"As novelist and poet Andrei Codrescu points out in the essay that accompanies this selection of photographs from the Getty Museum's collection, Evans's photographs are the work of an artist whose temperament was distinctly at odds with Beals's impassioned rhetoric. Evans's

photographs of Cuba were made by a young, still maturing artist who - as Codrescu argues - was just beginning to combine his early, formalist aesthetic with the social concerns that would figure prominently in his later work."--Jacket.

...a message to the Black Youth. This is a compilation of individual essays written during the summer-fall of 1992. The essays are designed to inspire thought within the Black Mind. These writings are primarily targeted toward the Black Youth of this day, of which I am a part of. I am not a Master of these teachings, but these teachings I wish to Master. They say that my generation is not intelligent enough to read a book. I say that They are wrong. It is just that They are not writing about anything of interest that is relevant to our lives! And when They do write something, they have to write in the perfect King's English to impress their Harvard Professors! Here we are with a book in one hand, and a dictionary in the other, trying to understand what in the hell the author is talking about! If you have got something to say, just say it! We are not impressed by your 27-letter words, or your Shakespearian style of writing. The Black Youth of today don't give a damn about Shakespeare!!! This ain't no damn poetry contest! Wear are dealing with the life, blood, and salvation of our entire Black Nation! If you want to reach the People, you have to embrace us where we are, and then take us where we need to go. So, these writings are from my generation and for my generation with respect and love. If no one will teach, love and guide us, then we will teach love and guide ourselves. Peace.

"Like Muir himself, *Essential Muir* packs an astounding range of experience into a lithe frame: ecstatic yet scientific descriptions of Yosemite; the heartrending tale of that "wee, hairy, sleekit beastie," Stickeen; reflections on the society of Eskimos; Muir's touching tribute, after a lifetime of wonder, to the mighty baobab trees of Africa; and more. Fred D. White's selection from Muir's writings, and his illuminating commentary, reveal the coherence and drama of a remarkable life: new readers will understand why Muir has become an American icon, and readers who are familiar with his work will be delighted with this fresh look. Muir's fierce love of all of nature, from squirrels to glaciers (but perhaps not sheep), continues to inspire us nearly a century after his death."--Book jacket.
