This platform was developed from the workbook: Train Your Brain: Your record of care with Transcranial Magnetic Stimulation (TMS). The original workbook was developed and is copywritten and has been adapted here for broader use to help patients and clinicians optimize TMS treatment. Our hope is to

share this online tool with other patients and clinicians. TMS is a recent neuromodulative tool for the treatment of psychiatric conditions.

The author, Dr. David Schechter, a former student of Dr. John Sarno, has developed a Workbook that instructs and guides the reader through a process of insight and awareness to harness the mindbody connection. This workbook was a key element in a published study that demonstrated the effectiveness of this approach (Alternative Therapies, 2007).

[DOC] Tms 2014 Workbook

The MindBody Workbook is the treatment program developed by TMS practioner Dr. David Schechter. It seeks to help patients overcome TMS by using the journaling technique. The workbook poses a series of different questions to help the reader gain insight and awareness into their subconscious. Each day the reader is asked to respond to 4-6 questions that explore past events, current stressors, and personality traits.
