Raj can't believe his luck when he gets selected for a summer internship in Switzerland. He had always dreamed of travelling, and this was his chance to explore the world. During this internship, he crosses paths with Sofia, a German student studying in Switzerland. Little did he know that this chance encounter will alter the course of his life forever. Raj finds himself falling in love with Sofia. But as their time together in Switzerland nears an end, Raj finds himself torn between the desire to confess his feelings to Sofia and the fear of losing her. Will Raj be able to tell Sofia how he feels? Will they be able to sustain a love spanning across cultural and geographical boundaries? The Promises We Made recounts the journey of two

---

people falling in love in the most unexpected of circumstances. But destiny had something else in store – a dark twist of events that leaves the reader lamenting the vagaries of fate.

Lesson Plan and Record Book Nova Science Publishers

A harmonious blend of the theoretical and practical aspects of educational psychology, this student-friendly text provides a base for the

understanding of the subject. The book discusses the various aspects of growth and development, specifically during childhood and adolescence, and accords due importance to the cognitive aspect of human behaviour with elaborate text on intelligence, creativity, thinking, reasoning and problem-solving. Besides maintaining a logical progression of topics, the author has interspersed the text with examples and illustrations to provide an in-depth analysis of the subject matter. The book is ideally suited for the B.Ed. and B.A. (Education) courses but can also be a valuable reference for teachers, teacher-trainees, and practising counsellors at various levels of school education. **KEY FEATURES** • Cogent and coherent style of writing • Assignment problems and sample tests at the end of various chapters • Wide range of examples and over 50 illustrations to support and explain the topics discussed A Glossary, with Some Pieces of Verse, of the Old Dialect of the English Colony in the Baronies of Forth and Bargy, County of Wexford, Ireland PHI Learning Pvt. Ltd. Written in an easy-to-understand style, this text provides a thorough coverage of the essential topics related to the teaching of social studies in secondary and elementary schools. Reflecting on the theoretical knowledge and practical skills required to teach social studies in an effective manner, the text first introduces its readers to the

various components, study material, scope and importance of social studies. It then teaches the formulation of instructional objectives in social studies, and brings out the principles of social studies curriculum as well as its relationship with other subjects of the school curriculum. The book focuses mainly on improving the methodological concepts of the social studies teacher, and in doing so, discusses various methods of teaching; evaluation and planning of lessons, units and courses; organization of social studies room and the equipment to be kept in it; utilization of community resources; and implementation of various co-curricular activities. It also examines certain innovative methods of teaching such as team-teaching, micro-teaching and individualized instruction. **KEY FEATURES** Incorporates chapter outline at the beginning and chapter summary at the end of each chapter to help readers review the important topics. Provides chapter-end questions for students to drill the topics discussed. Discusses various topics with the help of a number of figures and tables that facilitates easy-understanding of the concepts. This book is suitable for a course on Teaching of Social Studies for the students of B.Ed. and M.A. (Education). It can also be used for the in-service teacher education programmes organized by the Central and State education boards.

### TEACHING OF SOCIAL STUDIES

Pearson Education South Asia

This revised and expanded edition is a sequel to the first edition which was warmly received by the student and teaching community for its indepth analysis and refreshing approach to the subject. Psychology of Individual differences Transfer of Learning or Training Emotional Development and Emotional Intelligence Learning Disabilities and Learning Disabled Children Beginning with an introduction to the nature and scope, and the various schools of psychology, the book dis-cusses the systems propounded by Freud, Adler, Jung and Piaget, taking into account their critical importance to the subject. It then focuses on the psychology of growth and development, psychology of individual differences, motivation, attention and personality, with an emphasis on the individual's attitude towards learning, and the factors influencing learning. The text also elaborates the nature and theories of learning and the aspects of memory such as remembering and forgetting. The cognitive

aspect, i.e. intelligence, and vital topics like creativity and the psychology of thinking, reasoning and problem-solving have been accorded due promi-nence. A detailed discussion on exceptional children and learning disabled children together with the educational measures for overcoming such disabilities is also included. The text concludes with an important aspect of human behaviour, namely, adjustment. Interspersed with examples, illustrations and tables, this text is ideally suited for postgraduate students of education and psychology. It can also be profitably used by teachers, teacher-educators, guidance and counselling personnel, and administrators of educational institutions.
