in the highest degree. In *The Devil All the Time*, Donald Ray Pollock has written a novel that marries the twisted intensity of Oliver Stone's *Natural Born Killers* with the religious and Gothic overtones of Flannery O'Connor at her most haunting. Set in rural southern Ohio and West Virginia, *The Devil All the Time* follows a cast of compelling and bizarre characters from the end of World War II to the 1960s. There's Willard Russell, tormented veteran of the carnage in the South Pacific, who can't save his beautiful wife, Charlotte, from an agonizing death by cancer no matter how much sacrificial blood he pours on his "prayer log." There's Carl and Sandy Henderson, a husband-and-wife team of serial killers, who troll America's highways searching for suitable models to photograph and exterminate. There's the spider-handling preacher Roy and his crippled virtuoso-guitar-playing sidekick, Theodore, running from the law. And caught in the middle of all this is Arvin Eugene Russell, Willard and Charlotte's orphaned son, who grows up to be a good but also violent man in his own right. Donald Ray Pollock braids his plotlines into a taut narrative that will leave readers astonished and deeply moved. With his first novel, he proves himself a master storyteller in the grittiest and most uncompromising American grain.

A gripping biography by the author of *Brave New World* The life of Father Joseph, Cardinal Richelieu's aide, was a shocking paradox. After spending his days directing operations on the battlefield, Father Joseph would pass the night in prayer, or in composing spiritual guidance for the nuns in his care. He was an aspirant to sainthood and a practising mystic, yet his ruthless exercise of power succeeded in prolonging the unspeakable horrors of the Thirty Years' War. In his masterful biography, Huxley explores how an intensely religious man could lead such a life and how he reconciled the seemingly opposing moral systems of religion and politics.
