"You guys are the only people I order from and I appreciate all your help the last year, especially from Holden and Curtis. I went from a newbie last year with a 20 year old kart to now being able to hit podiums on the local levels on a newer and much more competitive CR125; you guys have been instrumental in helping me with my progression and journey.

The TM KZ10B engine has cases that are very durable. In fact, we personally couldn't place a replacement interval on this part for the TM. It is very infrequent that a TM engine needs a new set of cases, but for the point of this article, we will say the cases will last four racing seasons with normal wear.
