The Toastmaster Food Slicer is  
a solid, well-built machine  
that slices well. I didn't like  
the safety-feature built into  
the power switch, which  
requires constant use of one  
hand to keep the power on,  
leaving only your one other

hand to hold the food you're  
slicing, which is very  
inconvenient and could be a  
safety hazard; so the  
manufacturer's safety feature is  
somewhat self-defeating.
