Courage and Defiance Rowman & Littlefield

Using a unique approach, the author explores the disaster through the lives of fifty people linked to the sinking, from all walks of life and geographical regions. To have sailed on 'the voyage of the century' aboard White Star Line's RMS Titanic – described at the time as 'a floating palace' – was like being one of the first passengers to fly on Concorde. On 10 April 1912, people from all walks of life began embarking on Titanic, then the largest ship afloat, for what was to be the trip of a lifetime on the ship's maiden voyage across the north Atlantic. Many were looking forward to starting new lives in the United States. However, just before midnight on Sunday, 14 April 1912, Titanic's crew began to send out distress signals stating, 'We have struck an iceberg.' The liner had been steaming at speed when it collided with an enormous iceberg which stripped off her bilge under the waterline for more than 100 yards, opened up five of the front compartments

and flooded the coal bunker servicing one of the boilers. The damage was fatal, and some three hours after the disaster began to unfold the last visible part of Titanic slipped beneath the waves. There were only sixteen lifeboats and four collapsible dinghies – which was completely insufficient for the number of passengers making the crossing. As a consequence, more than 1,500 passengers and crew died: two out of every three people onboard perished. Much has been written about the Titanic disaster, and it has been the subject matter for several films. The author is well-known for his depth of research and his attention to detail, and in a new style of format, he has selected fifty people involved in the disaster, and by using their specific eyewitness accounts he has managed to make the confusing situation much clearer, making it possible for the reader to experience the dreadful events as they unfolded. The book also includes biographical tributes to the fifty people, who came from all walks of life and geographical regions, telling who they were, their experiences during the disaster, and what happened to those who were fortunate enough to survive.

"When Titanic began sending out distress calls, one of the first to reply was the Cunard liner Carpathia. As it turned out, Carpathia was the only vessel to reach the scene in time to save the lives of any of Titanic's passengers, and, after she arrived in New York,

reporters crowded the pier and vied with each other to obtain interviews with the survivors of the disaster. In their zeal to interview survivors, though, the reporters brushed past other people who could have provided their own eyewitness accounts – namely, Carpathia's own passengers, largely left to their own devices as to how and when they discussed their participation in events. A few wrote letters to relatives, others wrote accounts intended for publication. The author's collection of these rare written accounts and interviews sheds new light on the tragic way the lives of so many were impacted by the loss of the largest passenger liner in the world."

For years Dickens kept the story of his own childhood a secret. Yet it is a story worth telling. For it helps us remember how much we all might lose when a child's dreams don't come true . .

. As a child, Dickens was forced to live on his own and work long hours in a rat-infested blacking factory. Readers will be drawn into the winding streets of London, where they will learn how Dickens got the inspiration for many of his characters. The 200th anniversary of Dickens's birth was February 7, 2012, and this tale of his little-known boyhood is the perfect way to introduce kids to the great author. This Booklist Best Children's Book of the Year is historical fiction at its ingenious best.

The Jews of the Titanic Scholastic Inc.

Sibert Honor author Deborah Hopkinson unearths the heroic stories of Jewish survivors from different countries so that we may never forget the past. As World War II raged, millions of young Jewish people were caught up in the horrors of the Nazis' Final Solution. Many readers know of Adolf Hitler and the Nazi state's genocidal campaign against European Jews and others of so-called "inferior" races. Yet so many of the individual stories remain buried in time. Of those who endured the Holocaust, some were caught by the Nazis and sent to concentration camps, some hid right under Hitler's nose, some were separated from their parents, some chose to fight back. Against all odds, some survived. They all have stories that must be told. They all have stories we must keep safe in our collective memory. In this thoroughly researched and passionately written narrative nonfiction for upper middle-grade readers, critically acclaimed author Deborah Hopkinson allows the voices of Holocaust survivors to live on the page, recalling their persecution, survival, and resistance. Focusing on

testimonies from across Germany, the Netherlands, France, and Poland, Hopkinson paints a moving and diverse portrait of the Jewish youth experience in Europe under the shadow of the Third Reich. With archival images and myriad interviews, this compelling and beautifully told addition to Holocaust history not only honors the courage of the victims, but calls young readers to action -- by reminding them that heroism begins with the ordinary, everyday feat of showing compassion toward our fellow citizens.

Titanic on Trial Penguin

During an era when millions of Jews fled the pogroms of Eastern Europe, the Titanic sailed on her maiden voyage. At the time, she was the largest and most luxurious ship ever built and many of her 2,200 passengers were Jewish. At 23:40, April 14, (28th of Nissan 5672) the Titanic swiped an iceberg and sank within two and a half hours. Most of her passengers lost their lives. The sinking of the Titanic was one of the worst and well known maritime disasters of the 20th century. The entire world mourned the Titanic. The grief was universal and shared by people of many nations and religions. This book focuses on the lives and deaths of the Jewish passengers who sailed on the Titanic. It covers various Jewish aspects of the voyage and of the sinking. Aspects, such as keeping kosher, the Agunot dilemma and Jewish burial. The book outlines the life story of the passengers and the effect the disaster made on world Jewry. This book is the result of a long research on the subject, including an attempt to compose a unique and complete list of all the Jews who sailed on the Titanic, and

identifying many of them who were previously unknown.

