CHAPTERS FOR A FATHERLESS

GENERATION With honest humor and raw self-revelation, bestselling author Donald Miller tells the story of growing up without a father and openly talks about the issues that befall the fatherless generation. Raw and candid, Miller moves from self-pity and brokenness to hope and strength, highlighting a path for millions

who are floundering in an age without positive male role models. Speaking to both men and women who grew up without a father—whether that father was physically absent or just emotionally aloof—this story of longing and ultimate hope will be a source of strength. Single moms and those whose spouses grew up in fatherless homes will find new understanding of those they love as they travel along this literary journey. This is a story of hope and promise. And if you let it, Donald Miller's journey will be an informal guide to pulling the rotted beams out from our foundations and replacing them with something upon which we can build our lives.

“I didn't come here to sell my soul. I came here to buy it back.” Once dubbed “The Deadliest Man Alive,” Jarrod Torrealday is

a former Olympic saber hopeful and medieval weapons expert banned from competition for killing another fencer in a duel. Despondent, volatile, alcoholic, yet still one of the greatest swordsmen alive, he now works for third-rate fantasy films as a technical consultant and stuntman. When Jarrod accepts the gig of a lifetime from a sorcerer looking for a hero, he finds himself facing an invading army in a world inhabited by creatures from Earth's mythical past. He soon learns that the enemy mastermind is also from Earth, and has laid the foundations for a new kind of war.

“ A poet celebrates the wonders of nature in a collection of essays that could almost serve as a coming-of-age memoir. ” —Kirkus Reviews As a child, Nezhukumathil called many places home: the grounds of a Kansas mental institution, where her Filipina mother was a doctor; the open skies and tall mountains of Arizona, where she hiked with her Indian father; and the chillier climes of western New York and Ohio. But no matter where she was transplanted—no matter how awkward the fit or forbidding the landscape—she was able to turn to

our world ' s fierce and funny creatures for guidance. “ What the peacock can do, ” she tells us, “ is remind you of a home you will run away from and run back to all your life. ” The axolotl teaches us to smile, even in the face of unkindness; the touch-me-not plant shows us how to shake off unwanted advances; the narwhal demonstrates how to survive in hostile environments. Even in the strange and the unlovely, Nezhukumatathil finds beauty and kinship. For it is this way with wonder: it requires that we are curious enough to look past the distractions in order to fully appreciate the world ' s gifts. Warm,

Arthur turned and strode toward us.

He was magnificent, and I will never forget that, in that moment, I first loved him. And I believe--had I known what the future held for us: all the trouble, torment, battle, and grief of our lives--I still believe that I would have yielded my heart into his keeping as I did then . . . In a sweeping epic of the imagination, Alice Borchardt enters the wondrous realm of Arthurian legend and makes it her own. The Dragon Queen is the first volume in a trilogy of novels that boldly re-imagines Camelot--and casts Guinevere as a shrewd, strong-willed, magical warrior queen. Born into a

world of terrible strife, where war is constant and weapons are never far from the hands of men or women, Guinevere, daughter of a mighty pagan queen, is a threat to her people and a prize to the dreaded sorcerer Merlin. Sent into hiding, she grows up under the protection of a shapeshifting man-wolf and an ornery Druid. But even on the remote coast of Scotland, where dragons feed and watch over her, she is not safe from the all-seeing High Druid Merlin. He knows the young beauty's destiny, and he will stop at nothing to prevent what has been foretold. For if Guinevere becomes Queen and Arthur, King, they will bring a peace to the land that will leave the power-hungry Merlin a shriveled

magician in a weary cloak. Yet Guinevere possesses power of her own--dazzling power to rival even that of Merlin. Summoned from her home by forces she cannot fathom, she travels from the Underworld to an Otherworld of the Past, at each step calling on ancient powers to aid her way. When young Guinevere proves her mettle to an embarrassed Merlin, even her faithful dragon protectors cannot prevent the evil that the sorcerer rains down. Seeking revenge, Merlin banishes Arthur to a world from which the only escape is death. Now Guinevere must face Merlin's wrath without him--and prove that she is worthy of being Arthur's Queen. From the glass-roofed Great Hall at Tintigal

to the lush garden forts of Wales, Alice Borchardt details the travels of Guinevere in a rich fabric of prose. The Dragon Queen is a novel of great emotional depth, timeless romance, and soul-stirring adventure.

