Disk contains: OR Courseware to accompany text, featuring demonstration examples, interactive routines, and automatic routines.

### Monographic Series Penguin

"Nineteen Eighty-Four: A Novel", often published as "1984", is a dystopian social science fiction novel by English novelist George Orwell. It was published on 8 June 1949 by Secker & Warburg as Orwell's ninth and final book completed in his lifetime. Thematically, "Nineteen Eighty-Four" centres on the consequences of totalitarianism, mass surveillance, and repressive regimentation of persons and behaviours within society. Orwell, himself a democratic socialist, modelled the authoritarian government in the novel after Stalinist Russia. More broadly, the novel examines the role of truth and facts within politics and the ways in which they are manipulated. The story takes place in an imagined future, the year 1984, when much of the world has fallen victim to perpetual war, omnipresent government surveillance, historical negationism, and propaganda. Great Britain, known as Airstrip One, has become a province of a totalitarian superstate named Oceania that is ruled by the Party who employ the Thought Police to persecute individuality and independent thinking. Big Brother, the leader of the Party, enjoys an intense cult of personality despite the fact that he may not even exist. The protagonist, Winston Smith, is a diligent and skillful rank-and-file worker and Outer Party member who secretly hates the Party and dreams of rebellion. He enters into a forbidden relationship with a colleague, Julia, and starts to remember what life was like before the Party came to power.

African slavery was pervasive in Spain's Atlantic empire yet remained in the margins of the imperial economy until the end of the eighteenth century when the plantation revolution in the Caribbean colonies put the slave traffic and the plantation at the center of colonial exploitation and conflict. The international group of scholars brought together in this volume explain Spain's role as a colonial pioneer in the Atlantic world and its latecomer status as a slave-trading, plantation-based empire. These contributors map the broad contours and transformations of slave-trafficking, the plantation, and antislavery in the Hispanic Atlantic while also delving into specific topics that include: the institutional and economic foundations of colonial slavery; the law and religion; the influences of the Haitian Revolution and British abolitionism; antislavery and proslavery movements in Spain; race and citizenship; and the business of the illegal slave trade.

First multi-year cumulation covers six years: 1965-70.

### Nineteen Eighty-Four

Spanish business terminology requires more than ordinary everyday Spanish. There are differences between terms used in Spain and in Latin America. There are also differences between such countries as Argentina and Mexico. This volume provides the terms used throughout the Spanish-speaking world. All areas of business are covered, from accounting to taxes, and from banking to business legal terms. In the age of globalization and Internet communications, this dictionary is an indispensable tool for anyone doing business which involves documentation and correspondence in two of the world's major business languages, Spanish and English.

### Continue

This book presents a challenging view of the adoption and co-option of multiculturalism in Latin America from six scholars with extensive experience of grassroots movements and intellectual debates. It raises serious questions of theory, method, and interpretation for both social scientists and policymakers on the basis of cases in Mexico, Brazil, Argentina, Bolivia, and Ecuador. Multicultural policies have enabled people to recover the land of their ancestors, administer justice in accordance with their traditions, provide recognition as full citizens of the nation, and promote affirmative action to enable them to take the place in society which is theirs by right. The message of this book is that while the multicultural response has done much to raise the symbolic recognition of indigenous and Afro-descendant peoples nationally and internationally, its application calls for a profound reappraisal in spheres such as land, gender, institutional design, and equal opportunities. Written by scholars with long-term and in-depth engagement in Latin America, the chapters show that multicultural theories and policies, which assume racial and cultural boundaries to be clear-cut, overlook the pervasive reality of racial and cultural mixture and place excessive confidence in identity politics.

National Library of Medicine Catalog

La frontera entre los Estados Unidos y M é xico es una tierra de nadie. Las drogas, las armas, y los humanos son los cargamentos preferido en un imperio de multi-mil millones de d ó lares, dominado por carteles, bandas homicidas, y oficiales de gobierno corruptos. Contra ellos son los Agentes Especiales del Servicio Aduanero de los Estados Unidos—hombres y mujeres que pelean para mantener las leyes y proteger los EE UU en ambos lados de la frontera. Terry Kirkpatrick trabaj ó uno de los profesiones m á s dif í ciles en los Estados Unidos: un agente de la aduana de los Estados Unidos en la frontera entre Arizona y M é xico. Ha visto todo y ha hecho m á s por m á s de veinte a ñ os en un trabajo que muchos oficiales dejan andes de que han trabajado por seis meses. Estos son las historias descarnadas, gr á ficas, y verdaderas de Terry y sus compa ñ eros mientras patrullan las tierras malas de Am é rica moderno, donde las balas son la moneda y la sangre ha tomado por el pago. Desde las condiciones inhumanos que sufra la gente para llegar a los Estados Unidos, a trabajando con l í deres militares corruptos, a unos de los situaciones mas incre í bles que cualquiera ha sobrevivido, los lectores sentir á n el caos que ha envuelto la frontera del EE UU en las palabras de alguien que ha estado all á . Sesenta millas de frontera arroja luz en la vida de agentes de la aduana, sus transacciones en la frontera, el efecto en sus vidas diarias—y una vista despiadado a uno de los temas m á s debatido y controversial en los Estados Unidos hoy.
