Luke has often been understood to transmit a variety of Christological traditions without reflecting on them in relation to each other. In this study, Daniel Gustafsson challenges such positions and demonstrates that when the Gospel of Luke is approached as a narrative, a different picture emerges. Presentations of Jesus as "Messiah", "Son of God", "prophet", and "Son of Man" are shown to conform to Luke's overall plot and significantly overlap each other. The voices of characters with high authority, the use of Scripture, and Jesus's relationship to the Holy Spirit are examples of other factors that contribute to coherency in Luke's Christology.

An exploration of the fast food industry in the United States, from its roots to its long-term consequences.

The St. Martin's Guide to Writing Mark
Twain Media

Notable for its use of real document examples drawn from actual healthcare settings, in addition to its central section's extended focus on narrative medicine and new media writing, *Healthcare Writing: A Practical Guide to Professional Success* provides a wide-ranging, much-needed contemporary perspective on the modes and contexts of writing most pertinent to today's healthcare professionals. Aimed at students enrolled in university- or college-level healthcare programs, healthcare communication specialists, as well as at current clinical practitioners seeking a portable reference and guide, this book combines a detailed discussion of approaches to key healthcare document types—both professional and academic—with a thorough but

accessible overview of essential points of grammar, punctuation, and style.

Writing in Response Bloomsbury Publishing

This textbook provides instruction in college level rhetoric and writing. It offers readings, a research manual, a handbook and supports a range of approaches to teaching and learning, including collaboration, visual rhetoric, personal writing, writing about literature, writing in the community and the workplace, field research, portfolios, oral presentations, essay exams, and ESL. It contains step-by-step guides to writing specific kinds of essays -- remembering events, writing profiles, explaining a concept, finding common ground, arguing a position, proposing a solution, justifying an evaluation, speculating about causes, and interpreting stories. Because so much college writing requires strong argumentation skills, four of the assignment chapters focus on argumentative writing, and a separate strategies chapter covers theses, reasons and support, counterarguments, and logical fallacies. Three full chapters on research give students useful strategies not only for conducting field, library, and Internet research, but also for evaluating sources; deciding whether to quote, paraphrase, or summarize; avoiding plagiarism; and documenting sources. The authors have included 39 readings by well-known authors and various "fresh" voices, including 12 students, providing well-written examples of the different types of essays and papers that students might be asked to complete.

Most international students need to write essays and reports for exams and coursework. Yet writing good academic English is a demanding task. This new edition of Academic Writing has been fully revised to help students reach this goal. Clearly organised, the course explains the writing process from start to finish. Each stage is demonstrated and practised, from selecting suitable sources, reading, note-making and planning through to re-writing and proofreading. The book is divided into short sections which contain examples, explanations and exercises for use in the classroom or self-study. Cross-references allow easy access to relevant sections,

and a full answer key is included. The 3rd edition has been developed in response to suggestions from both students and teachers. Featuring a new website, there is increased coverage of plagiarism, argument, cause and effect, comparison, definitions and academic style. Different forms of writing, including reports and literature reviews, are also covered. All international students wanting to maximise their academic potential will find this easy-to-use, practical book a valuable guide to writing in English for their degree courses. You can follow Stephen's blog at the following address:

This 12-hour free course explored the features of good essay writing, including answering the question set and effective communication.

Writing for Biomedical Sciences Students Chemeketa Press

Oxford English for Academic Purposes offers a specialist course covering listening, speaking and reading in key areas of academic life such as lectures,

presentations and textbooks. The course is consistent with levels A2 to C1 of the Common European Frame of Reference for the teaching of foreign languages.

Healthcare Writing Corwin Press

This book will equip readers with all the skills needed to write convincing and polished assignments in biomedical sciences. The first part introduces the idea of writing for one's audience and enables readers to understand what's expected of them from different types of assignment. Part two provides detailed guidance on specific writing and presentation tasks, with individual chapters on essays, lab reports, reflective writing, posters and presentations. Parts three and four cover all of the key skills needed for successful writing in the biomedical sciences and help students develop a critical eye when selecting and researching information and create clear, well-structured assignments. Chapters contain top tips, examples and helpful summaries of key points, and three annotated sample assignments are provided in an appendix. This is an essential companion to any student studying biomedical science or related disciplines such as physiology, biomedical engineering, pharmacy, medicine and dentistry.

Essay Examples Macmillan

Following on from *Writers at Work: The Paragraph* and *Writers at Work: the Short Composition*, *Writers at Work: The Essay* will teach the basics of academic essay writing to intermediate-level students. In *Writers at Work: The Essay*, college and university students use the process approach to write different genres of essays common at the post-secondary level, the most important being expository writing, persuasive writing, and timed essay exams. Each chapter uses the same five-step approach to writing that is used in the two lower-level books. In each chapter, students analyze a model essay, noticing key organizational and linguistic features; brainstorm ideas; write multiple drafts; revise their work; engage in peer reviews; and share their finished work. Chapters recycle and build upon previously taught material.

Text Structures From the Masters Roy Johnson paints a rich portrait of Solovyov's encounters with Jews and Judaism and of the religious-philosophical ideas that he both brought to and derived from those encounters. The Burning Bush explains why Jews posthumously accorded Solovyov the accolade of a "righteous gentile," and why his ecumenical hopes and struggles to reconcile Judaism and Christianity and persuade secular authorities to respect conscience and religious freedom still bear prophetic vitality.