Life, loves, disappointments and reflections. A personal collection of poems that takes me from when I was still a pre-teen, through all the angst of being a teenager, the expectations of early adulthood, the realisations of maturity - right up to (almost) present day. It is a glimpse of all the trials, tribulations and treasures I have experienced throughout my life. Some of my own making, some I have had no say

over at all, but all have affected me enough to want to put them down in writing. PS: If you're wondering about the title, well I guess you could call me a dragon lady. I collect dragons of all shapes and sizes with my current collection numbering over 100. I have a dragon tattoo (much to my husband's horror) and I like to believe that the majesty of dragons really does exist out there - just like the faeries at the bottom of my garden ;

Becoming a dragon is a dangerously subtle process. You make a long chain of bad choices. The chain gradually wraps around you. Layer by layer, it begins to take on the aspect of scales. One day you glance at yourself in the mirror and a monster is staring back at you. You aren't who you used to be. You aren't who you want to be. You're not who you were created and designed to be. Instead, you're a dragon. When Jim Burgen was nineteen years old, he realized how

easy it had been to become a dragon. He knew he didn't want to be one anymore . . . but how? No More Dragons is the story of our common, hopeful journey from dragonhood back to personhood. As Pastor Burgen narrates the remarkable process of reclaiming himself from himself, he implores modern churchgoers to shake off the trivialities of churchiness in favor of the substantive questions that make a spiritual transformation: “ Is Jesus the only one who can undragon people? ” “ Why don't I like most churches? ” “ Where is God in difficult times? ” “ How do you shed decades of gnarly scales? ” Some choices will lead you to a better life. Some will kill you. Some choices will add a new layer of

scales to your dragon, and some will slough them off. No More Dragons is about asking Christ to deliver you and learning how to obey him. This Vicious Grace Milkweed Editions With his smooth silver hide and oversized wings, young Thorn is a misfit among his dragon peers. Chased from the safety of the Dragon Lands by the bully Pardescotork, he goes to the rescue of a stuck unicorn and soon finds himself a guest - or should that be prisoner? - of the elves. Befriended by the persuasive Demonos, they flee the forest together and his new accomplice is soon encouraging Thorn to claim the homage he deserves; but does the tricky elf have an ulterior motive in leading the naive young dragon to the power store of the Ancients, the Heart of the Abyss? Thorn soon finds himself thrust into a series of

moral and physical dilemmas. With the fate of the whole land in his talons, and his old friend Kord mysteriously trying to kill him, the time has come to face some crucial decisions about just what sort of dragon he is! Packed with magic, humour and high adventure, this sequel to Thorn's first adventure is a thought-provoking quest novel that will thrill and delight children and adults alike. Paul Benthom, a forester by trade, was born in 1970 and quickly developed a love of cartoons, which he never outgrew. This, and a keen interest in science-fiction and fantasy books, fuelled his imagination along with his passion for writing. His other interests include hillwalking and sailing."

The acclaimed New York Times bestselling author of Dragon Keeper

returns with a second enthralling tale of dragons and humans, adventure and discovery, love and freedom Centuries had passed since dragons last roamed the war-torn world of the Rain Wild River. But as peace once again settled upon the land, a lost generation of sea serpents—ancient, half-starved, and weary—returned to cocoon, certain that they would be reborn as the beautiful and powerful dragons of legend. But their arduous journey exacted a heavy toll, and the proud serpents emerged as sickly, half-formed beasts, unable to fly or hunt . . . or thrive. For years now they have been trapped on a swampy riverbank between forest and river, hungry and barely alive, reliant on humans to provide for them. With their survival at stake, fifteen dragons—among them the wise golden Mercor, the haughty and dazzling silver-blue queen Sintara, and

the delicate copper beauty Relpda—have set off on a dangerous trek into the unknown, up the Rain Wild River, in hopes of rediscovering the ancient Elderling city of Kelsingra, the lost haven for dragons and Elderlings alike. The dragons are accompanied by a disparate group of human keepers, rejects from Rain Wild society. They, too, yearn to find Kelsingra and create a home of their own, one in which they may make their own rules and decide their own fate. But is Kelsingra real or merely a fragment of a glorified past buried deep in the dragons' shared memories? No map exists to guide them, and the noble creatures find their ancient recollections of little use in a land changed by generations of flooding and seismic chaos. As the dragons, the humans—including the strong and defiant Rain Wild girl Thymara; the wealthy dragon scholar and Trader's wife, Alise; and her companion, the urbane Sedric—and their magical supply barge, captained by the gruff Leftrin, forge their way ever deeper into uncharted wilderness, human and beast alike discover they are changing in mysterious and dangerous ways. While the bonds between them solidify, starvation, flashfloods, and predators will imperil them all. But dragons and humans soon learn that the most savage threats come from within their own company . . . and not all of them may survive. Returning to the territory of her beloved Liveship Traders and Tawny Man trilogies, New York Times bestselling author Robin Hobb creates a lush and ultimately triumphant tale set in an imaginative world of magic and wonder as compelling and emotionally resonant as our own.

Bruce Lee historian Paul Bax, knew Jesse Glover quite well due to their admiration for the late martial artist, Bruce Lee. In this all new book, which is a rewrite of his book, "Number One", Bax includes 19 chapters of pure Jesse Glover information including AOL chat messages, multiple

interviews, including one conducted with Bax that was never before published, three personal and hand written letters from Glover to his friend and fellow Bruce Lee student, James DeMile (a rare find and not to be missed) and a super rare article from Glover that he wrote for Bax's newsletter, "How Bruce Lee Influenced Me". All of this in addition to Jesse's daily words on The JKD Brotherhood forum from 2004 until his death in 2012. Also included are some rare pictures of Bruce and Jesse working out together in Seattle. A book that will truly become a collectors item in the world of Bruce Lee!
