India
South Asia is home
to a large number of

languages and dialects. Although linguists working on this region have made significant contributions to our understanding of language, society, and language in society on a global scale, there is as yet no recognized international forum for the exchange of ideas amongst linguists working on South Asia. The Annual Review of South Asian Languages and Linguistics is designed to be just that forum. It brings together empirical and theoretical research and serves as a testing ground for the articulation of new ideas and approaches which

may be grounded in a study of South Asian languages but which have universal applicability. Candi, Space and Landscape Disha Publications India has a long-standing tradition of dispute resolution through arbitration, with arbitral-type regulations going back to the eighteenth century. Today, amendments to the 1996 Indian Arbitration Act, a steady evolution of case law and new arbitral institutions position India ' s vibrant system once more at the forefront of international commercial dispute resolution. In this handbook, over

forty members of the international arbitration community in India and beyond offer authoritative perspectives and insights into topics on arbitration that matter in India. International arbitration practitioners, Indian practitioners, and scholars have combined efforts to produce a practical and informative guide on the subject. Among numerous notable features, the contributors provide detailed analysis and description of such aspects of arbitration as the following, with a focus on the Indian context: Indian application of the 1958 New York

Convention; law governing the merits of the dispute and awards; investor-state dispute settlement; drafting arbitration clauses for India-centric agreements; managing costs and time; rise of virtual arbitration and technology; effect of public policy in light of extensive Indian jurisprudence; and arbitration of claims relating to environmental damage. Practical features include checklists for drafting arbitration clauses and a comparative chart of major commercial arbitration rules applicable to India. Also included is a comparative analysis of arbitral regimes in

India, Singapore and England; chapters on the India Model Bilateral Investment Treaty and ISDS reforms; a special section on the enforcement of foreign awards; a section on the drafting of the award guided by leading arbitrators and stakeholders and a review of the new 2021 ICC Rules. For foreign counsel and arbitrators with arbitrations in India, this complete and up-to-date analysis provides guidelines for practitioners, corporate counsel, and judges on considerations to be borne in mind with respect to arbitration with an Indian nexus and whilst seeking

enforcement and execution of an arbitral award in India. It will prove an effective tool for students and others in understanding and navigating the particularities and peculiarities of India ' s system of domestic and international commercial arbitration.

This comparative study of the peoples of central Borneo offers an unusually detailed description of a pre-colonial society. Professor Rousseau analyses a region characterized by great ethnic diversity and unravels the relation between ethnicity, social organ

ization, language, and culture among its peoples. Geographical ly, central Borneo is divided into several river basins, each of which forms part of a different country. Because of this, the area has traditionall y been dealt with in a fragmented way by academics. Yet the records of

scholars, missionaries, and administrators that have been kept since the area came under colonial control at the beginning of the twentieth century provide ethnographic and historical data virtually unmatched in the rest of the insular South East Asia. Professor

Rousseau's extensive survey of the available literature and archival material, backed up by many years of fieldwork in the region, challenges some long-held views and assumptions. First he shows that, while ethnic identity is normally expected to act as a divider between social groups, this

area of great ethnic diversity actually forms a single society. Secondly, although it is thought that small-scale, stateless societies tend to show little evidence of social inequality, he demonstrates that the communities of central Borneo have until recently had a clearly

hierarchical structure. The uniquely detailed evidence presented in this study and its comparative approach shed an entirely new light not only on central Borneo, but also on the fundamental nature of societies. *The Pearson Guide to Logical Reasoning and Data Interpretation for the CAT 2/e* Notion

Can the Legend of the Black Tiger be the bond that brings them closer together, or will it be an impossible belief that rips them apart. The closer Sally comes to understanding what the legend means, the more frequent the nightmares become. Is she losing her sanity, or is there more to Sally than she herself knows? The answers lie buried in her

past. White Tiger New York is no place for a tiger - not for weretiger Sally Carter or for the white tiger she finds in a Harlem basement, guarding an enormous stash of heroin. Sally's daring rescue of the tiger attracts journalist Dave Gardner, who sniffs a story and a lead to a drug baron he's been trying to nail for years. Both

books are paranormal stories in a modern setting, moving from India to Hong Kong and Australia for Black Tiger, while White Tiger takes place in New York and North Carolina. Ranikhet Express is as young as first love, unaware smiling through the "woo-wooing" of the night train to the Pantnagar. Little aware of his destiny, Palash boards the train of his life and makes the way to Pantnagar in 2004 when his to-be "beloved" Jigna meets him at a place far from his

roots. The early morning arrives with a mist of uncertainty, though they get along more while still being so far, only to be supported by those who may never meet them again. The story moves on to friends, relatives and a few strangers and then makes Palash and Jigna play their life-changing game. Like a tree that has to let go of comfort,

Jigna and Palash embrace the unknown. They stand not only for each other but also for their love. Ranikhet Express is a love song, which also carries the pain and equal bounty of uncertainty. It will surely resonate with your own journey when Jigna comes to Palash for forever. *Publications in Archeology World*

Dread Talk examines the effects of Rastafarian language on Creole in other parts of the Carribean, its influence in Jamaican poetry, and its effects on standard Jamaican English.
This revised edition

includes a new introduction that outlines the changes that have occurred since the book first appeared and a new chapter, "Dread Talk in the Diaspora," that discusses Rastafarian as used in the urban centers of North America and Europe.
Pollard provides a wealth of

examples of Rastafarian language-use and definitions, explaining how the evolution of these forms derives from the philosophical position of the Rasta speakers:
"The socio-political image which the Rastaman has had of himself in a society where lightness of skin, economic status, and social

privileges have traditionally gone together must be included in any consideration of Rastafarian words " for the man making the words is a man looking up from under, a man pressed down economically and socially by the establishment." The Maloh of West Kalimantan Pa rtridgeIndia This title

THE MAD AD YEARS,
India's first advertising fiction, with top advertising agencies in India as the backdrop, brings into light and uncovers scandals and exploitation s in the real world of advertising through the eyes of the protagonist Prashant Gupta, who has worked

in some of the largest agencies in the country for nearly forty-five years. The story encircles his journey from being a 22-year-old simple graduate from a traditional joint family in Calcutta who in 1976 accidentally gets a job of a Management Trainee in India's most glamorous and second largest agency, to rubbing shoulders with business tycoons and famous industrialists, to witnessing dramatic and salacious incidents and being directly and indirectly involved in many instances that changed Indian advertising forever, and to becoming the owner of a hundred-crore agency, later in his life. Tangy, wild and bittersweet - THE MAD AD YEARS is not just a book but an irresistible concoction of ink on paper that makes you visualise the characters and incidents as if they are moving and happening right in front of you - it is a lot like the bizarrely beautiful coffee-