Use this flexible resource to strengthen your students' capability in each format and bolster their test-prep skills. Each lesson includes four prompts, a graphic organizer, suggested approaches, and a final-draft checklist. The lessons are correlated to state standards.

Essays as easy as T 1, 2, 3! Home School Edition University of Notre Dame Press

Middle school students typically face 8 Kinds of Writing assignments: Autobiographies Biographies Cause and effect Evaluation Information reports Observational writing Problem/solution writing, and Short stories.

Advanced Student Book (C1) Lulu.com

Vladimir Solovyov, one of nineteenth-century Russia's greatest Christian philosophers, was renowned as the leading defender of Jewish civil rights in tsarist Russia in the 1880s. The Burning Bush: Writings on Jews and Judaism presents an annotated translation of Solovyov's complete oeuvre on the Jewish question, elucidating his terminology and identifying his references to persons, places, and texts, especially from biblical and rabbinic writings. Many texts are provided in English translation by Gregory Yuri Glazov for the first time, including Solovyov's obituary for Joseph Rabinovitch, a pioneer of modern Messianic Judaism, and his letter in the London Times of 1890 advocating for greater Jewish civil rights in Russia, printed alongside a similar petition by Cardinal Manning. Glazov's introduction presents a summary of Solovyov's life, explains how the texts in this collection were chosen, and provides a survey of Russian Jewish history to help the reader understand the context and evaluate the significance of Solovyov's work. In his extensive commentary in Part II, which draws on key memoirs from family and friends, Glazov

Throughout the guide there are checklists and self-evaluation forms to help the reader chart their progress. A glossary is included to aid understanding of the topics covered, and directories of additional sources of information make it easy to find out more where necessary. This guide will be a useful resource for students coming to the UK to embark on either undergraduate or graduate study in any subject. SAGE Study Skills are essential study guides for students of all levels. From how to write great essays and

succeeding at university, to writing your undergraduate dissertation and doing postgraduate research, SAGE Study Skills help you get the best from your time at university. Visit the SAGE Study Skills hub for tips, resources and videos on study success!

The Publishers Weekly John Wiley & Sons The New York Times bestselling work of undercover reportage from our sharpest and most original social critic, with a new foreword by Matthew Desmond, author of *Evicted* Millions of Americans work full time, year round, for poverty-level wages. In 1998, Barbara Ehrenreich decided to join them. She was inspired in part by the rhetoric surrounding welfare reform, which promised that a job—any job—can be the ticket to a better life. But how does anyone survive, let alone prosper, on \$6 an hour? To find out, Ehrenreich left her home, took the cheapest lodgings she could find, and accepted whatever jobs she was offered. Moving from Florida to Maine to Minnesota, she worked as a waitress, a hotel maid, a cleaning woman, a nursing-home aide, and a Wal-Mart sales clerk. She lived in trailer parks and crumbling residential motels. Very quickly, she discovered that no job is truly "unskilled," that even the lowliest occupations require exhausting mental and muscular effort. She also learned that one job is not enough; you need at least two if you intend to live indoors. *Nickel and Dimed* reveals low-rent America in all its tenacity, anxiety, and surprising generosity—a land of Big Boxes, fast food, and a thousand desperate stratagems for survival. Read it for the smoldering clarity of Ehrenreich's perspective and for a rare view of how "prosperity" looks from the bottom. And now, in a new foreword, Matthew Desmond, author of *Evicted: Poverty and Profit in the American City*, explains why, twenty years on

in America, *Nickel and Dimed* is more relevant than ever.

Writing Essays World Heritage Publishers Ltd Voted America's Best-Loved Novel in PBS's *The Great American Read* Harper Lee's Pulitzer Prize-winning masterwork of honor and injustice in the deep South—and the heroism of one man in the face of blind and violent hatred One of the most cherished stories of all time, *To Kill a Mockingbird* has been translated into more than forty languages, sold more than forty million copies worldwide, served as the basis for an enormously popular motion picture, and was voted one of the best novels of the twentieth century by librarians across the country. A gripping, heart-wrenching, and wholly remarkable tale of coming-of-age in a South poisoned by virulent prejudice, it views a world of great beauty and savage inequities through the eyes of a young girl, as her father—a crusading local lawyer—risks everything to defend a black man unjustly accused of a terrible crime.

international audiences

Aspects of Coherency in Luke's Composite

Christology OUP Oxford

Alfred Russel Wallace (1823 - 1913) was one of the late nineteenth century's most potent intellectual forces. His link to Darwin as co-discoverer of the principle of natural selection alone would have secured him a place in history, but he went on to complete work entitling him to recognition as the 'father' of modern biogeographical studies, as a pioneer in the field of astrobiology, and as an important contributor to subjects as far-ranging as glaciology, land reform, anthropology and ethnography, and epidemiology. Beyond this, many are coming to regard Wallace as the pre-eminent field biologist, collector, and naturalist of tropical regions. Add to that the fact that he was a vocal supporter of spiritualism, socialism, and the rights of the ordinary person, and it quickly becomes apparent that Wallace was a man of extraordinary breadth of attention. Yet his work in many of these areas is still not well known, and still less recognized is his relevance to current day research almost 100 years after his death. This rich collection of writings by more than twenty historians and scientists reviews and reflects on the work that made Wallace a famous man in his own time, and a figure of extraordinary influence and continuing interest today.
