broadly, we see the harm of our social divisions and the unyielding reality and impact of injustice and inequity. The gospels brim with stories of Jesus healing people, but what does that mean for us today? In *To Be Made Well*, author Amy Julia Becker weaves together her own story with reflections on biblical accounts of Jesus' healing work, providing fresh insight into both the nature of healing and the pathway to healing, then and now. This book is a powerful invitation to personal, spiritual, and social healing as we reconnect to our bodies and souls, to God, and to our communities. ? For anyone struggling with pain or loss, for anyone concerned about the things that divide us, this book goes beyond wellness and beyond miraculous physical transformations to explore how we can—personally and collectively—be made well.

Against a 1970s backdrop of rapid social and political change, Only the Strong portrays the challenges and rewards of love in a quintessential American community where heartbreak and violence are seldom far away. Moved by the death of Martin Luther King Jr., Lorenzo "Guts" Tolliver decides to abandon his career as a professional leg-breaker and pursue a life of quiet moments and generous helpings of banana pudding in the company of his new, sensuous lover. In Cold Blood Hyperion Seminar paper from the year 2019 in the subject English - Literature, Works, grade: 4.1, , language: English, abstract: In Harper Lee's "To Kill a Mockingbird", the theme of racism is highlighted in various interactions between the characters. The story is narrated through the eyes of the protagonist, Scout, who resides in a fictional town in Alabama named Maycomb with her father Atticus and brother Jem. In the novel, various aspects of the vice are depicted, mainly in the conflict between the whites and the African-American community. Most of the misunderstandings in the town are caused by stereotypes that are told by members of

opposing races. Thus, the narration details how prejudices and injustices along racial lines can impede social harmony. The discrimination against individuals based on their race was a common phenomenon in the 1930s. In history, people of color, particularly the blacks, were not accepted in white society. The white majority exercised supremacy over the black minority, and the latter was mainly involved in manual labor.
