In

Sanneh, one of the essential voices of our time on music and culture, has made a deep study of how popular music unites and divides us, charting the way genres become communities. In Major Labels, Sanneh distills a career’s worth of knowledge about music and musicians into a brilliant and omnivorous reckoning with popular music—as an art form (actually, a bunch of art forms), as a cultural and economic force, and as a tool that we use to build our identities. He explains the history of slow jams, the genius of Shania Twain, and why rappers are always getting in trouble. Sanneh shows how these genres have been defined by the tension between mainstream and outsider, between

authenticity and phoniness, between good and bad, right and wrong. Throughout, race is a powerful touchstone: just as there have always been Black audiences and white audiences, with more or less overlap depending on the moment, there has been Black music and white music, constantly mixing and separating. Sanneh debunks cherished myths, reappraises beloved heroes, and upends familiar ideas of musical greatness, arguing that sometimes, the best popular music isn't transcendent. Songs express our grudges as well as our hopes, and they are motivated by greed as well as idealism; music is a powerful tool for human connection, but also for human

antagonism. This is a book about the music everyone loves, the music everyone hates, and the decades-long argument over which is which. The opposite of a modest proposal, Major Labels pays in full.

Runner's World Sceptre

The American CIA agent Ryan Kealey has no time to wrestle his demons. Former U.S. soldier Jason March, one of the world's deadliest assassins and

Ryan's former protégé, is now working with a powerful terror network whose goal is nothing less than the total annihilation of the United States. Ryan puts together the pieces of a terrifying puzzle. With the fate of the country resting on his shoulders, he finds himself caught in a desperate game of cat-and-mouse with the most cunning opponent he's ever faced, a man who won't be denied the ultimate act of evil and who is all the more deadly for being one of our own. The Assassin A weapon of catastrophic destruction. A nation on the brink of

unspeakable disaster. And the ultimate enemy lies closer to home than anyone realizes. Only maverick CIA agent Ryan Kealey sees the threat for what it really is--but Washington refused to listen. With the lives of millions at stake, Kealey has only one option: to take matters into his own hands. And the clock is ticking. . .

Supercharged and fiercely intelligent, *The Assassin* is an action-packed international thriller where no one can be trusted--and the final aftershocks are felt until the very last page. *The Invisible Tensions* between Pakistan and India are at an all-time high. To complicate matters, twelve American climbers have disappeared in Pakistan's Hindu Kush range. As the conflict escalates, the U.S. Secretary of State's motorcade is ambushed on the outskirts of Islamabad. When her back-up team arrives, they discover a disastrous scene: dozens are dead, including seven diplomatic security agents, and the secretary of state has vanished without a trace. In the wake of the unprecedented attack, CIA agent Ryan Kealey's operation goes into high gear. Naomi Kharmai, the British-born analyst who has taken on a daring new role with the Agency, is on his team again. But Kharmai is becoming increasingly unpredictable, and as they work their way toward the target, it becomes clear to Kealey that anyone is fair game--and no one can be trusted. Thundering to a stark and chilling climax, *The Invisible* raises the stakes on every page. A crackingly intelligent thriller, it is filled with shocking betrayal and, ultimately, revenge. *The Exile* For the President of the United States, the daily horror of life in West Darfur's killing fields just

hit heartbreakingly close to home. His niece, Lily, has been targeted and savagely murdered by a corps of fearsome government-backed militiamen. With the situation too explosive for diplomatic or military solutions, yet with the President and the public thirsting for revenge, America is out of options. Except one: Ryan Kealey, ex-Special Forces, former CIA, and unrivaled counterterrorism expert. Kealey has been central to the war on terror for over a decade. But after the Agency hung him out to dry--and let his lover die--he turned his back. Until now. For	the government has revealed its trump card, the one thing Kealey will risk everything for. Soon, from the lawless streets of Sudan to the highest levels of the American government, Kealey unearths secrets and betrayals that shock even his war-tempered sensibilities--and ignite a conflagration with unknowable global consequences.	women who tame them...