Dive! World War II Stories of Sailors & Submarines in the Pacific Candlewick Press

In this New York Times bestseller, the author of *A Night to Remember* and *The Miracle of Dunkirk* revisits the Titanic disaster. Walter Lord's *A Night to Remember* was a landmark work that recounted the harrowing events of April 14, 1912, when the British ocean liner RMS Titanic went down in the North Atlantic Ocean, a book that inspired a classic movie of the same name. In *The Night Lives On*, Lord takes the exploration further, revealing information about the ship's last hours that emerged in the decades that followed, and separating myths from facts. Was the ship really christened before setting sail on its maiden voyage? What song did the band play as water spilled over the bow? How did the ship's wireless operators fail so badly, and why did the nearby Californian, just ten miles away when the Titanic struck the iceberg, not come to the rescue? Lord answers these questions and more, in a gripping investigation of the night when approximately 1,500 victims were lost to the sea.

TITANIC. This is still the greatest, most recognized name in the history of ships. And it still resonates -- a great, dramatic story of pride, error and tragedy. This is the story of the voyage of the Titanic, from embarkation to disastrous iceberg contact, sinking -- and rediscovery by Dr Robert Ballard. It is told by focusing on two real young men who sailed on the great ship: wireless operator Harold Bride, and passenger Jack Thayer, son of the wealthy Marion and John Thayer, American socialites. How the ship sank, but Jack Thayer and Harold Bride survived, is part of the greater story of the Titanic, told here by the respected

Canadian children's book author Shelley Tanaka, and with period photographs and beautiful paintings by Ken Marschall, with charts and illustrations that show the workings of the ship, the impact, and why it went down. First published in 1997, this edition has been revised and updated to reflect new information. D-Day: The World War II Invasion That Changed History Bloomsbury Publishing

Dive! World War II Stories of Sailors & Submarines in the Pacific tells the incredible story of America's little known "war within a war" -- US submarine warfare during World War II. Following the attack on Pearl Harbor, the US entered World War II in December 1941 with only 44 Naval submarines -- many of them dating from the 1920s. With the Pacific battleship fleet decimated after Pearl Harbor, it was up to the feisty and heroic sailors aboard the US submarines to stop the Japanese invasion across the Pacific. Including breakouts highlighting submarine life and unsung African-American and female war heroes, award-winning author Deborah Hopkinson uses first-person accounts, archival materials, official Naval documents, and photographs to bring the voices and exploits of these brave service members to life.

Titanic Calling Scholastic Inc.

This is one of the first and most famous books published after the sinking of the Titanic, and contains much material from contemporary newspaper accounts. It was written by Logan Howard-Smith (under the pen name of Logan Marshall), an editor who specialized in the rapid publication of books about current events. For this book, his crowning achievement, the initial print run was for no fewer than 110,000 copies. The publisher achieved this by running 11 presses simultaneously, and the books were then sold door-to-door across America for a dollar apiece. Although Marshall's own description of the sinking is melodramatic and sensationalistic, the many verbatim

interviews with survivors of the disaster have stood the test of time, and are often cited in Titanic literature.

How to Survive the Titanic Or The Sinking of J. Bruce Ismay Penguin Books have been written, films made, we have raised the Titanic and watched her go down again on numerous occasions, but out of the wreckage Frances Wilson spins a new epic: when the ship hit the iceberg on 14 April 1912 and a thousand men prepared to die, J Bruce Ismay, the ship's owner and inheritor of the White Star fortune, jumped into a lifeboat with the women and children and rowed away to safety. Accused of cowardice, Ismay became, according to one headline, 'The Most Talked-of Man in the World'. The first victim of a press hate campaign, his reputation never recovered and while other survivors were piecing together their accounts, Ismay never spoke of his beloved ship again. With the help of that great narrator of the sea, Joseph Conrad, whose Lord Jim so uncannily predicted Ismay's fate - and whose manuscript of the story of a man who impulsively betrays a code of honour and lives on under the strain of intolerable guilt went

down with the Titanic - Frances Wilson explores the reasons behind Ismay's jump, his desperate need to make sense of the horror of it all, and to find a way of living with lost honour. For those who survived the Titanic the world was never the same again. But as Wilson superbly demonstrates, we all have our own Titanics, and we all need to find ways of surviving them.
