If I start anything with a teacher and we're caught together, I might as well kiss my entire future goodbye, as well as my family's and especially Dr. Kavanagh's. Except sometimes love is worth risking everything. Or at least, it damn well better be, because I can only resist so much.-N. G. Review:

It is easy to feel the sexual tension and the eventual love these two have for one another but of course theirs is a forbidden love. As his teacher, Aspen should not be in a relationship with Noel and as the star football player, he would be thrown off the team if he was caught dating his teacher but they just can't seem to stay away from one another.

Their love was forbidden because she was a Professor and he was a student. Noel was the super jock and womanizing quarterback for his college football team but nobody knew the man behind that image until her. Aspen was the seemingly frigid child prodigy literature professor that no-one got until him.
