The TM KZ10B engine has cases that are very durable. In fact, we personally couldn't place a replacement interval on this part for the TM. It is very infrequent that a TM engine needs a new set of cases, but for the point of this article, we will say the cases will last four racing seasons with normal wear.

TM K9B 125cc — Italian Motors USA LLC

So we got the kart on time, completely put together, and ready for the track. This was completely unexpected, and a great surprise. Not to mention, Holden found a way to save me money (which in this sport, every dime saved is a bonus). So we got the kart, my kid slipped in the seat and he fit perfectly. Seat size and location was ideal.
