(abridged and revised) This reference grammar offers intermediate and advanced students a reasonably comprehensive guide to the morphology and syntax of educated speech and plain prose in Spain and Latin America at the end of the twentieth century. Spanish is the main, usually the sole official language of twenty-one countries, and it is set fair to overtake English by the year 2000 in numbers 2 of native speakers. This vast geographical and political diversity ensures that Spanish is a good deal less unified than French, German or even English, the latter more or less internationally standardized according to either American or British norms. Until the 1960s, the criteria of internationally correct Spanish were dictated by the Real Academia Espanola, but the prestige of this institution has now sunk so low that its most solemn decrees are hardly taken seriously - witness the fate of the spelling reforms listed in the *Nuevas normas de prosodia y ortografia*, which were supposed to come into force in all Spanish-speaking countries in 1959 and, nearly forty years later, are still selectively ignored by publishers and literate persons everywhere. The fact is that in Spanish 'correctness' is nowadays decided, as it is in all living languages, by the consensus of native speakers; but consensus about linguistic usage is obviously difficult to achieve between more than twenty independent, widely scattered and sometimes mutually hostile countries. Peninsular Spanish is itself in flux.

The book analyzes the place of religious difference in late modernity through a study of the role played by Jews and Muslims in the construction of contemporary Spanish national identity. The focus is on the transition from an exclusive, homogeneous sense of collective Self toward a more pluralistic, open and tolerant one in an European context. This process is approached from different dimensions. At the national level, it follows the changes in nationalist historiography, the education system and the public debates on national identity. At the international level, it tackles the problem from the perspective of Spanish foreign policy towards Israel and the Arab-Muslim states in a changing global context. From the social-communicational point of view, the emphasis is on the construction of the Self-Other dichotomy (with Jewish and Muslim others) as reflected in the three leading Spanish newspapers.

A Year of Devotions for Couples Resources for Biblical Living
Your life's calling is too important to let toxic people take it away. *When to Walk Away* draws from biblical and modern stories to equip you to handle toxic people and live true to your God-given purpose. As Christians, we often feel the guilt and responsibility of meeting the needs of unhealthy people in our lives. Whether a sibling, parent, spouse, coworker, or friend, toxic people frequently seek to frustrate our life's calling. While you're seeking first God's kingdom, they're seeking first to distract your focus and delay your work. Instead of attempting the impossible task of mollifying toxic people, it's time we dedicate our energy to a more worthwhile effort: completing the work God has given us by investing in reliable people. It's only when we learn to say no to bad patterns that we can say yes to the good work God has planned for us. Drawing from years serving as a pastor, Gary Thomas, bestselling author of *Sacred Marriage*, looks at biblical examples from the lives of Jesus, Paul, and Nehemiah to give you insightful, biblical takeaways that you can apply right away. You'll discover how to:

- Learn the difference between difficult people and toxic people
- Find refuge in God when you feel under attack
- Discern when to walk away from a toxic situation
- Keep a tender heart even in unhealthy relationships
- Grow your inner strength and invest in reliable people
- We can't let others steal our joy or our mission. It's time to strengthen our defense, learn to set healthy boundaries, and focus on our God-given purpose. It's time to know
- When to Walk Away.

Making Love for Life WaterBrook

Preached at Enfield, Connecticut on July 8, 1741, this is perhaps the greatest sermon ever preached in America—and is certainly among the most well known. Owing to its forthright dealing with God's wrath and His intense hatred of sin and the sinner, it is also one of the most controversial. Indeed, for more than three-quarters of the sermon Edwards lays down a relentless stream of the most vivid and horrifying descriptions of the danger facing unregenerate men. While it is difficult to read such graphic language, there is abundant hope in the sermon's conclusion.

Edwards puts it this way, "And now you have an extraordinary opportunity, a day wherein Christ has thrown the door of mercy wide open and stands calling and crying with a loud voice to poor sinners." While those who would rather ignore God's justice in favor of His mercy condemn Edwards and his sermon, those who were present and actually heard him preach that day reacted in a decidedly different manner. According to the diary of Reverend Stephen Williams who attended the sermon, "Before the sermon was done there was a great moaning and crying through the whole House, 'what shall I do to be saved; oh, I am going to hell, etc.'" The diary goes on to indicate that Edwards had to interrupt his sermon and come down to minister to those who were under such awful conviction. And so, in spite of what the scoffers might think or say, "the amazing and astonishing power of God" was manifested among the people that day—with many falling not into the hands of an angry God, but into the arms of a mighty Savior.
